Date

Independent Auditor's Report

To the Board of Commissioners
San Diego Housing Commission

Report on the Financial Statements

We have audited the accompanying financial statements of Adaptable Housing Development Project No. 12-HLCP-0004 (the "Project") owned by San Diego Housing Commission ("SDHC"), which comprise the statement of net position as of June 30, 2017, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the San Diego Housing Commission's Adaptable Housing Development Project No. 12-HLCP-0004 as of June 30, 2017, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 2, the financial statements referred to above present only the financial position and changes in financial position of the Project and do not purport to, and do not, present fairly, the financial position of SDHC as of June 30, 2017 and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information on pages 17 to 24 as required by the California Department of Housing and Community Development is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2017, on our consideration of SDHC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SDHC's internal control over financial reporting and compliance.

**Adaptable Housing Development
Project No. 12-HLCP-0004
A Project of San Diego Housing Commission**

**Notes to Financial Statements
June 30, 2017**

Note 1 - The financial reporting entity

The San Diego Housing Commission ("SDHC")'s Adaptable Housing Development Project consists of a 35-unit rental housing project (the "Project") located in San Diego, California. SDHC entered into a regulatory agreement and permanent loan agreement with the California Department of Housing and Community Development ("RHCP"). Under the terms of the agreements, SDHC is to submit to RHCP an annual budget of the operating revenues and operating expenses for the Project. In May 2013, SDHC and RHCP amended the original agreements and entered into a new regulatory and loan agreement under which the previous loan was refinanced and the new permanent loan was extended for a period of 55 years.

Note 2 - Significant accounting policies

Basic financial statements

The basic financial statements (i.e. the statement of net position, the statement of revenues, expenses and changes in net position and the statement of cash flows) report information on all of the activities of the Project. These basic financial statements are presented in accordance with the Governmental Accounting Standards Board standards. The accompanying financial statements are not intended to present fairly the financial position or changes in financial position and cash flows of SDHC in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Measurement focus, basis of accounting and financial statement presentation

The basic financial statements of the Project are prepared using the economic resource measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources and liabilities and deferred inflows of resources are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

The Project distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Project's ongoing operations. The principal operating revenue of the Project is rental income from the tenants of its housing units. Operating expenses for the Project include the cost of services and general and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the Project's policy to use restricted resources first, then unrestricted resources as needed.

Cash and cash equivalents

The Project cash and cash equivalents are maintained within the general operating bank account of SDHC. The ending balance of the operating account is allocated between several projects of SDHC based upon each projects relative cash activities. As of June 30, 2017, the reconciled balance of SDHC general cash account is \$16,987,264 of which \$50,393 belongs to the Project.

**Adaptable Housing Development
Project No. 12-HLCP-0004
A Project of San Diego Housing Commission**

**Notes to Financial Statements
June 30, 2017**

Restricted deposits and reserves

The Project restricted deposits and reserves represent deposits to lender required reserves for replacements, operating reserve and tenant security deposits. The Project's restricted deposits and reserves are invested along with other SDHC funds to maximize income consistent with safe and prudent investment practices within the guidelines of SDHC's investment policy.

In accordance with California state statute and the U.S. Department of Housing and Urban Development ("HUD") regulations, SDHC has authorized the Chief Financial Officer or designee to invest in obligations of the U.S. Treasury, U.S. Government agencies or other investments as outlined in SDHC's Investment Policy. An Investment Committee, consisting of two Commission Board members, monitors the management of funds and compliance with SDHC's Investment Policy. SDHC utilizes the services of an experienced financial advisor to aid in making investment decisions. Working with the Investment Committee and staff, the advisor provides guidance on creating a diversified portfolio and a secure investment mix. The advisor's ongoing role is to provide staff with sound investment opportunities that will maximize liquidity and yield without sacrificing principal value and safety of the investment securities.

All investments are stated at fair value, except for money market investments with remaining maturities less than one year when purchased, which are stated at amortized cost. Money market investments are short-term, highly-liquid debt securities, such as bankers' acceptances, commercial paper, repurchase agreements, negotiable certificates of deposit and U.S. Treasury obligations. Fair value is the value at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Detailed disclosures, including investment policies and associated risk policies, regarding the Project's cash and cash equivalents, restricted deposits and reserves, and investments are included in the notes to SDHC's basic financial statements.

Fair value

Authoritative guidance establishes hierarchy for ranking the quality and reliability of the information used to determine fair values, requiring that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

Level 1: Unadjusted quoted market prices for identical assets or liabilities in active markets.

Level 2: Unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

Level 3: Significant unobservable inputs for the asset or liability.

Resident accounts receivable

Resident accounts receivable are due from tenants and reported net of an allowance for doubtful accounts. Management's estimate of the allowance is based on historical collection experience and a review of the current status of the receivables. It is reasonably possible that management's estimate of the allowance will change. As of June 30, 2017, the allowance for doubtful accounts was \$485.

**Adaptable Housing Development
Project No. 12-HLCP-0004
A Project of San Diego Housing Commission**

**Notes to Financial Statements
June 30, 2017**

Capital assets

Capital assets are stated at cost. The capitalization threshold for all capital assets is \$5,000. Expenditures for repairs and maintenance are charged to operations as incurred while major renewals and betterments are capitalized. Depreciation is provided using the straight-line method over the estimated useful lives of the assets as follows:

Building and improvements	40 years
Furnishings and improvements	5 years

Impairment of capital assets

SDHC reviews the capital assets of the Project for impairment whenever events or changes in circumstances indicate that there has been a decline in service utility that is large in magnitude and outside of the normal life cycle of the capital asset being evaluated. As of June 30, 2017, there has been no impairment of the capital assets.

Rental income

Rental income is recognized as rents become due. Rental payments received in advance are deferred until earned. All leases between SDHC and the tenants of the Project are operating leases.

HUD public housing operating subsidy

Effective with the fiscal year ended June 30, 2017, the Project converted to Public Housing and will begin receiving an operating subsidy from HUD. During the year ended June 30, 2017, the Project received \$0 of operating subsidy income.

Net position

In the statement of net position, net assets are classified in the following categories:

Net Investment in Capital Assets - This amount consists of capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets.

Restricted - This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted - This amount is all net position that does not meet the definition of "net investment in capital assets" or "restricted net position."

Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting year. Actual results could differ from those estimates.

**Adaptable Housing Development
Project No. 12-HLCP-0004
A Project of San Diego Housing Commission**

**Notes to Financial Statements
June 30, 2017**

Note 3 - Restricted deposits and funded reserves

As of June 30, 2017, the restricted deposits and reserves consist of the following:

Tenant security deposits

The Project collects security deposits from tenants at the inception of the tenant lease. These deposits, which are reported in the basic financial statements as restricted cash, are refundable to the tenants to the extent there are no unpaid rents or damages to the housing unit. Tenant security deposits held as of June 30, 2017 amounted to \$13,200.

Replacement reserve

The Project shall establish and fund segregated replacement reserve account for the term of the regulatory agreement. The replacement reserve shall be funded in the initial amount of \$35,000 to provide for future major additions, repairs or replacements. The Project shall make annual deposits of \$21,000 per year. As of June 30, 2017 the replacement reserve balance is \$84,645. During the year ended June 30, 2017, the replacement reserve activity was as follows:

Balance as of June 30, 2016	\$	63,307
Deposits (\$600 x 35 units)		21,000
Interest earned		<u>338</u>
Balance as of June 30, 2017	\$	<u><u>84,645</u></u>

Operating reserve

The Project shall establish and fund a segregated operating reserve account pursuant the regulatory agreement. The operating reserve shall be funded by previous project cash flow and RHCP annuity payments. As of June 30, 2017, the operating reserve balance is \$77,815.

Other investments

The Project has other investments with a balance of \$163,867 as of June 30, 2017.

In accordance with SDHC's investment policy, the restricted deposits and reserves above are invested in the State's Local Agency Investment Fund, the San Diego County Investment Pool and other investments such as bonds, government agency securities and demand deposit accounts safe kept with commercial banking institutions. The detailed disclosures including investment policies and associated risk for each of these investments are included in the notes to SDHC's basic financial statements.

Note 4 - Mortgage payable

The mortgage payable to RHCP associated with acquisition of the Project is in the amount of \$1,404,849. Repayment of the interest and any outstanding principal balance is due in its entirety on the maturity date of May 10, 2068. The note bears interest of 3.00% and is payable in the annual amount of 0.42% of the outstanding principal balance. Interest expense was \$42,135 for the year ended June 30, 2017. As of June 30, 2017, outstanding principal and accrued interest is \$1,404,849 and \$149,858, respectively.

**Adaptable Housing Development
Project No. 12-HLCP-0004
A Project of San Diego Housing Commission**

**Notes to Financial Statements
June 30, 2017**

Note 5 - Management fee and sponsor overhead

The Project incurs a management fee and overhead costs from SDHC for central office services which includes, but is not limited to clerical and management overhead expenses, such as salaries and benefits, office supplies and equipment, data processing or computer services, postage, training and telephone services. This does not include the salary of the project manager whether onsite or offsite. During the year ended June 30, 2017, SDHC allocated to the project overhead expenses in the amount of \$30,080.

Note 6 - Concentration of credit risk

The Project maintains its cash and cash equivalents with various financial institutions. At times, these balances may exceed the federal insurance limits; however, the Project has not experienced any losses with respect to its bank balances in excess of government provided insurance. The Project Owner believes that no significant concentration of credit risks exists with respect to these cash balances at June 30, 2017.

Note 7 - Current vulnerability due to certain concentrations

The Project's principal assets consist of 35 units within various apartment projects. The Project's operations are concentrated in the multifamily real estate market. In addition, the Project operates in a heavily regulated environment. The operations of the Project are subject to the administrative directives, rules and regulations of governmental agencies, including, but not limited to HUD or RHCP. Such administrative directives, rules and regulations are subject to change by an act of Congress or an administrative change mandated by HUD or RHCP. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

Note 8 - Subsequent events

Events that occur after the date of the statement of net position but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the date of the statement of net position are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the date of the statement of net position require disclosure in the accompanying notes. Management evaluated the activity of the Project through September 26, 2017, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to financial statements.

Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners
San Diego Housing Commission

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of San Diego Housing Commission's ("SDHC's") Adaptable Housing Development Project No. 12-HLCP-0004 (the "Project"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Project's basic financial statements, and have issued our report thereon dated September 26, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered SDHC's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SDHC's internal control. Accordingly, we do not express an opinion on the effectiveness of SDHC's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of SDHC's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control, that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Project's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SDHC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
