Message from the President & CEO

Richard C. Gentry  
President & CEO

The opportunity for a brighter future has become a reality for scores of homeless individuals this summer in the City of San Diego.

The completion of two San Diego Housing Commission (SDHC) partnership developments has added 121 affordable rental housing units for homeless individuals, combined with the supportive services they need to begin to get back on their feet.

We've also celebrated the groundbreaking for two additional developments that will provide affordable rental apartments for homeless and low-income San Diegans.

I invite you to read more about these events and additional SDHC activities.
