

## SDHC Rental Assistance Participants Mandatory Water Conservation

The San Diego Housing Commission (SDHC) is joining the City of San Diego’s “San Diegans Waste No Water” campaign to reduce water use in the City of San Diego because of the severity of our statewide drought conditions.

SDHC is required to reduce water usage by 16 percent. This takes effect June 1, 2015, to comply with limits the State Water Resources Control Board has set for the City of San Diego, as a result of Governor Jerry Brown’s water conservation order on April 1, 2015.

This is California state law.

SDHC is looking at everything we can do to comply with the law.

As a major step, SDHC is “Going Gold” by eliminating irrigation of lawns at all of our properties, beginning immediately.

This goes above and beyond current restrictions which limit watering to two times a week.

As a tenant who receives a federal Section 8 Housing Choice Voucher from SDHC, we urge you to comply with this new state law by reducing water use in the City of San Diego.

### Water Conservation Tips:

- Shorter Showers.
- Don’t use the toilet as a “wastebasket.”
- Don’t let the water run while you are brushing your teeth.
- Run full loads in the dishwasher and washing machine.
- When you wash dishes by hand, avoid running the tap the entire time. Save water by filling your sink instead.
