SECTION I – INTRODUCTION

A. Message from the President & CEO

During his visit to San Diego on February 20, 2015, U.S. Department of Housing and Urban Development (HUD) Secretary Julián Castro said San Diego “has always had a can-do attitude, and the spirit of enterprise that I believe works well at solving a lot of difficult challenges that urban communities face.”

This spirit is evident in the San Diego Housing Commission’s (SDHC) “Moving to Work” (MTW) initiatives.

As an MTW agency, SDHC creates innovative, cost-effective approaches for providing housing assistance to low-income families, using a combination of federal funding allocated to SDHC for public housing and Section 8 Housing Choice Voucher (HCV) rental assistance.

Two of SDHC’s MTW programs are among the new initiatives unveiled on December 3, 2015, for the second year of **HOUSING FIRST – SAN DIEGO**, SDHC’s landmark, three-year Homelessness Action Plan, which will impact the lives of as many as 1,500 homeless San Diegans:

- Guardian Scholars Program – Up to 100 college students who have been homeless or at risk of homelessness will receive rental assistance through a nationally unprecedented partnership between SDHC and San Diego State University; and
- The Monarch School Project – This pilot project will provide federal rental housing vouchers to 25 families who have at least one child enrolled at the Monarch School, which is one of only a handful of schools nationwide that specifically serve homeless children.

In Fiscal Year (FY) 2017 (July 1, 2016 – June 30, 2017), SDHC’s proposed new MTW initiatives include:

- Creating a program to provide rental assistance to formerly homeless San Diegans who are ready to transition out of permanent supportive housing into permanent affordable housing with less intensive supportive services; and
- Streamlining an existing program that awards Federal rental housing vouchers to nonprofit or for-profit sponsors to help homeless San Diegans move into permanent supportive housing

These new initiatives will further continue SDHC’s track record of innovation, which is fostered by the MTW program, and will impact the lives of low-income and homeless San Diegans.

At SDHC, “We’re About People.”

Sincerely,

Richard C. Gentry
President & CEO
San Diego Housing Commission

B. Short-Term and Long-Term MTW Goals

On December 3, 2015, the San Diego Housing Commission (SDHC) announced three new initiatives for the second year of **HOUSING FIRST – SAN DIEGO**, SDHC's three-year Homelessness Action Plan, and highlighted the first-year accomplishments of **HOUSING FIRST – SAN DIEGO**.

SDHC's MTW designation is essential to the success of **HOUSING FIRST – SAN DIEGO**, which also includes both short- and long-term MTW goals.

New Initiatives

The new **HOUSING FIRST – SAN DIEGO** initiatives continue SDHC's objective of creating additional affordable housing with supportive services that will impact the lives of up to 1,500 homeless San Diegans.

They include:

- Up to 100 San Diego State University (SDSU) students who have been homeless or at risk of homelessness will receive Federal rental assistance through a first-of-its kind housing partnership between SDHC and SDSU.
 - Under the new partnership, SDHC will direct up to \$600,000 per year to SDSU's Guardian Scholars Program from Federal Moving to Work (MTW) Funds. SDSU will raise approximately \$400,000 annually.
 - SDSU will use the funds to provide the students with rental assistance for dorm rooms, shared housing or apartments, but not fraternity or sorority houses. The program will begin in August 2016, in time for the start of the fall semester and during Fiscal Year 2017 (July 1, 2016 – June 30, 2017).
- A new pilot program will provide Federal rental housing vouchers for up to 25 families with at least one child enrolled at the Monarch School, one of the few schools in the nation specifically serving homeless children.
 - The goal of the three-year pilot phase of the program, which is an MTW initiative that will begin in January 2016, is to assist up to 25 families who currently live in shelters, motels, automobiles, on the streets, in parks or "doubled-up" with other families in small apartments.
 - SDHC will provide no-interest loans with low monthly repayments to help these families pay for security deposits or other rental costs. The students' parents will take part in work readiness programs at the SDHC Achievement Academy, a state-of-the-art learning skills center and computer lab that emphasizes career planning, job skills and personal financial education. The training is intended to help them increase their income, enabling them to transition to permanent housing.
- For the second consecutive year, SDHC will award up to \$10 million to create permanent affordable housing with supportive services for homeless San Diegans. To accompany the funding, SDHC will also award up to 300 Federal rental housing vouchers.
 - These funds are part of the \$30 million SDHC has committed over the next three years to build permanent affordable housing with supportive services.
 - The third year of up to \$10 million of funding and up to 300 Federal rental housing vouchers will be awarded during Fiscal Year 2017 (July 1, 2016 – June 30, 2017).

First-Year Accomplishments

The accomplishments in the first year of **HOUSING FIRST – SAN DIEGO**, a three-year, five point plan, include:

1. Invested \$8.2 million in City, State and Federal funds toward the construction of two developments:

Cypress Apartments (formerly known as Imperial Apartments): A new construction development, Cypress Apartments will provide 62 Permanent Supportive Housing units in Downtown San Diego for homeless individuals.

SDHC is investing \$3,450,000 toward the \$20,420,000 total development cost of Cypress Apartments, which is expected to be completed at the end of 2016.

SDHC also has committed 62 Federal Project-Based Housing Vouchers to Cypress Apartments, which will be leased up during Fiscal Year 2017 (July 1, 2016 – June 30, 2017).

Talmadge Gateway Apartments: a new construction development that will provide 59 Permanent Supportive Housing units for homeless seniors in the City Heights neighborhood of the City of San Diego.

SDHC is investing up to \$4,800,000 toward the \$19,721,488 development of Talmadge Gateway.

SDHC also has committed 59 Federal Project-Based Housing Vouchers to Talmadge Gateway, which is expected to be completed in 2017. These vouchers will be leased up in Fiscal Year 2018 (July 1, 2017 – June 30, 2018).

2. Awarded 180 new Federal rental housing vouchers to assist homeless and formerly homeless San Diegans. These vouchers will provide rental assistance for residents at:
 - Cypress Apartments;
 - Talmadge Gateway; as well as
 - Alpha Square, a new construction development in the East Village neighborhood of Downtown San Diego that held its grand opening on November 18, 2016.
3. Kicked off the rehabilitation of Hotel Churchill on June 30, 2015, which will provide 72 affordable studios for homeless individuals:
 - 56 units for homeless Veterans;
 - 8 units for youth aging out of foster care; and
 - 8 units for adults exiting the corrections system who also need supportive services.

The rehabilitation of Hotel Churchill is expected to be completed in June 2016.

HUD Secretary Julián Castro toured the renovation of the historical Hotel Churchill in Downtown San Diego on October 19, 2015, and said it is an “important step” toward the national goal of ending Veteran homelessness.

SDHC is investing \$9,289,800 in MTW funds toward the \$20,596,409 rehabilitation cost.

In addition, SDHC has committed 72 Federal Sponsor-Based Housing Vouchers to provide rental assistance at Hotel Churchill.

The U.S. Department of Veterans Affairs (VA) will provide supportive services for 56 housing units for homeless Veterans.

In addition, \$1.8 million from the State Mental Health Services Act (MHSA), administered by the County of San Diego Mental Health Department, will provide permanent supportive services for the 16 non-Veteran adults.

SDHC is working with its nonprofit affiliate, Housing Development Partners, to rehabilitate Hotel Churchill.

4. Purchased the 120-unit Village North Senior Garden Apartments in Clairemont Mesa, on May 1, 2015, setting aside 20 percent of the units, totaling 24 apartments, for homeless seniors.

SDHC invested \$14,775,000 in MTW funds to acquire Village North.

In addition, SDHC committed 24 federal Project-Based Housing Vouchers to provide rental assistance for tenants who live in these apartments.

5. Dedicated 25 SDHC-owned apartments year-round to provide furnished apartments for homeless individuals and families. SDHC is one of the first public housing agencies in the nation to commit affordable rental housing that it owns for this purpose.

Between January 1 and October 31, this rapid rehousing component of HOUSING FIRST – SAN DIEGO assisted 31 families, including five that became financially self-reliant and were able to move to permanent housing.

If Local, Non-Traditional Housing Program, please describe:

Sponsor-Based Subsidy Program for the Homeless: SDHC provides subsidies (calculated using the standard HCV calculation with certain MTW flexibilities applied) to partnering agencies providing supportive services and case management to homeless persons.

Transitional Project-Based Subsidy Program for the Homeless: SDHC provides flat subsidies to partnering agencies providing supportive services and case management to homeless persons. A unit must be occupied at least 25 days of a given month to receive a subsidy.

The Monarch School Project: SDHC provides rental assistance subsidies to homeless families with children attending Monarch School. Monarch School and SDHC's Achievement Academy provide supportive services to parents in an effort to assist the family to achieving economic self-sufficiency.

The Guardian Scholars Program: SDHC provides rental assistance in the form of an annual grant to San Diego State University (SDSU). The MTW grant subsidizes the housing portion of the student's housing expense while attending SDSU. The population served is homeless young adults such as former foster care youth and wards of the court.

If Other Wait List Type, please describe:

Partnering agencies administering the Sponsor-Based Subsidy Program for the Homeless (a Tenant-Based Local, Non-Traditional MTW Housing Assistance Program) utilizes the VI-SPDAT to provide referrals in lieu of a traditional waitlist.

Partnering agencies administering the Transitional Project-Based Subsidy Program for the Homeless (a Tenant-Based Local, Non-Traditional MTW Housing Assistance Program) utilizes the VI-SPDAT to provide referrals in lieu of a traditional waitlist.

Monarch School staff use an interest list to select applicants for the Monarch School Project. Applicants proceed through an intense evaluation process conducted by a committee to ensure viable candidates are selected to proceed through the eligibility process.

SDSU uses an existing application process to determine if students are eligible for the Guardian Scholars Program. All eligible applicants receive housing subsidy which is calculated according to need.

If there are any changes to the organizational structure of the wait list or policy changes regarding the wait list, provide a narrative detailing these changes.

SECTION III - PROPOSED MTW ACTIVITIES: HUD APPROVAL REQUESTED

2017-1. MOVING ON PROGRAM

Activity Description: SDHC is requesting HUD’s permission to create a local, non-traditional program providing rental assistance to formerly homeless persons transitioning from permanent supportive housing due to obtaining stability and the decreased need for intensive case management and services. The Moving On Program provides a mechanism for individuals no longer in need of permanent supportive housing to remain in permanent affordable housing. Twenty-five subsidies will be allocated to the Moving On Program for a pilot. The number of subsidies may be increased if the program is successful.

The Demonstrated Need

According to a recent Point-in-Time count conducted in early 2015, on any given night approximately 5,538 people are homeless in the City of San Diego. The count documented 50 percent of the homeless as unsheltered in the City of San Diego while 50 percent reside in emergency shelters and transitional housing. Funding agencies, service providers, housing organizations, government representatives, and policy makers concerned about homelessness in the City of San Diego are focusing efforts to end homelessness and continue to explore and identify effective solutions.

The emerging Coordinated Assessment and Housing Placement (CAHP) system in San Diego surveyed approximately 5,200 homeless individuals in the City of San Diego using a common assessment approach. Of those assessed, approximately 22.2% or 1,144 persons qualified for a referral to a supportive housing solution. However, San Diego has limited supportive housing options available for homeless individuals with disabling health conditions; the existing resources are at full capacity. Meanwhile, residents currently living in supportive housing who are successful in their recovery are unable to exit the supportive housing program. The challenges of housing affordability in San Diego inhibit the transition into more independent living effectually limiting an already scarce supportive housing resource. One innovative approach creating opportunities for the most vulnerable, homeless individuals to access permanent supportive housing is the creation of an initiative allowing the current supportive housing participants to *Move On*.

The Solution

The Moving On Program initiative supports tenants who are successful in their recovery to live more independently using a Federal subsidy while accessing community based resources, as needed. Additionally, the program frees up valuable permanent supportive housing and services for vulnerable homeless individuals in need of these resources.

Twenty-five individuals will have the opportunity to “Move On” from supportive housing. Participants will be subsidized using a permanent housing solution. Participants will have access to appropriate levels of follow-up supportive services with the referring agency; the partner will ensure the participant is connected to all required services in the community. Stable, affordable housing provides a strong platform of recovery for tenants, particularly for supportive housing residents no longer requiring ongoing intensive services in order to maintain residential stability.

This program was designed to correspond with the goals and practices shared in HUD’s November 2013 webinar, “[Implementing a Move-Up Strategy](#)”. SDHC proposes to utilize MTW flexibility to implement an innovative program modeled after the Moving-Up strategy to address the local needs of the City of San Diego.

Program Admission Process: SDHC will partner with local non-profits and other agencies to administer the program. Collaborators in this endeavor will primarily include local agencies such as the County of San Diego Behavioral Health Services (BHS), Mental Health Systems (MHS), Community Research Foundation (CRF), St. Vincent de Paul Village (SVdPV), and People Assisting the Homeless (PATH). However, any agency utilizing the Coordinated Assessment and Housing Placement (CAHP) model to provide appropriate

supportive services and housing to homeless persons may provide referrals for purposes of the Moving On Program. SDHC will seek guidance from San Diego's Regional Continuum of Care Council (RCCC) during the primary stages of implementation to ensure the program aligns with the region's efforts.

The Moving On waitlist will utilize date, time, and a Moving On preference as selection criteria for program applicants. To ensure eligibility for the Moving On preference, the partnering agency must assess candidates and provide referrals to SDHC for placement onto the Moving On waitlist. The candidate will also be required to apply to the Housing Choice Voucher waitlist at this time.

The assessment process will require utilization of a common assessment tool by the partner to ensure viable candidates are identified for the program. As Moving On subsidies become available, applicants are selected from the Moving On waitlist according to the date and time of the referral as well as the Moving On preference. The initial eligibility process requires verification of meeting the Moving On criterion. Applicants for whom the Moving On verification cannot be obtained will be denied eligibility. SDHC encourages case managers to assist with eligibility activities to ensure compliance with the process.

Administration: The waitlist selection, initial/ongoing eligibility, and termination processes are administered similar to Housing Choice Voucher requirements. MTW flexibilities will be applied to Moving On subsidies.

Subsidy Calculation and Administration: MTW flexibilities will be used in the administration of the Moving On Program to streamline processes, thus ensuring efficiency and effectiveness. Subsidies will be calculated according to the Path to the Success rent calculation, MTW activity 2012-1.

Path to Success: Work-Able Rent Reform Model

The Work-Able rent reform model utilizes two components working in tandem as one dynamic system: tiered rents and progressive minimum rents. For the tiered rent table, adjusted annual income is separated into bands of income. If a family's adjusted income falls in between income bands, the lower edge of the band is used to calculate the rent portion. The income amount at the lower edge of the band is multiplied by 30%, the utility allowance is subtracted from the product, and the result is the family's rent portion. An example of the tiered rent table is included in a subsequent section of the activity description. The Tiered Rent Table component of the activity both incentivizes and rewards Work-Able households for increasing income by using the lower edge of an annual income range when calculating the rent portion instead of the actual income.

The activity also institutes progressive minimum rents, thus requiring certain households to increase annual income amounts to meet the applicable minimum rent threshold. Minimum rents are based on the number of Work-Able adults residing in the household. Minimum rents were set using factors including the current California minimum wage rate, a minimum number of weekly work hours a household could reasonably expect to work, as well as the rates of other benefits most often received by program participants. The increases in minimum rent over time coincide with the expectation households will begin to work and/or increase work hours or income as a result of utilizing the features of the Achievement Academy.

All other deductions and allowances are eliminated with the exception of the utility allowance, child care expense deduction, and medical expense deduction. The child care deduction is administered under current regulations while the medical expense deduction is streamlined into standard bands. Disability assistance expenses fold into the standardized medical expense bands as a further streamlining measure. Households receiving the Earned Income Disallowance (EID) at implementation continue to receive the deduction until the EID term is satisfied. No new families are enrolled in EID upon implementation of Path to Success.

The Work-Able rent reform model contains the following elements:

Key Concept Parameters	Years 1-2	Years 3+
Tiered rent calculation TTP%	30.0%	30.0%
Minimum rent: 1 work-able member	\$200	\$300
Minimum rent: 2 work-able members	\$350	\$500

Elderly/Disabled Rent Reform Model

As part of Path to Success, the Elderly/Disabled population includes families where 100 percent of adults are elderly and/or disabled, with elderly being defined as 55 or older for this purpose only. The elimination of allowances and deductions applies to Elderly/Disabled households in the same manner the changes are applied to Work-Able households. The Total Tenant Payment (TTP) is 28.5 percent with a minimum rent of \$0.

The Elderly/Disabled model contains the following elements:

Key Concept Parameters	Years 1+
Standard rent calculation TTP%	28.5%
Minimum rent	\$0
Comprehensive hardship policy	Yes
Remove utility allowance/reimbursement	Yes
Remove deductions	Yes
Medical deduction	Bands of \$2500
Childcare deduction	No change
Recertification schedule	Biennial

Rent reasonableness regulations, SDHC subsidy standard policies, and SDHC payment standards (including Choice Communities) will be applied to the Moving On program with applicable MTW flexibilities enacted.

Since move-in costs oftentimes serve as a barrier to prospective participants of the Moving On program, SDHC may elect to provide funds to assist with moving expenses such as utility deposits, security deposits, first month’s rent, etcetera.

HQS Inspections: Inspections will be conducted at new admission, unit change, and on an annual basis during the continued occupancy of the given unit.

Supportive Services: Although participants of the Moving On program have demonstrated the ability to maintain stable housing, the stresses related to a transition into the Moving On program may cause a certain degree of relapse. For this reason, SDHC will require community providers to offer an appropriate level of supportive services through the transition and ongoing, as necessary, until stability is ensured. The service provider will remain available to the participant for the duration of the program in the event of a full or partial relapse. The service provider will also be available to provide referrals to community resources to further ensure recovery and stabilization. Moving On participants will have access to SDHC’s Achievement Academy, but participation in Achievement Academy activities is not mandatory. The Achievement Academy provides an array of work-readiness services, such as job placement and counseling, to ensure motivated rental assistance participants are able to obtain employment and increase financial self-reliance.

Statutory Objectives: The activity will achieve the statutory objective of increasing housing choice for low-income families and increasing self-sufficiency.

Anticipated Impacts: The Moving On Program creates a bridge to a permanent housing solution for formerly homeless individuals no longer requiring intensive levels of supportive services, thus maintaining housing stability during a time of transition. Further, the flow of participants from supportive housing into another permanent housing solution, such as the Moving On Program, ensures currently homeless persons in desperate need of a supportive housing solution receive the opportunity to fill the programmatic vacancy. Through this process, additional homeless persons in the City of San Diego will be served with scarce community resources.

Anticipated Timeline to Achieve Objectives: SDHC intends to implement the activity immediately upon receiving HUD-approval of the Fiscal Year 2017 MTW Plan. During the first stages of implementation, SDHC and the partnering agencies will (1) create policies, procedures, an assessment tool, and waitlist protocol to govern the administration of the program; (2) create tracking and reporting mechanisms; and (3) engage in

training to ensure staff understands the requirements of program. Waitlist selection and eligibility functions will ensue upon completion of the preceding tasks and formal project implementation.

SDHC expects to achieve benchmarks for all metrics by June 30, 2017. Progress will be reported annually in the appropriate MTW Annual Reports.

Activity Metrics Information:

Moving On Program						
Unit of Measurement	Baseline		Benchmark		Outcome	Benchmark Achieved?
	#	%	#	%		
<p><i>CE #4: Increase in Resources Leveraged</i></p> <p>Amount of funds leveraged in dollars (increase).</p>	\$0		\$50,000			
<p><i>SS #5: Households Assisted by Services that Increase Self Sufficiency</i></p> <p>Number of households receiving services aimed to increase self sufficiency (increase).</p>	0		25

<p><i>HC #5: Increase in Resident Mobility</i></p> <p>Number of households able to move to a better unit and/or neighborhood of opportunity as a result of the activity (increase).</p>	0		2			

Projected Outcomes:

- CE #4: Moving On Program participants still receive an appropriate level of supportive services to ensure housing stability, thus Federal funds are leveraged with local and/or state funds in a holistic approach to ending homelessness.
- SS #5: Households will receive appropriate levels of supportive services under the Moving On Program which increases housing stability and the ability to engage in productive economic and social behaviors.
- SS #8: An increased number of households will attain self-sufficiency due to the Moving On Program. Self-sufficiency is defined as successfully transitioning to the Moving On program and relying on community resources rather than intensive supportive services and case management to maintain housing stability.
- HC #5: The program will provide households with the option to relocate to a low-poverty area which ensures better life outcomes due to increased neighborhood safety, lower crime rates, better health, and higher levels of life satisfaction.

Description of Data Source for Metrics: Reports will be created in the housing management software to retrieve data related to the metrics and imported into an Excel spreadsheet for further analysis. A secondary reporting mechanism will be developed to collect HMIS data from partnering agencies. The partnering agency will collect and input data into an Excel spreadsheet designed to analyze and present the data in a dashboard format. The data will be collected from the partnering agency on a monthly basis. Data will be analyzed on an annual basis and summarized in dashboard format.

Need/Justification for MTW Flexibility: Broader Uses of Funds Authority amendment. SDHC will adhere to all requirements set forth in PIH Notice 2011-45.

Broader Uses of Funds Authority enables SDHC to create a local, non-traditional tenant-based rental assistance program.

2011-8. SPONSOR-BASED SUBSIDY PROGRAM FOR THE HOMELESS (RE-PROPOSED)

Activity Description: SDHC is re-proposing the activity in an effort to streamline the subsidy calculation process, thus utilizing Federal expenditures more efficiently and effectively. The Sponsor-Based Subsidy (SBS) program was previously re-proposed in Fiscal Year 2013 to create the opportunity to serve distinct populations of homeless individuals and clarify participants are not provided with a tenant-based voucher upon exiting an SBS program. The Fiscal Year 2017 re-proposal includes the following elements:

1. Further streamlines the rent portion calculation to 28.5 percent of gross monthly income for both existing and future program participants. All allowances and deductions will be removed.
2. Depending on the population served by the sponsoring agency, SDHC may apply the *Path to Success* rent calculation structure to a specific allocation of subsidies.
3. Expands the populations served under the program, including serving both individuals and families.
4. Reiterates the following:
 - a. Subsidies may be utilized as tenant-based subsidies or using a project-based structure, although the assistance remains connected to the sponsoring agency.
 - b. Subsidies may fund individual units, beds, or rooms. Rooms may be located in a group home serving minors with adequate oversight provided by the sponsor.
 - c. Subsidies may be awarded to SDHC without a competitive process.
 - d. Both non-profit and for-profit agencies may be awarded subsidies under a competitive process. Please note: An exception to this policy is the ability to award non-competitively if previous solicitations do not yield viable opportunities to award the subsidies.

The objective of the SBS program is to facilitate the movement of homeless persons in San Diego into permanent housing by working in partnership with non-profit or for-profit sponsors to combine comprehensive supportive services with MTW subsidies. This innovative program will serve the homeless of San Diego.

A typical sponsor would be an organization either providing or contracting supportive services to homeless individuals, disabled individuals, and/or individuals with substance abuse issues. SDHC will provide the subsidies to the sponsor to house homeless persons while sponsor organizations provide the necessary services. Examples of services provided may include, but are not limited to, the following:

- Outreach
- Information & Referral
- Case Management
- Senior Services
- Food Services
- Job Skills Training/Education
- On Site Employment
- Transportation Vouchers
- Personal Financial Management and Budgeting
- Personal Hygiene Training and Services
- Health and Wellness Education
- Health Aide Services (Visiting Nurse Care)
- Dental Care
- Health Care
- Trauma Treatment

- Domestic Violence Services
- Legal Assistance and/or a Homeless Court
- Substance Abuse Counseling (Group & Individual)
- Mental Health Therapy (Group & Individual)

Sponsor-based subsidies will be utilized to create separate local, non-traditional housing programs for specific homeless populations, such as the most vulnerable homeless persons/families, homeless youth, homeless elderly and/or disabled persons/families, victims of human trafficking, veterans, seniors, etcetera. Subsidies will also be used to create assisted living housing for individuals/families requiring direct medical care or recently released from a medical institution. Federal approval of the State of California 1115 Medi-Cal Waiver, which integrates state systems to provide expanded care to high risk populations, may provide opportunities to enhance the utilization of SBS to deliver more robust supportive services to program participants with complex needs. SDHC anticipates up to 500 subsidies will be utilized in the SBS program to serve and house the varying homeless populations within San Diego.

Sponsor-based subsidies allow the rental assistance to be attached to a sponsoring agency. In the SBS program, the sponsor may utilize a tenant-based or project-based approach. A sponsor may also utilize sponsor-owned units for purposes of the program. Master leasing units within a development remains an option as well.

Sponsor Selection: SDHC will engage solicitation processes to select prospective non-profit and for-profit sponsors. If the process does not solicit an adequate response, SDHC will select sponsors without a competitive process. Additionally, SDHC may award sponsor-based subsidies to SDHC-owned developments using a non-competitive process.

In the event SDHC intends to serve a highly specialized population wherein only one service provider possesses the capability, expertise, and resources to serve the target population, SDHC may award sponsor-based subsidies without a competitive process.

Program Requirements

Waiting Lists: Utilization of the Coordinated Assessment and Housing Placement (CAHP) system is required. However, with SDHC permission, a sponsor agency may create and maintain a site-based waiting list to serve specialized populations. In creating these waiting lists, sponsors will receive input from SDHC on rating and ranking of the applicants to ensure compliance with Fair Housing laws. The vision of these programs is homeless persons will become program participants, receive housing and supportive services, and eventually gain the ability to live independent from housing assistance. SBS participants will be required to apply for, and remain on, SDHC's tenant-based waiting list in order to transfer to the MTW tenant-based voucher program. SDHC may approve policy exceptions in unique circumstances.

Inspections: SDHC will conduct Housing Quality Inspections (HQS) for each unit leased by an SBS program participant.

Administration: Sponsors will provide program administration, including all eligibility and income determinations, rent calculations, interim and annual certifications. SDHC will train sponsors on SBS program requirements. The re-proposed initiative seeks to modify the rent calculation utilized by the program. As previously approved by HUD, the SBS program generally adopted HCV policies to calculate rent with many of the SDHC MTW streamlining methods for income eligibility and subsidy calculations. SDHC proposes to streamline the rent calculation methodology to further increase cost effectiveness.

The new method will use 28.5 percent of gross monthly income with no allowances or deductions to generate the client's rent portion and resulting subsidy payment. A minimum rent of \$25 applies to the program. The method to calculated rent will be determined by the population served by the sponsor. As determined

appropriate, SDHC may apply the Path to Success calculation to ensure work-able participants are incentivized to progress towards self-sufficiency.

Path to Success: Work-Able Rent Reform Model

The Work-Able rent reform model utilizes two components working in tandem as one dynamic system: tiered rents and progressive minimum rents. For the tiered rent table, adjusted annual income is separated into bands of income. If a family’s adjusted income falls in between income bands, the lower edge of the band is used to calculate the rent portion. The income amount at the lower edge of the band is multiplied by 30%, the utility allowance is subtracted from the product, and the result is the family’s rent portion. An example of the tiered rent table is included in a subsequent section of the activity description. The Tiered Rent Table component of the activity both incentivizes and rewards Work-Able households for increasing income by using the lower edge of an annual income range when calculating the rent portion instead of the actual income.

The activity also institutes progressive minimum rents, thus requiring certain households to increase annual income amounts to meet the applicable minimum rent threshold. Minimum rents are based on the number of Work-Able adults residing in the household. Minimum rents were set using factors including the current California minimum wage rate, a minimum number of weekly work hours a household could reasonably expect to work, as well as the rates of other benefits most often received by program participants. The increases in minimum rent over time coincide with the expectation households will begin to work and/or increase work hours or income as a result of utilizing the features of the Achievement Academy.

All other deductions and allowances are eliminated with the exception of the utility allowance, child care expense deduction, and medical expense deduction. The child care deduction is administered under current regulations while the medical expense deduction is streamlined into standard bands. Disability assistance expenses fold into the standardized medical expense bands as a further streamlining measure. Households receiving the Earned Income Disallowance (EID) at implementation continue to receive the deduction until the EID term is satisfied. No new families are enrolled in EID upon implementation of Path to Success.

The Work-Able rent reform model contains the following elements:

Key Concept Parameters	Years 1-2	Years 3+
Tiered rent calculation TTP%	30.0%	30.0%
Minimum rent: 1 work-able member	\$200	\$300

Elderly/Disabled Rent Reform Model

As part of Path to Success, the Elderly/Disabled population includes families where 100 percent of adults are elderly and/or disabled, with elderly being defined as 55 or older for this purpose only. The elimination of allowances and deductions applies to Elderly/Disabled households in the same manner the changes are applied to Work-Able households. The Total Tenant Payment (TTP) is 28.5 percent with a minimum rent of \$0. The Elderly/Disabled model contains the following elements:

Key Concept Parameters	Years 1+
Standard rent calculation TTP%	28.5%
Minimum rent	\$0
Comprehensive hardship policy	Yes
Remove utility allowance/reimbursement	Yes
Remove deductions	Yes
Medical deduction	Bands of \$2500
Childcare deduction	No change
Recertification schedule	Biennial

When a subsidy provides rental assistance for an individual bed rather than a unit, the maximum assistance for the bed will be determined according to the unit size, number of participants, and rent reasonableness determinations. The overall per bed subsidy in a given unit will not exceed the current SDHC payment standards for the unit size.

The sponsors will be required to create a program plan defining eligibility factors, leasing requirements, and termination policies and procedures. Sponsors will develop written service protocols and define methods of client management. A written service plan will be maintained for each participant in the SBS program.

Monitoring: SDHC will provide program oversight and evaluation and monitor the sponsor for compliance with program requirements. The sponsor will utilize internal software to manage the clients' service plan and case management. Each sponsor will be required to submit annual written reports.

Statutory Objectives: The activity will achieve the statutory objective of increasing self-sufficiency and utilizing Federal expenditures more effectively.

Anticipated Impact: The program is expected to reduce the number of unsheltered households in San Diego and provide needed supportive services to increase incomes and enhance stability. By shifting specific administrative functions to the sponsor, SDHC will reduce cost and achieve greater cost effectiveness in Federal expenditures.

Anticipated Timeline to Achieve Objectives: SDHC intends to implement the revisions to the activity at contract execution with new sponsors and at annual contract renewals with existing sponsors. Current sponsors will be notified of the changes once the Fiscal Year 2017 MTW Annual Plan receives HUD approval. Since the initiative is presently implemented and 401 subsidies are currently committed to sponsors, SDHC anticipates achieving benchmarks by the close of Fiscal Year 2017. SDHC will report outcomes on an annual basis in the appropriate MTW Annual Report.

Projected Outcomes:

- CE #4: Participants receive comprehensive case management and intensive supportive services to ensure housing stability and recovery, thus Federal funds are leveraged with local and/or state funds in a holistic approach to ending homelessness.
- SS #1: Supportive services provided by the sponsor organizations may assist formerly homeless participants with achieving housing stability. The stability achieved increases the potential of for increasing household income through increased self-determination as well as acquiring work readiness skills. Individual Service Plans created by the sponsor organization may include a work readiness component if determined appropriate.

- SS #2: The metric is a required standard HUD metric for the local, non-traditional subsidy program. Since the outcome related to increased savings and/or escrow balances is out of scope for the *Sponsor-Based Subsidy Program for the Homeless* and SDHC does not capture the asset information, the baseline and benchmark are \$0.
- SS #3: Individualized Service Plans may include employment related activities to assist program participants with obtaining employment, enrolling in an educational program, or enrolling in a job training program.
- SS #4: Participants placed on a work readiness tract as a component of the Individual Service Plan may expect to earn increased amounts of income from wages to result in removal from TANF benefits.
- SS #5: Participants will stabilize through the provision of mandatory supportive services which increases housing stability and the ability to engage in productive economic and social behaviors.
- SS #6: The average amount of subsidy may decrease as participants acquire sources of income such as Social Security benefits, Supplemental Security Income, pensions, or wages.
- SS #7: As the average HAP decreases for the Sponsor-Based Subsidy Program, SDHC will experience an increase in unexpended HAP resulting in increased rental revenue for the agency.
- SS #8: Participants will attain self-sufficiency by successfully transitioning off of the program with an MTW tenant-based voucher.
- HC #5: Program participants will transition from homelessness to housing stability through the Sponsor-Based Subsidy Program. In addition, participants will receive basic mobility counseling describing the benefits of relocating to low-poverty neighborhoods.

Description of Data Source for Metrics: Reports will be created in the housing management software to retrieve data related to the metrics and imported into an Excel spreadsheet for further analysis. A secondary reporting mechanism will be developed to collect data from partnering agencies. The partnering agency will collect and input data into an Excel spreadsheet designed to analyze and present the data in a dashboard format. The data will be collected from the partnering agency on a monthly basis. Data will be analyzed on an annual basis and summarized in dashboard format.

Need/Justification for MTW Flexibility: Broader Uses of Funds Authority amendment. SDHC will adhere to all requirements set forth in PIH Notice 2011-45.

Broader Uses of Funds Authority enables SDHC to create a local, non-traditional tenant-based rental assistance program.

<p>2010-1. Implement a revised inspection protocol</p>	<p>The modified inspection protocol reduces the number of required inspections by placing qualifying units on a Biennial Inspection Cycle and allowing owners to self-certify Housing Quality Standards for minor fail items. Update: Results for HQS inspections occurring before implementation of the activity may not be considered for purposes of placement on the biennial inspection cycle. Modifying the activity to remove the qualifying criteria and authorize placement of all MTW units onto a Biennial Inspection Cycle. Through the initiative, SDHC will modify the requirements to "gain entry" into every 24 months to make a "first attempt to access" the unit every 24 months to comply with Federal requirements.</p>	<p>2010</p>	<p>October 1, 2009 & June 1, 2010</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>

SECTION IV – APPROVED MTW ACTIVITIES

<p>2010-7. Adopt a local interim certification policy</p>	<p>The local interim policy applies to non-elderly/non-disabled households and limits the number of interim adjustments to income to once in a 12 month timeframe. Additionally, decrease of income interims will be granted only if the loss of income is through no fault of the family, the decreased income results in a decrease to the rent portion greater than 20 percent, the decrease is not due to a sanction on public assistance income, and the family provides verification of eligibility or ineligibility for unemployment benefits if the reduced income is due to loss of employment. Update: The policy applies to work-able families as defined under Path to Success. The activity utilizes the authority to implement an interim certification protocol differing from current mandates, thus allowing for locally driven policies concerning income change interims for families categorized as "Work-Able". Re-proposed in the Fiscal Year 2012 Plan Amendment to adopt a policies stating an interim adjustment of income will not be processed unless the change to the rent portion is greater than 20% and the loss of income must not occur through fault of the family.</p>	<p>2010</p>	<p>July 1, 2011</p>	<p>N/A</p>	<p>Baselines, benchmarks, and metrics were modified in the Fiscal Year 2012 Plan Amendment due to the re-proposal.</p>	<p>N/A</p>

Authorizations waived allow SDHC to project-base 100 percent of the units in a development; create project-specific waitlists; require the provision of supportive services in a development; utilize creative measures to allocate PBV in vacant and foreclosed properties; and designate greater than 20 percent of SDHC's allocation to PBV. Re-proposed in the Fiscal Year 2015 Plan to adopt additional flexibilities to require residents to participate in supportive services as a condition of tenancy; allow project-specific waiting lists maintained by the owners or non-profit providers; approve exception payment standards exceeding 110 percent of the FMR without requiring HUD approval; and increase the number of designated PBV units in a contract after the first three years of the contract have elapsed.</p>	<p>2010</p>	<p>September 1, 2009</p>	<p>N/A</p>	<p>N/A</p>	<p>N/A</p>

2010-8. Establish an HCV homeownership program	A homeownership program was created to assist income-eligible HCV participants with purchasing a home. Housing assistance payments are utilized to assist with a mortgage payment rather than as a rental payment. Incentives to purchase a foreclosed home are also program components. Waivers were enacted to modify the eligibility requirements for the program related to the minimum monetary threshold for savings accounts as well as implement the incentives for purchasing foreclosed homes.	2010	October 1, 2009	July 1, 2014	The program was placed on hold due to decreasing housing stock and the resulting increasing housing prices, thus creating a housing market no longer accessible to low-income Housing Choice Voucher participants. New applications were no longer be accepted effective July 1, 2014 for the program. Families currently participating in the homeownership program continue to receive assistance.	N/A	Re-implementation of the activity is currently anticipated for Fiscal Year 2018. SDHC will evaluate the program annually to determine the feasibility of re-activating the program. Criterion to be evaluated will include the level of available housing stock, median housing prices, and the administrative capacity to increase the number of Housing Choice Voucher homeowners.	N/A

2014-1. Transitional Subsidy Program for Homeless Veterans	Using Broader Uses of Funds Authority, SDHC partners with Veteran's Village of San Diego (VVSD) to craft a transitional housing program using flat subsidies paired with supportive services. SDHC provides the housing subsidy while VVSD provides the supportive services.	2014	January 1, 2014	October 1, 2014	Veteran's Village of San Diego, the intended partnering agency for the program, indicated a preference to pursue an alternative rental subsidy program.
2013-5. Homeless Veteran Project-Based Subsidy Program	Creates a local, non-traditional project-based subsidy pilot program to provide housing to veterans who are either not yet ready to enter a more regulated program or who temporarily exit a program. SDHC partners with Veteran's Village of San Diego for this activity.	2013	N/A	September 30, 2013	Veteran's Village of San Diego determined the activity as neither economically advantageous or viable under current circumstances and requested permission to close out the activity.
2013-9. New Public Housing Transition	Families transitioning out of a state-aided rental assistance program (25% TTP) to the public housing program (30% TTP) receive a transition period during which the families pay more than 25 percent but less than 30 percent of adjusted household income toward the rent portion before moving to 30 percent at the end of the transition period.	2013	N/A	September 30, 2013	The flexibility requested under this initiative will not be required.
2012-4. Project-Based Subsidy Program for the Homeless	Using Broader Uses of Funds Authority, SDHC created a program which provides a flat subsidy based on the number of authorized units in the development; all program administration is performed by the development owner with monitoring and auditing performed by SDHC.	2012	N/A	December 31, 2014	SDHC determined the program structure as not advantageous to the agency's approach to ending homelessness on the City of San Diego. Efforts are focused in other development capacities.
2011-5. Disregard retirement accounts	SDHC disregards retirement accounts when verifying an applicant or participant's assets.	2011	August 1, 2010	June 30, 2015	The re-proposal of activity 2010-6 wherein assets are eliminated from the rent calculation eliminates the need for the activity.

Describe the Activities that Will Use Only MTW Single Fund Flexibility

- SDHC was awarded \$366,000 in VASH EAF which will be used for landlord incentive and retention programs such as security deposit guarantees, landlord fairs, and damage claim payments. Similar programs may be extended to the broader MTW program since a low rental vacancy rate of 2.8 percent and intense competition for both affordable and market-rate units in San Diego may result in increasing delays in leasing units.
- SDHC utilizes single-fund flexibility to fund the Achievement Academy and Individual Development Accounts. The Achievement Academy is a learning and skills center available to families participating in the Housing Choice Voucher and Public Housing programs. Programs offered at the Achievement Academy are geared to workforce readiness and financial literacy. The Family Self-Sufficiency program is another component of the Achievement Academy. Individual Development Accounts assist participants with building assets by providing a 3:1 match with a maximum of \$3,000 in matching funds rendered by SDHC. Please see the following pages for a thorough discussion of each activity.

SINGLE FUND FLEXIBILITY ACTIVITIES

SDHC uses single-fund flexibility in support of MTW activities rather than creating numerous budgets. SDHC combines funds from public housing operating and capital fund assistance (authorized by section 9 of the United States Housing Act of 1937 [the Act]) and voucher funds (authorized by section 8 (o) of the Act) to implement a block grant/single fund budget approach to budgeting and accounting. SDHC has consolidated

public housing and HCV program funds to implement the approved Moving to Work initiatives described in previously approved MTW Plans and will continue to do so in future Plans.

SDHC uses single-fund flexibility to conduct a variety of activities geared toward self-sufficiency. The Achievement Academy offers a broad range of one-on-one services and workshops geared toward workforce preparation and financial literacy. Partnerships with a variety of external organizations specializing in their fields enable SDHC to provide assistance to participants with different interests, and skill levels. Leveraging funding from Local Initiatives Support Corporation (LISC) increases the services provided to participants. LISC provides funding and coaching to assist both staff and participants. Following the Financial Opportunity Center model created by LISC, the Achievement Academy is able to provide robust services to participants that go beyond job leads and help provide self-sufficiency. The resources offered at the Achievement Academy are a vital component of the Path to Success rent reform activity as participants are incentivized to increase income and work towards self-sufficiency. SDHC plans to continue and grow these partnerships to better serve our families and increase economic self-reliance.

The following describes services offered at the Achievement Academy:

Financial Coaching Training

All SDHC Workforce Readiness Specialists continue to utilize the LISC *Financial Counseling Model* to implement innovative coaching methods during one-on-one appointments with participants. In addition, referrals to Landeros & Associates and THRIVE allow for greater depth in addressing participant's financial needs. SDHC is also positioned to assist participants with improving credit through a partnership with Credit Builders Alliance. The ability to internally pull credit reports allows SDHC to further assist participants with accessing current credit ratings in order to begin aligning client goals for credit improvement to future financial and career goals.

Another component of the Achievement Academy is the ASPIRE program wherein SDHC operates asset building programs for youth and adult HCV participants. Asset building programs encourage families to save money to purchase homes, pursue higher education, secure reliable transportation for job-related activities, or to build small business start-up capital. Individual Development Accounts (IDAs), a component of asset building programs, are savings accounts with matching funds drawn from private or public sources. SDHC's current IDAs provide a 3:1 match for participants with a maximum of \$3,000 in matching funds. Funding for the program has been awarded through September 2016.

The chart below contains a summary of the results of the IDA activities since implementation in Fiscal Year 2011.

UPDATE ON DEMOLITION OR DISPOSITION TRANSITIONAL FUNDING (DDTF) FUNDS

SDHC anticipates receiving Capital Funds inclusive of both modernization and DDTF (Demolition or Disposition Transitional Funding) of approximately \$1.6 million annually, or \$8.0 million over the next five years. SDHC will integrate all Capital Funds into the MTW block grant. Based upon a recent Green Physical Needs Assessment of SDHC’s public housing units, SDHC anticipates approximately \$1.5 million dollars, at minimum, will be expended over the next five years on capital improvements specific to public housing, management improvements, or other traditional Capital Fund expenses.

MTW BLOCK GRANT COMMITMENTS

SDHC committed \$12 million in MTW funds to fund activities to preserve affordable housing. A Green Physical Needs Assessment (GPNA) of SDHC-owned developments identified capital repairs necessary to preserve the properties. The MTW block grant will be utilized to fund the preservation activities. Outcomes will be reported in applicable MTW Reports under activity 2011-4.

The Portfolio Management Division of SDHC will perform rehabilitation work totaling \$12 million, funded with an allocation of MTW dollars. The rehabilitation scopes of work will focus on four subsections of SDHC’s owned multifamily rental property portfolio:

- a. Forty five (45) properties funded with FHA loans; and
- b. One SDHC property owned without loan encumbrances.

The proposed rehabilitation work for item (a) will address prioritized critical capital expenditure needs (e.g., kitchen and bath cabinets, flooring, windows, plumbing, termite damage and interior doors; buildings’ mechanical [HVAC] and plumbing systems; site paving). The properties included in item (b) will receive comprehensive rehabilitation work identified in SDHC’s recently completed Green Physical Needs Assessment. In addition to “hard cost” rehabilitation expenditures, the proposed \$12 million MTW allocation will include administrative support to manage the above listed scopes of work and a project contingency line, important when rehabilitating existing structures. Please see the matrix below for a detailed breakdown of the capital improvements to be performed.

PUBLIC HEARING NOTICE AND EVIDENCE OF COMMUNITY AND RESIDENT PARTICIPATION

The San Diego Housing Commission (SDHC) formally solicited public comment on the Fiscal Year 2017 Annual Plan Draft in order to incorporate the ideas of participants, community advocates, and interested citizens into the proposed plan as well as answer questions pertaining to Moving to Work subject matter. A formal public hearing was held on February 8, 2016 at the SDHC corporate office for the purposes of educating the public and receiving comments. A public notice was circulated in three local publications (Union Tribune, Voice & Viewpoint, and La Prensa) to encourage public involvement. In an attempt to encourage further participation among San Diego residents and program clients, SDHC issued personal invitations to a selected group of participants. The individuals receiving the personal invitations were current rental assistance recipients and therefore were positioned to provide practical suggestions and feedback. All methods of invitation provided residents of San Diego with multiple options for contacting appropriate personnel with comments if unable to attend the public hearing. Overall, SDHC received positive feedback concerning the proposed initiatives. Eight individuals attended the public hearing.

The following information serves as proof of public hearing notice and community participation:

- ✓ Proof of Publication
- ✓ Public Hearing Sign-In Sheets
- ✓ Public Comment Matrix

The public comment period formally commenced on January 21, 2016 when the draft MTW Plan was posted to the SDHC website. Public noticing referenced the location of the draft Plan. The close of the public comment period occurred on February 21, 2016. The public hearing was conducted on February 8, 2016 at the Achievement Academy located at 1045 11th Avenue, San Diego, CA 92101. Seven Housing Choice Voucher participants and one SDHC staff attended the public hearing to provide comments on the proposed Plan.

APPENDIX D

NON-MTW RELATED SDHC INFORMATION

The San Diego Housing Commission (SDHC) is a leading partner in collaborative efforts to create and preserve affordable housing and to identify solutions to homelessness in the City of San Diego:

City of San Diego's Year-Round Interim Housing Program for Adults

For the first Thanksgiving in nearly three decades, the City of San Diego did not put up tents for an emergency winter shelter. Instead, homeless San Diegans are finding year-round indoor shelter in the City's permanent Interim Housing Program, administered by SDHC.

The San Diego City Council approved \$1.47 million in general funds and more than \$400,000 in Federal grant funds to create the 350-bed facility, known as the City's Interim Housing Program for Homeless Adults.

The City's Interim Housing Program, operated by St. Vincent de Paul Village at the Paul Mirabile Center at its Downtown San Diego campus, is on track to serve 2,700 homeless San Diegans during the current fiscal year (July 1, 2015 – June 30, 2016).

This is compared to approximately 1,300 homeless San Diegans who were previously served at the City's Emergency Winter Shelter tents, which operated for five months. The City's Single Adult Emergency Shelter in Barrio Logan opened on November 1, 2014, and the Veterans Emergency Winter Shelter in the Midway District opened on November 8, 2014. Both closed on April 1, 2015.

In addition, 52 percent of the homeless individuals in the City's Interim Housing Program have transitioned to longer-term housing in its first five months, compared to 26 percent who made similar transitions during the five months the shelter tents were available.

The City's Interim Housing Program provides training and counseling services to aid with the transition, with the goal of having each resident stay no longer than 45 days.

Homeless San Diegans are referred to the program through the Coordinated Assessment and Housing Placement System, which was launched in June 2014 and is used by homeless service providers in Downtown San Diego.

This system allows homeless service providers to share information with each other. They use this information to screen homeless individuals for the most appropriate housing options, based on who is most in need:

- Homeless San Diegans who have been on the street the longest; and
- The most vulnerable homeless San Diegans, based on their physical or mental health needs.

The San Diego City Council on March 24, 2015, unanimously approved the SDHC recommendation for year-round interim housing in a permanent facility for homeless San Diegans to replace the seasonal shelters the City had provided during the winter months for nearly 30 years.

Addressing the Housing Affordability Crisis in San Diego

SDHC is one of the first public housing authorities in California to develop a comprehensive blueprint to identify and make recommendations regarding the costs of developing affordable rental housing.

On December 9, 2015, SDHC presented the report, with 11 recommendations for Federal, State, and Local action, to the San Diego City Council's Smart Growth and Land Use Committee.

SDHC created the report in collaboration with the Coalition for Housing and Jobs, whose members include SDHC, San Diego businesses, developers, and nonprofit organizations.

The report was developed in response to concerns raised by the San Diego City Council, the City's Independent Budget Analyst, and SDHC's Board of Commissioners regarding the high cost of building affordable housing.

Under the leadership of SDHC Board of Commissioners Chairman Gary Gramling, during the Board's consideration and approval of SDHC's two-year Strategic Plan on January 17, 2014, the Board directed SDHC President & CEO Richard C. Gentry to "Pursue new funding opportunities to decrease reliance on traditional funding sources for the creation and preservation of affordable housing at the lowest possible cost."

On September 12, 2014, at a Strategic Plan Implementation Board Workshop, Commissioner Frank Urtasun, Regional Vice President of External Relations for San Diego Gas & Electric, requested that SDHC "address the construction costs of affordable housing in its Strategic Plan under Goal A, "Create and Preserve Quality Affordable Housing":

"Ensure that the most effective and cost efficient business practices are in place to create and preserve quality affordable housing."

Commissioner and Vice Chair Roberta Spoon, a Certified Public Accountant, then recommended that an additional objective be incorporated into the SDHC Strategic Plan to "Ensure that the most effective and cost efficient business practices are in place to create and preserve quality affordable housing."

In addition, the City Council's Smart Growth & Land Use Committee, chaired by Councilmember Lorie Zapf, requested the City's Independent Budget Analyst (IBA) to prepare a report about affordable housing costs and funding sources.

In February 2015, Council President Sherri Lightner and Councilmembers Lorie Zapf, Todd Gloria, Myrtle Cole, Scott Sherman, and David Alvarez wrote memoranda that provided their ideas on affordable housing costs to the City's IBA.

City of San Diego Housing Impact Fee Ordinance Amendments

Amendments to the City of San Diego Housing Impact Fee Ordinance to create additional affordable housing went into effect on January 1, 2015.

For the first time in nearly 20 years, the San Diego City Council voted 8-1 on November 10, 2014, to adopt the amendments to the Housing Impact Fee Ordinance.

The amendments, introduced to the City Council on October 21, 2014, reflected a compromise proposal presented by Councilmember Myrtle Cole. A Memorandum of Understanding negotiated by SDHC and the Jobs Coalition became the foundation of the compromise proposal.

The Housing Impact Fee, also known as the Linkage Fee, is assessed on commercial (or non-residential) development to finance affordable housing for low-income workers whose jobs are created by commercial, industrial or retail development.

Based on historical data collection, the compromise proposal is expected to generate an additional \$3 million over a five-year period above the current fee.

As drafted by the City Attorney, in accordance with prior direction from the City Council, the amendments included the following elements:

- Phase in a 100 percent increase in the Housing Impact Fee over a period of three years, beginning on January 1, 2015, which will, at the end of three years, bring the Housing Impact Fee back to its 1990 level, before it was cut in half in 1996;
- The phased-in Housing Impact Fee adjustment will not sunset;
- Exempt manufacturing, warehouse and nonprofit hospitals from the Housing Impact Fee, for the purposes of economic development;
- There will be no phased-in Housing Impact Fee adjustments for research and development construction; the fee for research and development will remain at the current 1996 fee level, for the purposes of economic development; and
- Eliminate the current San Diego Municipal Code requirement for an annual recommendation to the City Council for Housing Impact Fee updates based on a construction cost index.

Re: San Diego Housing Commission FY 2017 Annual MTW Plan Approval

Dear Mr. Gentry:

The Department of Housing and Urban Development has completed its review of the San Diego Housing Commission's (SDHC) Annual Moving to Work (MTW) Plan for Fiscal Year 2017, initially submitted on April 14, 2016, with revisions submitted on June 23, 2016 and June 28, 2016. I am writing to inform you that the Plan, as submitted on June 28, 2016, is approved.

While the Department is supportive of the SDHC's efforts, this approval does not necessarily constitute an endorsement of any particular policies described in the Plan. In providing assistance to families under programs covered by this Plan, the SDHC must comply with the rules, standards and policies established in the Plan. Also, the approved Plan and all required attachments and documents should be available for review and inspection at the SDHC's principal office during normal business hours.

If you have any questions, please contact Ebony Gayles, your MTW Coordinator, at 202-402-2166. We look forward to continuing to work with you and your staff as the SDHC moves forward with implementing its MTW program.

Sincerely,
