ATTENTION: Chair and Members of the San Diego Housing Commission
For the Agenda of June 15, 2023

SUBJECT: February 2023 Reporting Update for City of San Diego's
Storage Connect Center I

NO ACTION IS REQUIRED ON THE PART OF THE HOUSING COMMISSION

BACKGROUND

The San Diego Housing Commission (Housing Commission) administers agreements for the City of San Diego's (City) Homeless Shelters and Services Programs based on a Memorandum of Understanding (MOU) between the Housing Commission and the City that first took effect on July 1, 2010. The Housing Commission and City entered into a separate MOU to administer the City's Transitional Storage Programs, which was approved by the Housing Authority and City Council on June 16, 2020. The MOU between the Housing Commission and the City for the Transitional Storage Programs expires on June 30, 2023.

The Storage Connect Center I (SCCI) helps keep homeless San Diegans' belongings off of downtown streets, sidewalks, and storefronts by providing a safe place for individuals to keep their belongings as they attend to their personal needs, which may include working on housing options, looking for work, attending classes, meeting with service providers, seeking medical care, or other activities such as accessing cleaning or washing facilities.

SCCI is open Monday through Friday from 7 a.m. to 7 p.m., and Saturday and Sunday from 8 a.m. to 11 a.m. Pursuant to the Housing Authority's approval of the operating Agreement (Resolution No. HA-1777), SCCI provides a maximum of 500 storage bins¹ that can be utilized at any given time, and the Housing Commission is required to "provide written reports on number of Clients served, utilization rate, any changes to operation, outreach activity, connections to other services and housing, at least monthly and upon request by the Council President/Chair of the Housing Authority."

SCCI's operator, Mental Health Systems (MHS), informed the Housing Commission that the organization's name changed to "Mental Health Systems (MHS) dba TURN Behavioral Health Services," starting July 1, 2022.

This item relates to Strategic Priority Area No. 4 in the Housing Commission's Strategic Plan for Fiscal Year (FY) 2022 – FY 2024: Advancing Homelessness Solutions – Supporting the City of San Diego Community Action Plan on Homelessness.

¹ The Housing Authority and the City Council mandated a maximum of 500 storage units in the March 2018 approval for operation of the Center.

COMMUNITY ENGAGEMENT

Prior to the opening of SCCI, the operator, MHS, sought the input of residents in the neighborhoods surrounding SCCI to ensure a successful partnership with the community. A Community Advisory Committee was formed, and a meeting is held quarterly in July, October, January, and April, with representatives from MHS, the Housing Commission, San Diego Police Department, the City's Environmental Services Department, the Mayor's office, and San Diego County Behavioral Health

Services in attendance. Community members from the neighborhood surrounding Storage Connect Center II, located in the Chollas Creek area, also attend the meetings.

The meetings provide space for community members to share their concerns and allow the project's affiliated partners to share information and update the community on new initiatives that will serve or benefit unhoused persons living in the area. In addition, a summary of the meeting is provided to the Community Advisory Committee as well as City Councilmembers.

PUBLIC HEALTH

Homeless shelters and services providers are responsible for implementing business practices in compliance with state and/or local public health guidelines to prevent the spread of communicable diseases. The service providers are responsible for notifying clients to follow all public health guidelines of the program and any public health orders in effect while clients are accessing program services.
