The Development

The Radisson Hotel community will serve seniors age 55 and older with low income. The proposed project includes 175 affordable units, of which 44 units would receive help to pay their rent through Project-Based Housing Vouchers awarded by the Housing Commission. Extensive services will be provided to residents all of the units.

Site and construction improvements will convert 178 existing guest rooms into 175 affordable studios for seniors and three two-bedroom manager's units. Several areas that previously supported hotel operations on the first floor will be converted into apartments, which will allow the creation of two-bedroom units for the on-site management team. The existing facility includes ample common area space such as a large lobby, business center, fitness center, restaurant (both indoor and outdoor space) and significant convention meeting space. An extensive community room with game area, TV lounge and community kitchen will be created within both of the existing convention meeting space areas near the lobby area on the first floor towards the main entrance. While the jacuzzi will likely be maintained, the main pool area is expected to be demolished and reconfigured as a garden area residents.

The existing convention meeting space will also be utilized to provide property management and social service offices. The existing lobby space will be used to provide mailboxes and a welcome area for the property. The business center will be converted into a computer room for residents. The restaurant space will continue to provide for food preparation for the future senior residents. San Ysidro Health will provide food services three to five days a week for the residents. An existing large laundry room on the first floor will continue to operate as the community's laundry room.

Services

Extensive resident services and case management will be provided by San Ysidro Health (Lead Service Provider) and EnGAGE). ConAm Management Corp. will be the property manager. Affirmed Housing Group is the sole developer.

San Ysidro Health (SYH) is a nonprofit organization committed to providing high-quality, compassionate, accessible, and affordable health care services. SYH has 50 years of experience providing health care services, including medical and dental clinics, behavioral health centers, HIV centers, WIC nutrition centers, mobile medical units, school-based health centers, chiropractic services, pediatric developmental clinic, teen clinic, senior health center and Program for All Inclusive Care for the Elderly (PACE) to more than 107,000 patients. SYH has 42 program sites across San Diego County. SYH will provide a voluntary mini-day program with food service and activities. SYH services will not be paid out of the operating budget, rather SYH will receive payment through their normal programs.

EnGAGE will provide all affordable units will receive services outlined below, on-site: Programs and Services to the residents of the Community for a minimum of 84 hours annually including but not limited to: classes, programs and events in Adult Education, Health and Wellness, Lifelong Learning, Art and Creativity and Community Building, Intergenerational programming, Community Outreach and Resource Referrals. In addition, Agent shall provide one Full Time Equivalent ("FTE") Service Coordinator with responsibilities including but not limited to: (a) providing tenants with information about available services in the community, (b) assisting tenants to access services through referral and advocacy, and (c) organizing community-building and/or other enrichment activities for tenants (such as holiday events, tenant council, etc.)

Developer's Request

Affirmed Housing Group Inc., submitted an application in response to the Housing Commission's Notice of Funding Availability (NOFA) for Traditional Capital Funds and Vouchers (non-permanent supportive housing). On January 8, 2021, Housing Commission staff provided a preliminary recommendation of award for a residual receipts loan of up to \$4,500,000 and 44 Project-Based Vouchers Housing Vouchers (PBV) for the RB Radisson Hotel Conversion project.

The Property

The site's low-income Multifamily Residential use allows for affordable housing by-right and has a ground floor commercial requirement that can be eliminated by using a development incentive. Multifamily affordable residential uses are permitted by-right in the CV-1-1 zone, per LDC Table 131-05B, and ground floor commercial is required in LDC 131-0540. The affordable housing density bonus program and AB 1763 provide the tools to maximize the density on the site over the 177 hotels suites that were approved in the site's existing development permit: PCD 86-0630. Affirmed Housing will utilize the City's 100 percent density bonus program in LDC section 143.0720(i)(7) to allow for up to 210 dwelling units within the 3.61-acre site. In addition, Assembly Bill 1763 provides an option for 100 percent affordable projects within a half mile of a major transit station to develop with no maximum residential density. Affordable housing density bonus projects qualify for a specific number of development incentives and an unlimited number of waivers. One of the development incentives or waivers can be requested to eliminate the ground floor commercial requirement.

Appraisal

A January 26, 2021, appraisal of the subject site, conducted by Integra Realty Resources, valued the subject property at \$29,030,000.

Prevailing Wages

RB Radisson Hotel Conversion proposes to use U.S. Department of Housing and Urban Development (HUD) Project-Based Housing Vouchers, as well as HOME Investment Partnerships Program funds, which will require the project to pay federal Davis-Bacon prevailing wages.

Project Sustainability

RB Radisson Hotel Conversion will be constructed in conformance with the California Tax Credit Allocation Committee's (TCAC) minimum energy efficiency standards. The project will feature upgraded HVAC units, low-flow water fixtures, native landscaping and Low-flow irrigation, recycled trash areas, led lighting, and a solar photovoltaic and/or solar hot water heating system. The RB Radisson will be built to Greed Point Rated "Build it Green" certification.

Accessibility

TCAC requires wheelchair accessibility in 10 percent of the units, and 4 percent of the units accessible to residents with visual and/or hearing impairment. In the event HOME funds are used to fund the development, these accessible units will satisfy the HOME accessibility requirement in 5 percent of the units, plus an additional 2 percent of the units accessible for residents with visual and/or hearing impairment. The same units can satisfy both of these accessibility requirements.

Relocation

The site is currently operating as a hotel. The building will be vacant at the time of the sale to the developer and will not require any tenant relocation.

Development Team

Affirmed Housing Group will act as the General Partner and development lead. Affirmed will obtain all necessary funding; oversee all development activities, including but not limited to selection of the development team; direction of all the entitlements, design, and construction related to the project; and management of the limited partnership for the life of the project. The partnership will also include a managing general partner (nonprofit), and an investor limited partner that will be named later.

Affirmed is an award-winning, San Diego-based, for-profit development company that specializes in affordable housing. Since its start in 1992, Affirmed has completed and is under construction on a total of 61 communities with more than 4,700 affordable rental and for-sale apartments and homes. The Affirmed pipeline of projects currently includes more than 1,300 apartments throughout California, each at various stages of development. Affirmed has secured more than \$1.85 billion of tax credit, conventional, and other financing for affordable housing projects since 1992. Recent developments include new construction as well as acquisition and substantial rehabilitation in San Diego, Los Angeles, Riverside, Orange, Santa Clara and Alameda counties. Recent notable projects in City of San Diego include the 88-unit Link apartments, 160-unit Bluewater & Stella Apartments and the 85-unit Zephyr Apartments, which converted a former motel into permanent supportive housing for veterans who experienced homelessness. Affirmed has successfully developed multiple affordable rental housing developments in San Diego using Housing Commission loan funds and is in full compliance on its previous Housing Commission-funded loans.

It was established in 1975 and is experienced in property management, marketing, leasing, maintenance, renovations, and tax credit developments.

The Housing Commission's proposed \$4,500,000 residual receipts loan will be funded with \$4,000,000 of HOME Investment Partnerships program (HOME) funds, awarded by HUD to the City of San Diego and administered by the Housing Commission, and \$500,000 from the City of San Diego's Housing Trust Fund, which the Housing Commission administers.. The total amount of funding sources shall not exceed \$4,500,000. A final determination of Housing Commission funding sources will be made by the

RB Radisson Bond & Loan Recommendation and Preliminary Bond Authorization Page 7

Housing Commission's President & CEO, or designee, contingent upon budget availability. The proposed loan terms are summarized at Attachment 5.

The Housing Commission requires affordable housing developers to pursue all viable sources of funding to reduce the financing gap and amount of Housing Commission subsidy required. If other funding is secured, proceeds will first be used to make an adjustment to reduce the Housing Commission's loan.

<u>Developers' Fee</u> \$4,060,000 – gross developer fee -\$965,666 – deferred developer fee \$3,094,334 – net cash developer fee

On April 25, 2017, the Housing Authority approved the "Request for Approval of Updated Developer Fees" (HAR17-011). That report approved certain developer fee guidelines for multifamily loans and bonds issuances. That report at its Attachment 1 states: "Developer fee for 4% tax credits: in project costs 15% of eligible basis...." For the RB Radisson Hotel Conversion development the developers are proposing a \$4,060,000 total developer fee which complies with HAR17-011. The net cash developer fee shall be \$3,094,334 provided, however, that in the event financing terms or construction costs change and result in a financing gap, the developer may defer additional developer fee. The fee proposed is consistent with the Request for Approval of Updated Developer Fees (HAR17-011) approved by the Housing Authority on April 25, 2017.

Development Cost Key Performance Indicators

Housing Commission staff has identified development cost performance indicators that are used to evaluate proposed developments and make a funding recommendation. The key performance indicators listed in Table 4 are commonly used by real estate industry professionals and affordable housing developers.

Table 4 – RB Radisson Hotel Conversion Key Performance Indicators

Development Cost Per Unit	\$49,695,414 ÷ 178 units =	\$279,188
Housing Commission Subsidy Per Unit	\$4,500,000 ÷ 178 units =	\$25,281
Acquisition Cost Per Unit	\$27,900,000 ÷ 178 units =	\$156,742
Gross Building Square Foot Hard Cost	\$10,543,500 ÷ 84,420 sq. ft. =	\$125
Net Rentable Square Foot Hard Cost	\$10,543,500 ÷ 73,056 sq. ft. =	\$144

Project Comparison Chart

Multiple factors and variables influence the cost of developing multifamily affordable housing, including but not limited to project location, site conditions, environmental factors, land use approval process, community involvement, construction type, design requirements/constraints, economies of scale, City fees, developer experience and capacity, and the mission and goals of the organization developing the project. Similar construction-type developments (completed or approved) over recent years are listed in Table 5. These developments are similar in terms of new construction, target population, and construction type and are provided as a comparison to the RB Radisson Hotel Conversion development.

Proposed Housing Bonds

The Housing Commission utilizes the Housing Authority's tax-exempt borrowing status to pass on lower interest rate financing (and make 4 percent low-income housing tax credits available) to developers of affordable rental housing. The Housing Authority's ability to issue bonds is limited under the U.S. Internal Revenue Code. To issue bonds for a development, the Housing Authority must first submit an application to CDLAC for a bond allocation. Prior to submitting applications to CDLAC, developments are brought before the Housing Commission.—Housing Commission bond inducement resolutions must be obtained prior to application submittal, and Housing Commission TEFRA resolutions must be secured no later than 30 days after application submittal. These actions do not obligate the Housing Authority to issue bonds.

The developer plans to submit a bond allocation application to CDLAC on May 13, 2021, for an August 11,-2021, bond allocation meeting (dates are subject to CDLAC's discretion); however, if necessary, staff will submit additional applications to CDLAC to secure a bond allocation for the development.

The developer will be seeking a CDLAC bond allocation of approximately \$32,500,000 in tax-exempt Multifamily Housing Revenue Bonds. The developer proposes to have the Housing Authority issue the bonds through a tax-exempt private placement bond issuance. The bonds will meet all requirements of the Housing Commission's Multifamily Housing Revenue Bond Program policy and will fully comply with the City of San Diego's (City) ordinance on bond disclosure.

The developer proposes that the bonds will be used to provide construction and permanent financing for the project. Housing Commission staff will later return to both the Housing Commission and Housing Authority for approval of the final bonds and transaction documents. A general description of the Multifamily Housing Revenue Bond Program and the actions that must be taken by the Housing Authority and by the City Council to initiate and finalize proposed financings are described in Attachment 5.

Staff recommends assigning Orrick, Herrington & Sutcliffe LLP as Bond Counsel and Ross Financial as Financial Advisor to work on the development. The proposed financing team members have been selected in accordance with the existing policy for the issuance of bonds. Financial Advisors and Bond Counsels are selected in accordance with the Housing Commission's Bond Policy.

AFFORDABLE HOUSING IMPACT

RB Radisson Hotel Conversion will be subject to a Housing Commission Declaration of Covenants and Restrictions, in addition to applicable tax credit and bond regulatory agreements, which will restrict affordability of 175 units for 55 years.

Under the subject proposal the rent of 44 units will be partially subsidized by revenue from HUD Project-Based Vouchers (PBV) that the Housing Commission administers. Under the terms of these PBV's tenants will pay no more than 30 percent of their income toward their rent, and the units will remain affordable to seniors earning income levels at or below 30 percent of San Diego's Area Median Income (AMI). The remaining 131 affordable units will charge rents affordable to tenants earning no more than 60 percent of San Diego's AMI.

Development within the Downtown Community Planning area is also covered under the following documents, all referred to as the "CAP FEIR": FEIR for the City of San Diego Climate Action Plan (CAP), certified by the City Council on July 12, 2016 (City Council Resolution R-310596). The Downtown FEIR and CAP FEIR are both "Program EIRs" prepared in compliance with California Environmental Quality Act (CEQA) September 26, 2019 Guidelines Section 15168. The information contained in the Downtown FEIR and the CAP FEIR reflects the independent judgement of the City of San Diego as the lead agency. The Downtown FEIR and CAP FEIR are located on the City of San Diego's website: (https://www.sandiego.gov/planning/programs/ceqa#Final CEQA Documents). FEIR. If the evaluation concludes that the environmental impacts of the project were adequately addressed in the Downtown FEIR and CAP FEIR, the project within the scope of the development program described within both documents for the purposes of CEQA; and, that none of the conditions listed in Section 15162 exist, no further environmental documentation will be required under CEQA. Approval will occur once the environmental review has been completed in accordance with CEQA Section 15004. This action will not foreclose review of alternatives or mitigation measures by the public as part of the CEQA process.

National Environmental Policy Act

Federal funds will constitute a portion of the funding for the project. A final reservation of federal funds shall occur only upon satisfactory completion of the environmental review and receipt by the City of San Diego of a release of funds from the U.S. Department of Housing and Urban Development under 24 CFR Part 58 of the National Environmental Policy Act (NEPA). The parties agree that the provision of any federal funds to the project is conditioned on the City of San Diego's determination to proceed with, modify, or cancel the project based on the results of a subsequent environmental review under NEPA.

HOUSING COMMISSION MULTIFAMILY HOUSING REVENUE BOND PROGRAM SUMMARY

General Description: The multifamily housing bond program provides below-market financing (based on bond interest being exempt from income tax) for developers willing to set aside a percentage of project units as affordable housing. Multifamily housing revenue bonds are also known as "private activity" bonds because the projects are owned by private entities, often including nonprofit sponsors and for-profit investors.

Bond Issuer: Housing Authority of the City of San Diego. There is no direct legal liability to the City, the Housing Authority or the Housing Commission in connection with the issuance or repayment of bonds. There is no pledge of the City's faith, credit or taxing power nor of the Housing Authority's faith or credit. The bonds do not constitute a general obligation of the issuer because security for repayment of the bonds is limited to specific private revenue sources, such as project revenues. The developer is responsible for the payment of costs of issuance and all other costs under each financing.

Affordability: Minimum requirement is that at least 20% of the units are affordable at 50% of Area Median Income (AMI). Alternatively, a minimum of 10% of the units may be affordable at 50% AMI with an additional 30% of the units affordable at 60% AMI. The Housing Commission requires that the affordability restriction be in place for a minimum of 15 years. Due to the combined requirements of state, local, and federal funding sources, projects financed under the Bond Program are normally affordable for 30-55 years and often provide deeper affordability levels than the minimum levels required under the Bond Program.

Rating: Generally "AAA" or its equivalent with a minimum rating of "A" or, under conditions that meet IRS and Housing Commission requirements, bonds may be unrated for private placement with institutional investors (typically, large banks). Additional security is normally achieved through the provision of outside credit support ("credit enhancement") by participating financial institutions that underwrite the project loans and guarantee the repayment of the bonds. The credit rating on the bonds reflects the credit quality of the credit enhancement provider.

Approval Process:

- Inducement Resolution: The bond process is initiated when the issuer (Housing Authority) adopts an "Inducement Resolution" to establish the date from which project costs may be reimbursable from bond proceeds (if bonds are later issued) and to authorize staff to work with the financing team to perform a due diligence process. The Inducement Resolution does not represent any commitment by the Housing Commission, Housing Authority, or the developer to proceed with the financing.
- TEFRA Hearing and Resolution (Tax Equity and Fiscal Responsibility Act of 1982): To assure that projects making use of tax-exempt financing meet

appropriate governmental purposes and provide reasonable public benefits, the IRS Code requires that a public hearing be held and that the issuance of bonds be approved by representatives of the governmental unit with jurisdiction over the area in which the project is located (City Council). This process does not make the City financially or legally liable for the bonds or for the project.

[Note: It is uncommon for the members of the City Council to be asked to take two actions at this stage in the bond process---one in their capacity as the City Council (TEFRA hearing and resolution) and another as the Housing Authority (bond inducement). Were the issuer (Housing Authority) a more remote entity, the TEFRA hearing and resolution would be the only opportunity for local elected officials to weigh in on the project.]

- Application for Bond Allocation: The issuance of these "private activity bonds" (bonds for projects owned by private developers, including projects with nonprofit sponsors and for-profit investors) requires an allocation of bond issuing authority from the State of California. To apply for an allocation, an application approved by the Housing Authority and supported by an adopted inducement resolution and by proof of credit enhancement (or bond rating) must be filed with the California Debt Limit Allocation Committee (CDLAC). In addition, evidence of a TEFRA hearing and approval must be submitted prior to the CDLAC meeting.
- Final Bond Approval: The Housing Authority retains absolute discretion over the issuance of bonds through adoption of a final resolution authorizing the issuance. Prior to final consideration of the proposed bond issuance, the project must comply with all applicable financing, affordability, and legal requirements and undergo all required planning procedures/reviews by local planning groups, etc.
- Funding and Bond Administration: All monies are held and accounted for by a third party trustee. The trustee disburses proceeds from bond sales to the developer in order to acquire and/or construct the housing project. Rental income used to make bond payments is collected from the developer by the trustee and disbursed to bond holders. If rents are insufficient to make bond payments, the trustee obtains funds from the credit enhancement provider. No monies are transferred through the Housing Commission or Housing Authority, and the trustee has no standing to ask the issuer for funds.

Bond Disclosure: The offering document (typically a Preliminary Offering Statement or bond placement memorandum) discloses relevant information regarding the project, the developer, and the credit enhancement provider. Since the Housing Authority is not responsible in any way for bond repayment, there are no financial statements or summaries about the Housing Authority or the City that are included as part of the offering document. The offering document includes a paragraph that states that the Housing Authority is a legal entity with the authority to issue multifamily housing bonds and that the Housing Commission acts on behalf of the Housing Authority to issue the

bonds. The offering document also includes a paragraph that details that there is no pending or threatened litigation that would affect the validity of the bonds or curtail the ability of the Housing Authority to issue bonds. This is the extent of the disclosure required of the Housing Authority, Housing Commission, or the City. However, it is the obligation of members of the Housing Authority to disclose any material facts known about the project, not available to the general public, which might have an impact on the viability of the project.
