SECTION I – INTRODUCTION

A. Message from the President & CEO

The Moving to Work (MTW) program fosters the San Diego Housing Commission’s (SDHC) innovative and entrepreneurial approach to impacting the lives of low-income and homeless San Diegans.

The extension of SDHC’s MTW agreement through 2028, which was approved by the U.S. Congress on December 18, 2015, ensures that the agency can continue to create innovative programs to assist vulnerable San Diegans, such as **HOUSING FIRST – SAN DIEGO**, SDHC’s three-year Homelessness Action Plan (2014-17).

One of the five key components of **HOUSING FIRST – SAN DIEGO** is the renovation of the historic Hotel Churchill, which celebrated its grand opening on September 19, 2016. More than \$9.2 million in MTW funds were invested by SDHC toward the rehabilitation of Hotel Churchill to create 72 affordable rental housing studios for homeless Veterans, transitional age youth, and adults exiting the corrections system.

In addition, SDHC launched its 1,000 Homeless Veterans Initiative on March 1, 2016 – building on our policy decision to leverage SDHC’s available resources to address homelessness through **HOUSING FIRST – SAN DIEGO**.

The initiative will invest close to \$12.5 million over two years in Federal, City of San Diego and SDHC resources to provide housing for Veterans who are living on the streets or living in shelters.

SDHC’s 1,000 Homeless Veterans Initiative has a collaborative landlord outreach program, “Housing Our Heroes,” which U.S. Department of Housing and Urban Development Secretary Julián Castro shined a spotlight on during a national conference call on Veteran homelessness that was held on October 20, 2016.

By the anniversary of our launch, March 1, 2017, we will have identified and/or placed 1,000 of our homeless Veterans in rental housing through SDHC’s 1,000 Homeless Veterans Initiative.

At SDHC, “We’re About People.”

Sincerely,

Richard C. Gentry
President & Chief Executive Officer
San Diego Housing Commission

B. Short-Term and Long-Term MTW Goals

The San Diego Housing Commission's (SDHC) MTW designation is essential to SDHC's mission of providing housing opportunities for homeless and low-income San Diegans.

It is critical to the implementation of SDHC's Four-year Strategic Plan (2016-2020), approved September 9, 2016, which builds upon the accomplishments of SDHC's 2014-16 Plan and also provides a framework to identify how SDHC can have the greatest possible impact with limited financial resources in the years ahead to impact affordable rental housing opportunities.

SDHC's Strategic Plan identified three major Goals, which include metrics to monitor progress:

1. Maximize resources through operational efficiencies and technological innovations
2. Increase the number of housing opportunities that serve low-income and homeless individuals and families in the city of San Diego
3. Advocate for more effective affordable housing policies and resources

This Strategic Plan ensures that SDHC operates efficiently; shares its voice through advocacy at the forefront of national, state, and local decision-making; and meets the needs of as many low-income and homeless families as possible.

In addition, the MTW designation has allowed SDHC to leverage its available resources to address homelessness through **HOUSING FIRST – SAN DIEGO**, its landmark three-year Homelessness Action Plan (2014-17), which was launched on November 12, 2014.

HOUSING FIRST – SAN DIEGO is rooted in the national "Housing First" model of addressing homelessness – to provide homeless individuals with housing as quickly as possible, with supportive services as needed.

SDHC has implemented MTW initiatives that are part of **HOUSING FIRST – SAN DIEGO**. Below is a list of our goals and accomplishments:

- **SDHC's 1,000 Homeless Veterans Initiative** – The newest **HOUSING FIRST – SAN DIEGO** initiative, which was launched on March 2016, will provide housing opportunities for up to 1,000 homeless veterans in the city of San Diego within one year (March 2017). The initiative will invest close to \$12.5 million over two years in Federal, City and SDHC resources to provide rental housing for up to a thousand Veterans who are living on the streets or living in shelters. The initiative has four program components: Landlord Outreach through "Housing Our Heroes," a partnership with the City of San Diego; Rapid-Re-housing Assistance; SDHC Federal Veterans Affairs Supportive Housing (VASH) Vouchers; and SDHC Federal Housing Vouchers with Supportive Services.
- **The Guardian Scholars Program** –The Guardian Scholars Program is a first-of-its-kind partnership in the nation between a public housing agency, SDHC, and a four-year university, San Diego State University (SDSU). This program is providing rental assistance for up to 100 SDSU students who have been homeless or at risk of homelessness. The program began in August 2016 for the start of the fall semester and during Fiscal Year 2017 (July 1, 2016 – June 30, 2017).
- **The Monarch School Project** – SDHC is providing rental housing vouchers for up to 25 families who have at least one child enrolled at The Monarch School. The Monarch School is one of the few schools in the nation specifically serving homeless children. Parents will also participate in the SDHC Achievement Academy, an MTW initiative, which is a state-of-the-art learning and resource center and computer lab that provides programs that emphasize career planning, job skills and personal financial education. These programs are provide at no cost to Federal Section 8 Housing Choice Voucher recipients. The three-year pilot program began in June 2016.

SDHC's MTW status is key to the continued and long-term success of **HOUSING FIRST – SAN DIEGO**, which was originally launched as a five-point action plan:

1) Award Development Funds up to \$30 million over three years (2014-17) to create permanent supportive housing that will remain affordable for 55 years.

Accomplishments:

SDHC awarded \$12 million to build four permanent supportive housing rental developments for homeless San Diegans. These four developments provide a total of 167 rental housing units for homeless Veterans, families, seniors and individuals:

- **Cypress Apartments** – SDHC awarded \$3,450,000 in development funds toward the \$20,420,000 development, which will provide 62 permanent supportive housing units for homeless individuals in Downtown San Diego.
- **Talmadge Gateway** – SDHC awarded \$4,800,000 in development funds toward the \$19,721,488 development, which will provide 59 permanent supportive housing units for homeless seniors in the City Heights neighborhood of the City of San Diego.
- **The Nook East Village** – SDHC awarded \$750,000 in development funds toward the \$13,710,406 development, which will provide 91 affordable rental housing units, including eight affordable rental housing units for homeless Veterans and 83 units for low-income individuals.
- **Vista del Puente** – SDHC is investing a \$3,000,000 residual receipts loan toward the \$20,752,293 development, which will provide 52 affordable rental housing units, including 38 affordable rental housing units for homeless San Diegans.

2) Commits up to 1,500 Federal rental housing vouchers to provide permanent supportive housing for homeless individuals and families.

Accomplishments:

SDHC has awarded 925 Federal rental housing vouchers to affordable housing developments and programs:

- **Cypress Apartments** (Expected Completion: Spring 2017) – 62 Federal rental housing vouchers
Annual value of \$612,312, based on the monthly cost of the voucher, \$823
- **Talmadge Gateway** (Expected Completion: Spring 2017) – 59 Federal rental housing vouchers
Annual value of \$582,684, based on the monthly cost of the voucher, \$823
- **Hotel Churchill** (Grand Opening: September 19, 2016) – 72 Federal rental housing vouchers
Annual value of \$813,888, based on the monthly cost of the voucher, \$942
- **Village North Senior Garden Apartments** (SDHC purchase: May 1, 2015) – 44 Federal rental housing vouchers
Annual value of \$237,024, based on the monthly cost of the voucher, \$823
- **New Palace Hotel** (Expected Completion: July 2018)– 79 Federal rental housing vouchers
Annual value of \$780,204, based on the monthly cost of the voucher, \$823
- **Alpha Square** (Grand Opening: November 18, 2015) – 135 Federal rental housing vouchers
Annual value of \$1,417,512, based on the monthly cost of \$823 for 76 vouchers and \$942 for 59 vouchers
- **Atmosphere** (Expected Completion: Spring 2017) – 51 Federal rental housing vouchers
Annual value of \$503,676, based on the monthly cost of the voucher, \$823
- **Celadon at Ninth and Broadway** (Grand Opening: May 1, 2015) – 76 Federal rental housing vouchers
Annual value of \$750,576, based on the monthly cost of the voucher, \$823
- **Vista del Puente** (Expected Completion: December 2018) – 38 Federal rental housing vouchers
Annual Value of \$375,288, based on the monthly cost of the voucher, \$823

- **The Nook East Village** (Expected Completion: December 2018) – 8 VASH vouchers
Annual Value of \$71,616, based on the monthly cost of the voucher, \$746

Programs:

HUD VASH Vouchers – 222 for chronically homeless Veterans to obtain housing and supportive services. Annual Value of \$1,987,344, based on the monthly cost of the voucher, \$746.

Federal Sponsor-Based Housing Vouchers – 79 committed to nonprofit organizations, or “sponsors,” that provide supportive services to homeless San Diegans, such as Connections Housing Downtown and St. Vincent de Paul Village. Annual Value of \$893,016, based on the monthly cost of the voucher, \$942.

3) Renovate Hotel Churchill

Accomplishments:

The renovation of the historic Hotel Churchill created 72 affordable rental studios for homeless individuals.

SDHC, working with its nonprofit affiliate, Housing Development Partners (HDP), began the \$20.6 million renovation on May 11, 2015, and celebrated Hotel Churchill’s grand reopening on September 19, 2016.

SDHC invested more than \$9.2 million in MTW funds toward the rehabilitation of the building, which was built in 1914.

In addition, SDHC provided 72 Federal Sponsor-Based Housing Vouchers directly to the sponsor, HDP, for rental assistance for Hotel Churchill residents, which include 56 homeless Veterans, 8 adults exiting the corrections system, and 8 transitional age youth.

The U.S. Department of Veterans Affairs (VA) provides supportive services for residents living in the 56 housing units set aside for homeless Veterans. This is the first time in San Diego County that the VA San Diego Healthcare System has dedicated a full-time clinical social worker to operate outside of their main office to provide supportive services.

4) Invest MTW Federal Funds to Acquire Property

Accomplishments:

SDHC utilized the flexibility from its status as a Moving to Work (MTW) agency to invest more than \$24 million to create affordable rental housing for homeless San Diegans.

SDHC invested \$9.2 million in Federal MTW funds toward the renovation of Hotel Churchill.

In addition, on May 1, 2015, SDHC invested \$15 million in Federal MTW funds to purchase Village North Senior Garden Apartments (Village North).

SDHC set aside 44 of Village North’s 120 apartments, or 36 percent, for homeless seniors, and committed 44 Project-Based Housing Vouchers to provide rental assistance for residents of these units.

Because of SDHC’s acquisition, for 55 years, all 120 rental units at Village North will remain affordable to low-income seniors (ages 55 and above) with income at or below 80 percent of the San Diego Area AMI, currently \$47,600 for an individual.

5) Dedicate SDHC-Owned Units

Accomplishments:

SDHC is one of the first public housing agencies in the nation to commit affordable rental housing that it owns for homeless San Diegans. SDHC set aside 25 of its own affordable rental units year-round to provide furnished apartments for homeless individuals and families.

This is a rapid re-housing component of **HOUSING FIRST – SAN DIEGO**. Rapid re-housing assists individuals and families who become homeless because of a recent, unexpected life experience, such as a job loss, domestic violence or a medical crisis.

Since January 1, 2015, the program has assisted 35 families, or 137 people, including 88 children. Fifteen families have become financially self-reliant and were able to move into permanent housing.

The apartments have basic furnishings, such as beds, a couch, dining table and chairs.

When individuals and families become financially self-reliant, the furniture is gifted to them, providing a foundation to help them succeed in their permanent housing.

If Local, Non-Traditional Housing Program, please describe:

Sponsor-Based Subsidy Program for the Homeless: SDHC provides subsidies (calculated using the standard HCV calculation with certain MTW flexibilities applied) to partnering agencies providing supportive services and case management to homeless persons.

Transitional Project-Based Subsidy Program for the Homeless: SDHC provides flat subsidies to partnering agencies providing supportive services and case management to homeless persons. A unit must be occupied at least 25 days of a given month to receive a subsidy.

The Monarch School Project: SDHC provides rental assistance subsidies to homeless families with children attending Monarch School. Monarch School and SDHC's Achievement Academy provide supportive services to parents in an effort to assist the family to achieving economic self-sufficiency.

The Guardian Scholars Program: SDHC provides rental assistance in the form of an annual grant to San Diego State University (SDSU). The MTW grant subsidizes the housing portion of the student's housing expense while attending SDSU. The population served is homeless young adults such as former foster care youth and wards of the court.

The Moving On Program: SDHC provides rental assistance subsidies to formerly homeless individuals or families exiting permanent supportive housing no longer requiring intensive case management and services to sustain housing stability.

If Other Wait List Type, please describe:

Partnering agencies administering the Sponsor-Based Subsidy Program for the Homeless (a Tenant-Based Local, Non-Traditional MTW Housing Assistance Program) utilizes the VI-SPDAT to provide referrals in lieu of a traditional waitlist.

Partnering agencies administering the Transitional Project-Based Subsidy Program for the Homeless (a Tenant-Based Local, Non-Traditional MTW Housing Assistance Program) utilizes the VI-SPDAT to provide referrals in lieu of a traditional waitlist.

Monarch School staff use an interest list to select applicants for the Monarch School Project. Applicants proceed through an intense evaluation process conducted by a committee to ensure viable candidates are selected to proceed through the eligibility process.

SDSU uses an existing application process to determine if students are eligible for the Guardian Scholars Program. All eligible applicants receive housing subsidy which is calculated according to need.

SDHC uses a hybrid referral/waiting list system to determine if potential applicants are appropriate for the Moving on Program. The applicant is first assessed by a partnering social services manager, using an Assessment Tool, to determine if the applicant is appropriate for the Moving On Program. Approved applicants are referred and placed on a waiting list administered by SDHC.

If there are any changes to the organizational structure of the wait list or policy changes regarding the wait list, provide a narrative detailing these

SECTION III - PROPOSED MTW ACTIVITIES: HUD APPROVAL REQUESTED

2018-1. MOVING HOME: A RAPID REHOUSING PROGRAM

Activity Description: SDHC requests HUD's permission to create Moving Home, a local rapid rehousing program, utilizing MTW funds to provide housing subsidies to homeless individuals and households while supportive services are rendered. The program will also provide short-term transitional subsidies for individuals transitioning from other federally funded rapid re-housing programs to ensure stability during the transition. Modeled after a traditional rapid rehousing program, San Diego's local program will assist homeless individuals and families with a mechanism to obtain an appropriate housing solution. Moving Home will be implemented as a three year pilot program which will provide services such as housing relocation support, stabilization services, and transitional rental assistance to individuals and households residing on the street, in an emergency shelter, or exiting another rapid rehousing program.

SDHC seeks to use broader uses of funding authority to provide the financial support for subsidy and program related expenses. On an annual basis, SDHC anticipates providing \$1.7 million of MTW funds to financially support the components of the Moving Home program, consisting of rental assistance, support services, and administration. Through the Moving Home program, SDHC anticipates providing housing to 120 households annually. The number served may increase if the local program is determined successful.

The Moving Home program also ensures an array of resources are available to homeless individuals and households to stabilize and maintain housing while working towards financial independence. Using local funds, SDHC staff will provide support services such as:

- Housing search
- Tenant counseling
- Build basic tenancy skills, including understanding lease requirements, and helping arrange utilities
- Making moving arrangements, including providing financial assistance for moving costs and move-in kits
- Mediation with property owners and landlords
- Developing, securing and coordinating services
- Providing information and referrals to other providers
- Developing an individualized housing and service plan, including planning a path to permanent housing stability
- Access to SDHC's Achievement Academy services

The housing subsidy combined with supportive services ensures program participants have adequate time to stabilize and achieve self-sufficiency. By assisting homeless individuals and households to rapidly return to stable housing, Moving Home will reduce the length of time San Diegans remain in homeless shelters. This will increase the availability of beds for other homeless persons requiring immediate shelter, while also reducing the public and personal costs of homelessness.

Program Duration and Subsidy Calculation Methodology: The Moving Home program will be a two year program with the option of a one year extension, granted as a safety net for participants requiring additional time to stabilize. The initial subsidy will be determined at program entry, re-determined within the first 90 days, and then recertified annually until the conclusion of program participation. Subsidies will not exceed SDHC's published payments standards.

The minimum rent at program entry will be \$0. Income will be verified using a verification of income form and will require third-party documentation as part of the verification process. The methodology for subsidy determination is based on proven best practices among nationwide rapid rehousing programs and allows households stability as they strive to increase earned income amounts. The subsidy determination will consider

local factors such as the cost of housing in San Diego as well as standards utilized by similar programs currently operating in the community.

Administration: SDHC will maintain the administrative functions for determining initial and on-going programmatic eligibility. SDHC will document the participant's income levels upon admission into the program and certify income levels and household circumstances either annually using a streamlined process.

For purposes of initial eligibility, criminal history will not be reviewed with the exception of sex offender status. Federal and/or state registration as a sex offender will preclude individuals from participating in the program.

Participants will be required to apply to the HCV tenant-based waitlist upon program admission. Participants will not automatically become eligible for a tenant-based voucher upon termination of program participation and must proceed through the waitlist process to obtain a tenant-based voucher.

SDHC will also provide the supportive services as described in the preceding paragraph. Participant data will be stored in SDHC's housing management software and the local Housing Management Information Systems (HMIS) to ensure both outputs and outcomes are captured accurately.

HQS Inspections: Inspections will be conducted at program admission and annually thereafter. Initial inspections will be conducted if the family moves to another unit. All SDHC HQS guidelines apply to the program.

Waitlist: San Diego's Coordinated Entry System (CES) will be utilized in lieu of a waitlist. SDHC's Moving Home program will serve homeless individuals and families who have been evaluated by the CES standardized vulnerability assessment tool as best served by the rapid rehousing model. Program admissions will be prioritized according to local standards (utilizing the current Community Prioritization for Homelessness), level of acuity, and overall vulnerability determined via the assessment tool. Once SDHC's Moving Home program reaches capacity and no longer requires CAHP referrals, other local resources offering a similar rapid rehousing program will absorb the households into the program.

Statutory Objectives: The activity will achieve the statutory objective of increasing housing choice to low-income families since the activity results in additional housing resources within the City of San Diego.

Anticipated Impacts: The anticipated impact of the initiative will be creating another mechanism to serve homeless residents of San Diego with a local approach. Under the initiative, an increased number of housing resources will be available to end homelessness. Additionally, SDHC expects to reduce the recidivism of program participants by helping participants to obtain employment and increase income amounts to achieve financial stability.

Anticipated Timeline to Achieve Objectives: SDHC will implement the program effective July 1, 2017 and expects to achieve all benchmarks at the conclusion of the three year pilot era.

Activity Metrics Information:

Need/Justification for MTW Flexibility: Broader Uses of Funds Authority amendment. SDHC will adhere to all requirements set forth in PIH Notice 2011-45.

Broader Uses of Funds Authority enables SDHC to create a local, non-traditional tenant-based rental assistance program.

2010-4. CHOICE COMMUNITIES (RE-PROPOSED)

Activity Description: The Choice Communities initiative contains strategies and incentives enabling households to relocate from high- and medium-poverty neighborhoods to low-poverty neighborhoods in the City of San Diego. The goal of Choice Communities is to provide and enhance opportunities for low-income households to live in, and benefit from, areas of opportunity otherwise inaccessible for a majority of rental assistance participants. Currently, nine zip codes are defined as areas of opportunity, locally known as Choice Communities. In light of the publication of FR-5855-F-03 in the Federal Register, HUD’s final rule establishing the utilization of Small Area Fair Market Rents (SAFMRs) in certain selected PHA jurisdictions, SDHC is proposing to modify the initiative to incorporate strategies for improving opportunities for our families.

In 2016, HUD published the Final Rule to formally establish SAFMRs in an effort to more effectively deconcentrate poverty among Housing Choice Voucher (HCV) participants by providing increased levels of rental assistance for units with higher market rents. The higher contracts rents indicate areas of opportunity based on HUD's research, which can be characterized at the zip code level. The fair market rents established at the zip code level result in increased payment standards for the opportunity areas. Through this methodology, HCV participants are incentivized to relocate to low-poverty areas due to increased affordability, resulting in decreased concentrations of poverty and positive outcomes for HCV households.

Unfortunately in the City of San Diego, the rental unit vacancy rates have sustained a level of less than two percent in recent years while contract rents have increased by up to seven percent. As a result, more than 55 percent of renters in San Diego are considered cost burdened due to the increasing market rents. HCV program participants are equally impacted by this predicament, which also increases the difficulty of voucher utilization. To combat the realities of the San Diego rental market, SDHC is proposing a more robust Choice Communities program using HUD's SAFMRs as the foundation for the solution while enacting MTW flexibilities to customize a local approach.

SDHC wants to build on the success of the Choice Communities initiative which has shown the following positive results since implementation:

- Over 320 moves in low-poverty areas from high- and medium-poverty areas
- Issuance of more than 260 security deposit loans issued, totaling over \$336,000
- More than 1,500 households received mobility counseling services
- Around 800 households reside in low-poverty areas, an increase of almost 150 percent over baseline levels

Given the success of the Choice Communities activity to-date, SDHC is confident this revised approach will maintain and increase current results to ensure more positive outcomes for HCV participants.

Local Moving to Opportunity Program

Under the current HUD-approved initiative, SDHC developed a local *Moving to Opportunity* program to provide resources, information, and guidance to participants expressing an interest in moving to designated low-poverty neighborhoods in San Diego. Resources will include assisting the household with locating potential property owners, quality schools, and neighborhood amenities or referrals to other agencies to ensure the household transitions successfully into the new neighborhood.

SDHC intends to further increase outreach efforts to property owners in the community currently not participating in the Housing Choice Voucher program. SDHC will continue to publicize the Choice Communities program and utilize a resource packet for households interested in relocating to low-poverty areas. If additional owner recruitment is determined necessary, SDHC will utilize single fund flexibility to subsidize an incentive program to encourage property owner participation.

Create a Security Deposit Loan Fund for Families Moving to Choice Communities

For families moving into the designated Choice Communities zip codes, SDHC will provide assistance with security deposits. The assistance will be in the form of a no-interest loan with low monthly repayments.

Utilize Local FMRs to Create Payment Standards

For implementation of the re-proposed initiative, SDHC intends to utilize the Small Area Fair Market Rents (SAFMRs) as published on August 26, 2016 in the Federal Register (FR-5962-N-01) to redefine high-, medium-, and low-poverty (Choice Communities) areas.

SDHC is also procuring an independent study to identify and analyze the local market conditions and indicators of 'opportunity factors' for an analysis. SDHC may consider utilizing either the results of an independent market study procured by SDHC or future HUD SAFMRs to re-determine Choice Communities

SECTION III – PROPOSED ACTIVITIES

areas and other high- and medium-poverty areas in SDHC’s jurisdiction. Analysis will be conducted to determine which resource most accurately reflects the local rental market conditions of San Diego. If the independent study is considered more reflective of local market conditions and ‘opportunity factors’, SDHC may utilize MTW flexibility to determine local Fair Market Rents.

SDHC intends to retain the current HUD-approved MTW flexibility when determining the resulting payment standards which may support decreases to less than 90 percent and/or increases to more than 120 percent of the SAFMRs.

Statutory Objectives: The activity will achieve the statutory objective of increasing housing choice for low-income families.

Anticipated Impacts: The anticipated impact of the Choice Communities initiative will be creating opportunities for more participants to move into low-poverty areas, thereby increasing housing choices for low-income families.

MTW flexibility allows staff savings from other initiatives, enabling SDHC to devote one full-time equivalent to administer the mobility counseling component of the Choice Communities program. Additionally, the ability to set payment standards below 90 percent and above 120 percent of the FMRs without requiring HUD approval increases the likelihood participants will relocate to designated low-poverty areas.

Anticipated Timeline to Achieve Objectives: SDHC will implement the revised payment standard structures upon receipt of implementation guidance from HUD for the SAFMR model. Households receiving an increase in payment standards will have the new payment standard applied at the earlier of a move or the full reexamination of income and household circumstances. Household receiving a decrease in payment standards will have the new payment standard applied at either a move or at the next full reexamination of income and household circumstances following a one year notice, if opting to remain in place. All other components of the Choice Communities program will continue as already implemented.

Activity Metrics Information:

Choice Communities (Re-Proposed to Include Local Fair Market Rents)						
Unit of Measurement	Baseline		Benchmark		Outcome	Benchmark Achieved?
	#	%	#	%

<i>HC #7: Households Assisted by Services that Increase Housing Choice</i> Number of households receiving services aimed to increase housing choice (increase).	0		2,000			

Projected Outcomes:

- HC #5: Households will benefit from the mobility strategies employed under Choice Communities to relocate from high- and medium-poverty areas into areas of opportunity.
- HC #7: Households will receive mobility counseling and information to ensure the household is able to render a well informed decision regarding areas to live.

Description of Data Source for Metrics: Reports will be created in the housing management software to retrieve data related to the metrics and imported into an Excel spreadsheet for further analysis. Data will be analyzed on an annual basis and summarized in dashboard format.

SECTION III – PROPOSED ACTIVITIES

Need/Justification for MTW Flexibility: MTW Agreement Attachment C, Section D(2)(a) containing waivers of Sections 8(o)(1), 8(o)(2), 8(o)(3), 8(o)(10) and 8(o)(13)(H)-(I) of the 1937 Act and 24 CFR 982.508, 982.503 and 982.518.

The waivers enacted enable SDHC to create a robust Moving to Opportunity program by designating low-poverty areas in San Diego and applying payment standards reflective of average market rents.

<p>2010-7. Adopt a local interim certification policy</p>	<p>The local interim policy applies to non-elderly/non-disabled households and limits the number of interim adjustments to income to once in a 12 month timeframe. Additionally, decrease of income interims will be granted only if the loss of income is through no fault of the family, the decreased income results in a decrease to the rent portion greater than 20 percent, the decrease is not due to a sanction on public assistance income, and the family provides verification of eligibility or ineligibility for unemployment benefits if the reduced income is due to loss of employment. Update: The policy applies to work-able families as defined under Path to Success. The activity utilizes the authority to implement an interim certification protocol differing from current mandates, thus allowing for locally driven policies concerning income change interims for families categorized as "Work-Able". Re-proposed in the Fiscal Year 2012 Plan Amendment to adopt a policies stating an interim adjustment of income will not be processed unless the change to the rent portion is greater than 20% and the loss of income must not occur through fault of the family.</p>	<p>2010</p>	<p>July 1, 2011</p>	<p>Effective July 1, 2018, SDHC is eliminating the "No Fault Of Your Own" policy as a reason to deny an interim request for a decrease in the rent portion. <p>2010-9. Authorizations waived allow SDHC to project-base 100 percent of the units in a development; create project-specific waitlists; require the provision of supportive services in a development; utilize creative measures to allocate PBV in vacant and foreclosed properties; and designate greater than 20 percent of SDHC's allocation to PBV. Re-proposed in the Fiscal Year 2015 Plan to adopt additional flexibilities to require residents to participate in supportive services as a condition of tenancy; allow project-specific waiting lists maintained by the owners or non-profit providers; approve exception payment standards exceeding 110 percent of the FMR without requiring HUD approval; and increase the number of designated PBV units in a contract after the first three years of the contract have elapsed.</p>	<p>2010</p>	<p>September 1, 2009</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>

Broader Uses of Funds for IDAs	SDHC received permission to utilize MTW broader use of funds authority to subsidize IDAs not authorized by federal regulations.	2011	July 1, 2010	June 30, 2011	The activity is a Section 8 activity not requiring regulatory waivers or broader uses of funds authority, but rather single-fund flexibility. The activity is no longer active.
2010-3. Triennial reexaminations for elderly and disabled households	Allows families defined as Elderly/Disabled to participate in a Triennial Reexamination Cycle. COLA updates to social security and veteran's benefits are processed in the "off" years. The activity was implemented using the authority to redefine the cycle utilized for the full reexamination of income and household composition.	2010	October 1, 2009	July 1, 2015	SDHC closed out the activity to streamline the reexamination process for Path to Success participants and rental assistance staff. Multiple reexamination processes for households proved difficult to administer when population changes occurred between Work-Able and Elderly/Disabled households. Path to Success households are placed on a biennial reexamination process effective with July 2015 reexamination. The PBV and FUP programs remain on an annual reexamination cycle.
2010-10. Undertake Public Housing development	Acquire, rehabilitate, or produce housing units as public housing.	2010	July 1, 2010	June 30, 2011	This activity was closed out in the Fiscal Year 2011 MTW Report. Public Housing development will occur under the Fiscal Year 2011 Public Housing Development initiative which combines the authorizations and flexibilities.
2009-1. Achievement Academy of the San Diego Housing Commission	The SDHC Achievement Academy, formerly known as the Economic Development Academy, offers a broad range of one-on-one services and workshops geared toward workforce preparation, financial literacy, and homeownership education.	2009	October 1, 2010	June 30, 2011	The activity is a Section 8 activity not requiring regulatory waivers or broader uses of funds authority. The activity is ongoing but reported as a single fund flexibility activity in Section 5 of the Plan.

Describe the Activities that Will Use Only MTW Single Fund Flexibility

SDHC utilizes single-fund flexibility to fund the Achievement Academy. The Achievement Academy is a learning and skills center available to families participating in the Housing Choice Voucher and Public Housing programs. Programs offered at the Achievement Academy are geared to workforce readiness and financial literacy. The Family Self-Sufficiency program is another component of the Achievement Academy. Please note: Individual Development Accounts are no longer funded with MTW single-fund flexibility. Please see the following pages for a thorough discussion of each activity.

SINGLE FUND FLEXIBILITY ACTIVITIES

SDHC uses single-fund flexibility in support of MTW activities rather than creating numerous budgets. SDHC combines funds from public housing operating and capital fund assistance (authorized by section 9 of the United States Housing Act of 1937 [the Act]) and voucher funds (authorized by section 8 (o) of the Act) to implement a block grant/single fund budget approach to budgeting and accounting. SDHC has consolidated public housing and HCV program funds to implement the approved Moving to Work initiatives described in previously approved MTW Plans and will continue to do so in future Plans.

SDHC uses single-fund flexibility to conduct a variety of activities geared toward self-sufficiency. The Achievement Academy offers a broad range of one-on-one services and workshops geared toward workforce preparation and financial literacy. Partnerships with a variety of external organizations specializing in their fields enable SDHC to provide assistance to participants with different interests, and skill levels. Leveraging funding from outside sources increases the services provided to participants. When possible, staff seeks out grants that will provide funding and coaching to assist both staff and participants. Following the Financial Opportunity Center model created by funding from the Local Initiative Support Corporation (LISC), the Achievement Academy is able to provide robust services to participants that go beyond job leads and help provide self-sufficiency. The resources offered at the Achievement Academy are a vital component of the Path to Success rent reform activity as participants are incentivized to increase income and work towards self-sufficiency. SDHC plans to continue and grow these partnerships to better serve our families and increase economic self-reliance.

The following describes services offered at the Achievement Academy:

Employment/Workforce Development

One of the Achievement Academy Workforce Readiness Specialist positions works simultaneously as a job developer and makes connections with employers of in-demand occupations, organizes job fairs, and coordinates employment services with partner organizations. Training for participants covers such topics as résumé writing, customer service, and how to retain a job. The Achievement Academy also partners (as funding allows) with Manpower, an industry leader in employment services. Academy Computer Lab

The Achievement Academy has partnered with San Diego Futures Foundation to offer beginning and intermediate computer skills (Word, Excel, Internet) classes to participants with minimum or no previous computer use experience. Participants also have access to the SDHC Achievement Academy's 30-station computer lab for career assessments, career exploration, labor market information, résumé building, and on-line job applications. In addition, Manpower provides individual participant access to the internet based Training Development Center which hosts over 5,000 on-line courses for skills development. These classes are offered as funding is available.

Benefits screening and application assistance is currently offered for an array of program such as CalFresh (food stamps), CalWorks, Women Infants and Children (WIC), California Healthy Families, Child Care Assistance, MediCal, and Supplemental Nutrition Assistance Program (SNAP). On-site benefit screening appointments continue to be conducted for participants.

Financial Education

The Achievement Academy employs a Workforce Readiness Specialist that has been certified as a Financial Counselor. This staff members has received training to offer on-site credit counseling, debt reduction, credit repair services, and budgeting and cash management skills. These services have been incorporated into the Financial Opportunities Center (FOC) service delivery model utilized within the Achievement Academy.

Financial Skills Education Workshops

Workshops are conducted by partner staff from Landeros & Associates, , the Housing Opportunities Collaborative, Community Housing Works, and others in the following topic areas: Debt and credit repair; credit score improvement; controlling expenses; maintaining a financial fitness plan; electronic banking and direct employee deposits; budget management, ordering, reviewing, and repairing credit report; investments strategies and options; and pensions/retirement planning.

Financial Coaching Training

All SDHC Workforce Readiness Specialists continue to utilize the LISC *Financial Counseling Model* to implement innovative coaching methods during one-on-one appointments with participants. In addition, referrals to Landeros & Associates and THRIVE allow for greater depth in addressing participant's financial needs. SDHC is also positioned to assist participants with improving credit through a partnership with Credit Builders Alliance. The ability to internally pull credit reports allows SDHC to further assist participants with accessing current credit ratings in order to begin aligning client goals for credit improvement to future financial and career goals.

UPDATE ON DEMOLITION OR DISPOSITION TRANSITIONAL FUNDING (DDTF) FUNDS

SDHC anticipates receiving Capital Funds inclusive of both modernization and DDTF (Demolition or Disposition Transitional Funding) of approximately \$1.6 million annually, or \$8.0 million over a five year period, beginning in Fiscal Year 2014. SDHC will integrate all Capital Funds into the MTW block grant. Based upon a Green Physical Needs Assessment of SDHC’s public housing units, SDHC anticipates approximately \$1.5 million dollars, at minimum, will continue to be expended over the next year on capital improvements specific to public housing, management improvements, or other traditional Capital Fund expenses. Fiscal Year 2018 is expected to be the final year during which SDHC will receive these levels of capital funds. Future allocations, Fiscal Year 2019 and beyond, are anticipated to be in amounts less than \$100,000 annually, reflective of modernization funds only.

MTW BLOCK GRANT COMMITMENTS

In Fiscal Year 2018, SDHC is committing \$20 million in MTW funds to preserve and expand affordable housing in the City of San Diego. SDHC anticipates using around \$10 million for development of new affordable housing units and the balance for rehabilitation activities on SDHC-owned properties.

Additionally, in Fiscal Year 2017, SDHC committed \$12 million in MTW funds to financially support activities to preserve affordable housing. A Green Physical Needs Assessment (GPNA) of SDHC-owned developments identified capital repairs necessary to preserve the properties. Preservation activities are anticipated to continue through Fiscal Year 2018 with 100 percent of the allocated MTW funds expended before the close of the fiscal year. The fund balance is approximately \$1.275 million.

SDHC is also committing \$13.9 million in MTW funds to address the capital needs of SDHC's affordable housing portfolio. Of this amount, SDHC will allocate \$5 million of the MTW funds to renovate Via Las Cumbres, a property consisting of 36 public housing units and 84 affordable housing units. The remaining balance of \$8.9 million will be utilized to complete GPNA capital activities for SDHC-owned affordable housing units. The rehabilitation activities are in addition to the GPNA capital repairs identified in Fiscal Year 2017.

APPENDIX B

PUBLIC HEARING NOTICE AND EVIDENCE OF COMMUNITY AND RESIDENT PARTICIPATION

The San Diego Housing Commission (SDHC) formally solicited public comment on the Fiscal Year 2018 Annual Plan Draft in order to incorporate the ideas of participants, community advocates, and interested citizens into the proposed plan as well as answer questions pertaining to Moving to Work subject matter. A formal public hearing occurred on February 27, 2017 at the SDHC corporate office for the purposes of educating the public and receiving comments. A public notice was circulated in three local publications (Union Tribune, Voice & Viewpoint, and La Prensa) to encourage public involvement. In an attempt to encourage further participation among San Diego residents and program clients, SDHC issued personal invitations to a selected group of participants. The individuals receiving the personal invitations were current rental assistance recipients and therefore were positioned to provide practical suggestions and feedback. All methods of invitation provided residents of San Diego with multiple options for contacting appropriate personnel with comments if unable to attend the public hearing. Four individuals attended the public hearing.

The following information will serve as proof of public hearing notice and community participation:

- ✓ Proof of Publication
- ✓ Public Hearing Sign-In Sheets

Group/Agency	Questions/Comments Received	SDHC Responses
SDHC Staff	Have you considered increasing landlord outreach and offering incentives to recruit more landlords? SDHC could designate a landlord liaison to provide more comprehensive customer service and also create a damages fund to assist with tenant-caused damages.	SDHC has increased landlord efforts over the past two years and appreciates the additional ideas for consideration.
Participant	I'm afraid the new payment standards will force me to move. I live in a poor neighborhood, but I like where I live and don't want to move.	SDHC is considering many factors when finalizing the payment standards. Your feedback will be considered and is appreciated.
Participant	I'm scared the new president will take away my voucher.	SDHC is working dilligently to ensure families will remain housed with a voucher.
Participant	Thank you for the opportunity to learn about the programs. It's very interesting to know what SDHC is doing.	Thank you for attending the public hearing and for your interest. We are very glad you attended.
Participant	I like my neighborhood, where I live, so I don't want to move to Choice Communities. I am glad you are helping people movethough; it is good. I appreciate my Section 8.	Thank you for your feedback. It is nice to hear you appreciate the rental assistance.
Participant	Comment letter received from a program participant. The participant expressed concerns regarding the future of the Section 8 program due to the current administration. The participant is hopeful the administration will fully understand the benefits of th	N/A

APPENDIX D

NON-MTW RELATED SDHC INFORMATION

The San Diego Housing Commission's (SDHC) partnerships create and provide affordable housing opportunities for low-income San Diegans that impact the regional economy.

The following are examples of our partnerships:

SDHC Partnership Developments – Affordable Housing for San Diego Families

SDHC performs a variety of responsibilities to help low-income families address the challenge of finding rental housing they can afford in the city of San Diego—landlord, partner, lender, bond issuer, and administrator of the City of San Diego's affordable housing programs.

By leveraging SDHC's resources in these areas, SDHC partnership developments invested more than \$634 million in total developments costs in the 2015-16 Fiscal Year (July 1, 2015 – June 30, 2016).

These SDHC partnership developments created or preserved 1,046 affordable rental units that were built, and 924 affordable rental units are under construction.

In addition, as a landlord, SDHC, including its nonprofit affiliate Housing Development Partners (HDP), owns and/or manages 3,440 affordable rental housing units in the city.

SDHC invested \$3.6 million toward the rehabilitation of SDHC-owned affordable housing units in the 2015-16 Fiscal Year. An additional \$16.3 million is budgeted by SDHC for capital improvements in the 2016-17 Fiscal Year (July 1, 2016 – June 30, 2017).

Ballot Measure M

More than 66 percent of city of San Diego voters approved Ballot Measure M in the election on Tuesday, November 8, 2016, to increase the capacity to construct additional affordable rental housing in the city of San Diego.

Passage of Ballot Measure M required a simple majority vote.

SDHC submitted Measure M for the November 8, 2016, General Election, fulfilling its responsibility as the manager of the City of San Diego's compliance with Article 34 of the California State Constitution.

Measure M, which the San Diego City Council placed on the ballot on July 26, 2016, asked voters to increase the capacity to construct additional affordable rental housing in the city of San Diego.

Measure M allows the capacity to construct an additional 38,680 affordable rental housing units, without raising taxes.

These units would be affordable for low-income San Diegans with income up to 80 percent of San Diego Area Median Income. Example: \$68,000 a year for a family of four, or \$47,600 a year for an individual.

Article 34 of the State Constitution requires voter approval for low-rent housing that is developed, constructed or acquired by a state public agency, such as SDHC and the City of San Diego.

The ballot measure does not guarantee that any new units will be built.

Affordable rental housing developments would still have to go through the permitting process, including community, environmental and San Diego City Council reviews. Passage of the ballot measure required a simple majority vote.

Economic Impact Report

SDHC's innovative and entrepreneurial approach to accomplishing its mission was highlighted in the report of a study of the agency's impact on the regional economy since 2008.

SDHC commissioned the study, *SDHC's Growing Economic and Community Impact on San Diego*, from the Fermanian Business and Economic Institute at Point Loma Nazarene University to obtain an outside analysis of SDHC's economic impact from Fiscal Year 2008 (July 1, 2007 – June 30, 2008) to Fiscal Year 2015 (July 1, 2014 – June 30, 2015).

The findings in the report included:

\$280 million — Total impact on gross regional product in Fiscal Year 2015, expanded 50 percent over eight years. SDHC's direct or budgeted spending increased only about 7 percent during the same time period;

\$226 million — Direct spending by SDHC in Fiscal Year 2015, up from \$211 million in Fiscal Year 2008;

\$86 million — Family buying power gained by 14,000 households that received average rent savings of \$520 a month in Fiscal Year 2015, an increase of \$20 million from eight years ago;

4,000-plus homeless San Diegans — Assisted in Fiscal Year 2015, more than double the homeless individuals assisted in 2008; and

16,000-plus households including 42,000 individuals — Served through SDHC loan programs for affordable multifamily rental housing development, first-time homebuyers, and home rehabilitation, up from 12,000 households with 31,000 individuals in Fiscal Year 2008.

The widely used IMPLAN economic model was used to analyze SDHC's economic impact, according to the report.

These findings were presented to the SDHC Board of Commissioners on October 7, 2016, and the San Diego City Council's Smart Growth and Land Use Committee on November 16, 2016.
