implement this approval and delegation of authority by the Housing Commission upon advice of General Counsel.

#### **SUMMARY**

#### The Permanent Supportive Housing Development

The Vista del Puente (VDP) development is supported by HOUSING FIRST – SAN DIEGO, the Housing Commission's three-year Homelessness Action Plan (2014-17). VDP received a funding award of \$3 million through the Permanent Supportive Housing Notice of Funding Availability that was released by the Housing Commission on October 7, 2015, in the second year of HOUSING FIRST – SAN DIEGO.

HOUSING FIRST – SAN DIEGO includes awarding up to \$30 million over three years (up to \$10 million per year), along with up to 300 Federal rental housing vouchers per year, to create permanent supportive housing that will remain affordable for 55 years. The Housing Commission announced HOUSING FIRST – SAN DIEGO on November 12, 2014 HOUSING FIRST – SAN DIEGO will impact the lives of as many as 1,500 homeless San Diegans.

VDP is a proposed new construction affordable housing development located at 3934 Gamma Street and 1510 South 40<sup>th</sup> Street in the Southcrest Neighborhood of Southeastern San Diego (Attachment 1). VDP will provide housing opportunities for 26 homeless Veteran households and 12 additional homeless households utilizing the Housing First model – to provide housing as quickly as possible, with supportive services as needed. The Housing First model emphasizes permanent housing with supportive services as a primary strategy to stabilize tenants and address homelessness. Once a person moves into permanent housing, case management and wraparound services will be provided by a residential homeless service provider. The developer has applied for 38 Federal Project-Based Housing Vouchers from the Housing Commission to supplement tenant rental payments and subsidize the provision of services for these households[CC1].[TM2] In addition to the 38 permanent supportive housing units, 13 traditional affordable housing units will be provided for individuals and families. A development summary is included as Attachment 2.

The Housing Commission has partnered with the Regional Task Force on the Homeless, Inc. to enable homeless service providers in the city of San Diego to utilize a Coordinated Assessment and Housing Placement database system (CAHP) for homeless individuals, using the Homeless Management Information System (HMIS). CAHP allows homeless service providers to share information with each other. The information is used to screen homeless individuals for the most appropriate housing options based on who is most in need:

- Homeless San Diegans who have been on the street the longest
- The most vulnerable San Diegans, based on their physical or mental health needs.

The developer and service provider will agree to participate in the CAHP and maintain client data in the HMIS, as required by the Housing Commission.

VDP will have approximately 2,500 square feet of community space that will be used for on-site case management and social services. Townspeople proposes to be the lead service provider providing case management and service coordination. Townspeople proposes to partner with Veterans Village of San Diego[AK3] to provide services to the Veteran population. As San Diego's largest provider of transitional housing for homeless Veterans, Veterans Village of San Diego will provide mental health services,

substance abuse recovery, job training and job placement assistance to the Veteran population. Townspeople will develop counseling and service programs tailored to meet the specific needs of the residents during intake assessment and will provide services such as case management, crisis intervention, goal setting, educational programs and coordination of access to community-based resources.

The proposed affordable housing development is a three-story, 61,346 square-foot building, composed of 52 units. The unit mix contains6 one-bedroom, 30 two-bedroom and 13 three-bedroom units. An expansive community room on the ground floor will feature flexible spaces to accommodate resident counseling as well as resident services programs. Other project amenities include manager and resident services offices, secured entry, tot lot, barbecue area and laundry room.

#### **Development Team**

During the 15-year tax credit compliance period, VDP will be developed and owned by a California limited partnership (a single-asset limited partnership) consisting of: 1) NCRC as the Administrative General Partner; 2) Townspeople as the Managing General Partner; and 3) a tax credit limited partner.

NCRC is a large nonprofit affordable housing developer with a 20-year history in real estate development, property management and social services. NCRC has developments in four states with a portfolio composed of 77 assets totaling 8,384 units. Developments located in San Diego include Talmadge Senior Village, Parkside Apartments, Vista Terraza and Vista Terraza II.

Townspeople is a property owner that specializes in serving special needs populations and providing supportive services to residents of San Diego. Townspeople currently owns three affordable developments composed of 66 units.

Townspeople and NCRC are currently in compliance with all previous Housing Commission loans and bond issuances. Due to repeated compliance issues regarding Townspeople rent and income compliance documentation at their three properties, a requirement of this loan is that the asset management and property management functions will be provided by NCRC. Developer Disclosure Statements for both NCRC and Townspeople are provided as Attachments 3a and 3b, respectively.

rAdicc4 | ITM5|Architects, the selected architecture firm for the project, is a San Diego based firm with more than 24 years of experience in development planning, new construction, expansion and remodeling of various building uses. Most recently, rAd partnered with Townspeople on the 51st Street and 34th Street affordable housing developments in San Diego[AK6].

#### **Proposed Financing Structure**

Cost

VDP has an estimated total development cost of \$20,752,293. The developer proposes to finance the project through the use of 9 percent tax credits, conventional financing, Veterans Housing & Homeless Prevention (VHHP) funding from the State of California Department of Housing & Community Development (HCD), Federal Home Loan Bank Affordable Housing Program, Funders Together to End Homeless funding and Housing Commission residual receipts loan.

Total development costs and sources and uses of funds are detailed in the pro forma attached to this report (Attachment 4) and summarized below.

#### Proposed Funding Sources

The proposed Housing Commission loan will be funded with up to \$2,800,000 in U.S. Department of Housing and Urban Development (HUD) HOME Investment Partnerships Program funds granted to the City of San Diego and administered by the Housing Commission and up to \$200,000 from the City Affordable Housing Fund (Inclusionary Housing funds and Housing Trust Fund linkage fee revenues) administered by the Housing Commission. A final determination of Housing Commission funding sources will be made by the Housing Commission's President & CEO, or designee, contingent upon budget availability. The Housing Commission's loan will be a residual receipts loan. Loan terms are provided as Attachment 5.

The Housing Commission loan is contingent upon the developer obtaining the proposed funding approvals from the California Tax Credit Allocation Committee (TCAC) for 9 percent tax credits. The developer will submit a 9 percent tax credit application to TCAC in June, and if successful in securing funding, will break ground on the development by April 2017.

In response to the HOUSING FIRST – SAN DIEGO Notice of Funding Availability, the development was reviewed by a selection committee consisting of Housing Commission staff and Funders Together to End Homelessness San Diego (Funders Together). Major philanthropists and grant makers formed Funders Together to invest in effective systems change with the goal of ending chronic homelessness throughout San Diego County. Funders Together is composed of private foundations and the United Way of San Diego County. The selection committee recommended capital funding and Federal Project-Based Housing Vouchers to provide rental assistance for the development.

#### **Development Cost Key Performance Indicators**

Housing Commission staff has identified development cost performance indicators, shown in Table 5, which were used to evaluate the proposed development and make a funding recommendation.

The Housing Commission engaged The Gordian Group, a third-party cost consultant, to evaluate the development proposal and provide construction hard cost estimates. The report issued by Gordian Group validated the developer's cost estimate for the project.

#### **Development Cost Factors**

- Project size only 52 units; larger projects benefit from economies of scale.
- Prevailing wages the Federal Project-Based Housing Vouchers require payment of prevailing wages.
- Site work The site has a considerable amount of slope issues that will be mitigated through earthwork preparation

#### **Project Comparison Chart**

There are multiple factors and variables that influence the cost of developing multifamily affordable housing, including but not limited to project location, site conditions, site improvements needed, environmental factors, land use approval process, community involvement, construction type, design requirements/constraints, economies of scale, City impact fees, developer experience and capacity, and amenities necessary to gain tax credit approval. Table 6 shows a comparison of the subject property and other projects of similar construction type.

#### AFFORDABLE HOUSING IMPACT

#### **Homeless Impact**

The 2016 San Diego Regional Homeless Point-In-Time Count identified a total of 5,093 total homeless individuals in the city of San Diego, of which 2,745 are living without shelter on San Diego streets, in canyons, beaches, riverbeds, parks, or in vehicles. The HUD Office of Community Planning and Development's 2015 Annual Homeless Assessment Report to Congress estimated that San Diego County has the fifth largest homeless population in the nation.

Under the proposed financing, VDP would restrict 100 percent of the units to renters with incomes at or below 60 percent of the Area Median Income (AMI) as shown in Table 7. The units will be restricted for 55 years under the proposed financing structure.

A portion of the targeted tenant population is extremely low-income and does not typically have a stable source of income to pay rent. The developer has applied for 38 Federal Project-Based Housing Vouchers from the Housing Commission to provide rental assistance to supplement tenant rental payments.

#### FISCAL CONSIDERATIONS

The proposed funding sources and uses approved by this action are included in the proposed Fiscal Year 2016 Housing Authority Approved Budget. Approving this action will authorize the Housing Commission to expend an amount up to \$3,000,000 in FY2017 budget as approved by the Housing Authority.

Funding sources approved by this action will be as follows: HUD HOME Investment Partnership Program Funds – \$2,800,000 City of San Diego Affordable Housing Fund - \$200,000 Total Funding Sources - Up to \$3,000,000

Approving this action will further give the President & CEO, or designee, the authority to substitute the funding sources with other funding sources available, should the operational need arise or should such action be to the benefit of the Housing Commission and its mission.

#### PREVIOUS COUNCIL and/or COMMITTEE ACTION

On June 3, 2016, the funding recommendation was presented to the Housing Commission Real Estate Committee and was recommended to be heard at the June 17, 2016, Housing Commission Board meeting. This item is scheduled to be heard at the June 28, 2016, meeting of the Housing Authority of the City of San Diego.

#### COMMUNITY PARTICIPATION and PUBLIC OUTREACH EFFORTS

The project was presented to the Southeastern San Diego Planning Group as an informational item on May 9, 2016.

June 9, 2016 Loan Recommendation for Vista Del Puente Page 8

#### **KEY STAKEHOLDERS and PROJECTED IMPACTS**

Stakeholders include NCRC, Townspeople and the Southeastern Community Plan Area. Development of the property is expected to have a positive impact on the community because it will redevelop a vacant lot to affordable rental units serving homeless individuals and families.

#### **ENVIRONMENTAL REVIEW**

Although the action before the Housing Authority at this time involves only consideration of the loan, both it and the proposed development activity the loan supports are covered under the Final Environmental Impact Report (FEIR) (Project No. 386029/SCH No. 2014051075) for the Southeastern San Diego Community Plan, certified by the City Council of the City of San Diego on November 16, 2015. The FEIR is a "Program EIR" which was prepared in compliance with California Environmental Quality Act (CEQA) Guidelines Section 15168. The Planning Department has conducted a Consistency Review confirming that the project, as proposed, is consistent with the Community Plan and underlying zoning, and is therefore adequately addressed in the FEIR, and that there are no changes in circumstance, additional information, or project changes to warrant additional environmental review. Additionally, requirements of the adopted Final Mitigation, Monitoring and Reporting Program (MMRP) for the Final EIR will be applied at the time of project review and permitting.

HOME [CC8] [CS9] Investment [TM10] Partnerships Program (HOME) funds constitute a portion of the funding for the project. A final reservation of HOME funds shall occur only upon satisfactory completion of environmental review and receipt by the City of San Diego of a release of funds from the U.S. Department of Housing and Urban Development under 24 CFR Part 58 of the National Environmental Policy Act (NEPA). The parties agree that the provision of any HOME funds to the project is conditioned on the City of San Diego's determination to proceed with, modify or cancel the project based on the results of subsequent environmental review under NEPA[CC11].
