# The Development

The Iris at San Ysidro is a proposed 100-unit, new construction, affordable, transit-oriented, family development with a permanent supportive housing component. Once completed it will consist of 42 onebedroom, 32 two-bedroom and 26 three-bedroom apartments, including one unrestricted manager's unit. National CORE was awarded 25 Project-Based Housing Vouchers for low-income families with income at or below 30 percent of San Diego's Area Median Income (AMI). These tenants will be selected from the Housing Commission's Project-Based Housing Voucher waiting list and will receive supportive services from Hope through Housing Foundation. These 25 units assist families with low income; they

are not permanent supportive housing units for families experiencing homelessness. Pursuant to restrictions from a County of San Diego "No Place Like Home" (NPLH) third-party loan, 15 of the Iris's one-bedroom units will be set aside as permanent supportive housing for adults experiencing chronic homelessness, at risk of chronic homelessness, or at risk of homelessness with a serious mental disorder, with income up to 25 percent of San Diego's Area Median Income (AMI)..

The building will employ type V-A wood frame construction over four stories. The single structure will be built on grade and feature 104 surface parking spaces.

The development will be located at 1663 Dairy Mart Road, within the San Ysidro Community Plan and within a half mile of the Iris Trolley Station (see Attachment 2 Site Map) – qualifying the site as part of the City's Transit Planning Area. The development is designed to function as a pedestrian-friendly housing option ideal for working persons and households interested in using public transportation, and related sustainable alternatives, as part of their transportation plan. Developers are incorporating several features designed to assist "last mile" solutions that connected residents to public transportation. Resident will be provided access to electric vehicle charging station spaces, bike racks and bike lockers at both the development site and the nearby trolley station. In addition to the trolley, the site is served by a Metropolitan Transit System bus line and features easy connections to nearby health and wellness facilities, senior centers and neighborhood eateries.

#### Services

Iris at San Ysidro residents will have access to a range of dedicated permanent supportive housing and general community services. Residents referred as part of the County of San Diego's NPLH program will be directed mental and health services provided by the County directly or through a subcontracted lead service provider. Depending on client need, these services could include case management, crisis counseling, ongoing mental health care peer support, links to other mental or dental care, enrollment in Medi-Cal or other public assistance, and training workshops teaching cooking, unit maintenance, money management and other life skills.

All residents will have access to a range of organized community activities, including social events and celebrations, health and wellness classes, and financial education. Hope through Housing Foundation, a National CORE-affiliated nonprofit that has been providing resident services at many of their properties, has been engaged to act as the service coordinator.

# Developer's Request

In response to the Housing Commission's Fiscal Year (FY) 2020 Notice of Funding Availability (NOFA), Iris at San Ysidro, LP and National CORE submitted an application for a loan and federal Project–Based Housing Vouchers (PBV) for the Iris development. On March 11, 2020, Housing Commission staff provided a preliminary recommendation of award of a residual receipts loan up to \$2,300,000, subject to Housing Commission Board approval, and 25 PBVs for the 100-unit Iris development.

The nonprofit developer, National CORE, proposes to construct 100 new apartment units, with financing that would include the proposed Housing Commission loan, a 9 percent tax credits allocation from the California Tax Credit Allocation Committee (CTCAC), an NPLH loan from the County of San Diego, and other necessary third-party financing as described in this report.

### The Property

National CORE holds a purchase option for the development site at 1663 Dairy Mart Road in San Ysidro (Attachment 2 Site Map). The 1.66-acre, triangular lot is currently improved with two single-family homes and a large storage building. The development plan calls for all existing structures to be razed and all current residents to be relocated, subject to a relocation plan conforming to the relevant California Debt Limit Allocation Committee (CDLAC) and State regulations.

## Appraisal

An October 30, 2020, appraisal of the subject site, conducted by Kinetic Valuation Group, valued the property at \$6,000,000.

## Prevailing Wages

Iris at San Ysidro's proposed use of 25 U.S. Department of Housing and Urban Development Project-Based Housing Vouchers, administered by the Housing Commission, will require the project to pay prevailing wages.

## Project Sustainability

Iris at San Ysidro will be constructed in conformance with the California Tax Credit Allocation Committee's (CTCAC) minimum energy efficiency standards. The developers will achieve a minimum LEED Silver or equivalent certification. Planned green features include energy-efficient appliances and water-saving volatile organic compound (VOC) paints. Landscape architecture will be designed using drought-tolerant and native plants.

#### Accessibility

CTCAC requires wheelchair accessibility in 10 percent of the units, and 4 percent of the units accessible to residents with visual and/or hearing impairment. The same units can satisfy both of these accessibility requirements. If HOME Investment Partnerships Program funds are used to fund the development, these accessible units will satisfy the HOME accessibility requirement in 5 percent of the units, plus an additional 2 percent of the units accessible for residents with visual and/or hearing impairment.

#### Relocation

The developer plans to demolish three existing buildings, consisting of a storage building and two occupied residential buildings. In accordance with state and federal relocation regulations, the developer will provide relocation assistance to all residents.

#### **Development Team**

The developer is National Community Renaissance of California (National CORE). The proposed borrower will be Iris at San Ysidro L.P., which will have National CORE as its General Partner and a tobe-determined tax credit investor limited partner (Attachment 3). National CORE is an award-winning nonprofit corporation headquartered in Rancho Cucamonga, California. It was established in 1992. National CORE has more than 8,460 rental units under ownership in four states, including 6,700 rental units in Southern California. It is a vertically integrated company with in-house construction and property management. National CORE has acted as the developer on previous affordable housing developments that utilized Housing Commission loans. National CORE is in full compliance on its previous Housing Commission loans. Based upon the developer's past experience and performance, Housing Commission staff have determined that the developer has the capacity to successfully complete the proposed Iris at San Ysidro development.

## FINANCING STRUCTURE

The Iris at San Ysidro has an estimated total development cost of \$50,113,367 (\$501,134/unit). Financing will include a combination of federal 9 percent tax credits, No Place Like Home funding from the County of San Diego, a proposed \$2,300,0000 Housing Commission loan, and \$1,100,000 in deferred developer fee. The estimated permanent total development cost sources and uses are detailed in the pro forma attached to this report (Attachment 4), and summarized in Table 3 below.

Financing Sources	Amounts	Financing Uses		Amounts	Per Unit
Permanent loan (third party lender)	\$12,660,111	Acquisition		\$ 6,288,000	\$ 62,880
County of San Diego NPLH residual loan	3,290,265		costs 1,585,422 nstruction	33,293,870	332,939
Housing Commission proposed loan	2,300,000	Financing costs		3,120,571	31,206
RTCIP/DIF fee waivers	403,707	Other soft costs		2,340,799	23,408
Deferred Developer Fee	1,100,000	Permits and fees		2,275,923	22,759
Nine percent tax credit equity	30,350,439	Total reserves		585,359	5,854
		Developer Fee		2,200,000	22,000
Total Development Cost	\$50,104,522	<b>Total Development Cos</b>	t (TDC)	\$50,104,522	\$501,045

The Housing Commission's proposed \$2,300,000 residual receipts loan will be funded with \$2,300,000 from the City of San Diego's Affordable Housing Fund, which the Housing Commission administers. The final determination of Housing Commission funding sources will be made by the Housing Commission's President & CEO, or designee, contingent upon budget availability. The proposed loan terms are summarized at Attachment 5.

The Housing Commission requires affordable housing developers to pursue all viable sources of funding to reduce the financing gap and amount of Housing Commission subsidy required. If other funding is secured, proceeds will first be used to make an adjustment to reduce the Housing Commission's loan.

### Developers' Fee

\$2,200,000	Gross Developer's Fee
-1,100,000	(minus) Deferred Developer Fee
\$1,100,000	Net Cash paid from Development Sources

On April 25, 2017, the Housing Authority approved the "Request for Approval of Updated Developer Fees" (HAR17-011). That report approved certain developer fee guidelines for multifamily loans and bonds issuances. That report at its Attachment 1 states: "Developer fee for 4% tax credits: in project costs 15% of eligible basis...." For this development the developers are proposing a \$2,200,000 total developer fee, which complies with HAR17-011. The net cash developer fee shall be \$1,100,000 provided, however, that in the event financing terms or construction costs change and result in a financing gap, the developer may defer additional developer fee. The fee proposed is consistent with the Request for Approval of Updated Developer Fees (HAR17-011) approved by the Housing Authority on April 25, 2017.

#### Development Cost Key Performance Indicators

Housing Commission staff have identified development cost performance indicators that are used to evaluate proposed developments and make a funding recommendation. The key performance indicators listed in Table 4 are commonly used by real estate industry professionals and affordable housing developers.

Development Cost Per Unit	\$50,140,522 / 100 units	\$501,045
Housing Commission Subsidy Per Unit	\$2,300,000 / 100 units	\$23,000
Acquisition Cost Per Unit	\$6,288,000 / 100 units	\$62,880
Gross Building Square Foot Hard Cost	\$33,293,870 / 115,424 square feet	\$288
Net Rentable Square Foot Hard Cost	\$33,293,870 / 75,939 square feet	\$438

# Table 4 – Iris at San Ysidro Key Performance Indicators

#### Project Comparison Chart

Multiple factors and variables influence the cost of developing multifamily affordable housing, including but not limited to project location, site conditions, environmental factors, land use approval process, community involvement, construction type, design requirements/constraints, economies of scale, City fees, developer experience and capacity, and the mission and goals of the organization developing the project. Similar construction-type developments (completed or approved) over recent years are listed in Table 5.

These developments are similar in terms of new construction, target population, and construction type and are provided as a comparison to the subject Iris at San Ysidro development.

Factors affecting the total development cost for the subject development include higher construction interest costs related primarily to the timing of the availability of state funds at conversion to permanent financing compared to construction close, and the effect of prevailing wage on labor expenses.

# AFFORDABLE HOUSING IMPACT

The Iris at San Ysidro will be subject to a Housing Commission Declaration of Covenants and Restrictions, in addition to applicable tax credit and bond regulatory agreements, which will restrict affordability of 99 of the 100 units for 55 years.

With the exception of the manager's unit, rents at the property will be restricted, ensuring affordability for households earning from 25 percent to 60 percent of AMI. Fifteen units will have rents affordable to persons experiencing chronic homelessness, at risk of chronic homelessness, or at risk of homelessness with a serious mental disorder, earning 25 percent or less of AMI. Thirty units will be affordable for families earning up to 30 percent of AMI. Twenty-one units will be affordable for families earning up to 50 percent of AMI. Thirty-three units will be affordable for families earning up to 60 percent of AMI.
