The Development

Market Street Apartments is a proposed 138-unit, new construction, affordable rental housing development for seniors aged 55 and older. The development is leasing the County of San Diego's vacant former Central Regional Family Resource Center's 2.62 acres to develop and operate affordable housing. The lease will be for 59 years with two 20-year extensions. The development will be at 4588 Market Street in San Diego's Chollas Valley neighborhood, south of State Route 94 and east of Highway 805 (Attachment 1 – Site Map). Market Street Apartments will have a total of 138 units, including 137 affordable one-bedroom units and one unrestricted two-bedroom manager's unit. There will be one 5-story building with the first level being parking and the remaining levels being residential and/or commercial space. The affordability level will range from 30 percent to 60 percent of San Diego's Area Median Income (AMI). Site amenities will include: a community room, outdoor community space, computer room, and laundry room. Unit amenities will include: a stove and a refrigerator.

Proposed Commercial Space

Neighborhood House Association (NHA), an experienced childcare provider, will be the proposed tenant to lease 6,900 square feet of commercial space on-site and provide childcare services to families in the neighborhood, regardless of whether they are residents within the development. NHA offer discounted rates for parents based on income. There is a Memo of Understanding in place with NHA. The developer's goal is to allow neighborhood families to continue working with nearby childcare available. NHA has operated senior centers for over 30 years and currently operates 200 state-licensed childcare centers. They have valuable programs, including shuttle services, mobility partnerships with MTS, and an NHA-operated, full-service kitchen in Kearny Mesa, which provides meals to all childcare and senior sites. The Housing Commission loan proceeds will not be used for construction of the commercial space. Affirmed will build the shell of the commercial space, while the tenant improvements will be the responsibility of NHA and will be completed at a later date.

Resident Services

Market Street Apartments' residents will have access to a range of dedicated permanent supportive housing and general community services from multiple providers.

EnGAGE will provide communitywide services geared toward low-income senior residents. There is an MOU in place with EnGAGE. EnGAGE has been serving seniors for 23 years, with over 40 communities currently operating in Southern California. EnGAGE will provide services at this community, including wellness classes, artist workshops, and computer skills trainings.

San Ysidro Health (SYH) will provide services to PACE-eligible, frail, elderly residents. There is an MOU in place with SYH. SYH will facilitate the PACE application process for residents so that each frail and elderly resident is enrolled in the PACE program and can benefit from the services provided by SYH at no extra cost to the residents or the developer. SYH PACE services include medical, dental, optometry, behavioral health, and transportations to and from PACE services. SYH can also conduct classes and workshops in this development. SYH was established in 1969 and now offers care to hundreds of thousands of people across San Diego County. Project New Village (PNV) will be the community garden operator. PNV was established in 1994 and successfully operates several community gardening efforts in this area.

Developer's Request

In response to the Housing Commission's Fiscal Year 2024 Notice of Funding Availability (NOFA), Affirmed Housing Group (Affirmed) applied for a loan for the Market Street Apartments development. On March 15, 2024, Housing Commission staff provided a preliminary recommendation of award for a residual receipts loan of up to \$4,000,000, subject to Housing Commission Board approval, for the Market Street Apartments development. While the project does not currently have vouchers, if the developer plans to apply for vouchers in the future, the developer will have to follow the NOFA's guidelines, including, but not limited to, rescinding the \$4,000,000 loan and reapplying for that loan and/or vouchers.

The Property

The property is at 4588 Market Street, San Diego, south of Highway 94 and east of Highway 805. The site area is 2.62 acres and is currently improved with one one-story building, which will be demolished by the County of San Diego prior to construction. The property is within the Chollas View Community Plan Area in southeastern San Diego in a mixed-use neighborhood. Surrounding uses include an elementary school, food truck parking lot, and single-family homes.

Appraisal

An appraisal of the subject site, with an October 25, 2023, effective date, valued the property at \$10,170.000. The appraisal was obtained by the developer and was conducted by Kinetic Valuation Group Inc.

Prevailing Wages

If the proposed use of federal HOME Investment Partnerships program funds exceeds the 11-unit federal threshold, federal prevailing wages shall apply. If the development receives an award from the California Department of Housing and Community Development's (HCD) Multifamily Housing Program, state prevailing wages will also apply. If this is the case, the higher of state and federal prevailing wages will apply.

Project Sustainability

Market Street Apartments will be constructed in conformance with the requirements of the California Sustainability Code, Title 24, and California Tax Credit Allocation Committee (CTCAC) minimum energy efficiency standards, requirements, and certifications. This development will target LEED Silver certification or equivalent and meet, or where possible, exceed Title 24 and CTCAC energy requirements.

Relocation

The property is vacant. No relocation will be necessary.

Development Team

During the tax credit compliance period, Market Street Apartments will be owned by a to-be-formed California limited partnership (a single-asset limited partnership) consisting of a to-be-determined Administrative General Partner, a to-be-determined Managing General Partner, and a to-be-selected tax credit limited partner (Attachment 2 – Organization Chart).

The developer, Affirmed, is a for-profit that develops and operates affordable and supportive housing. Headquartered in San Diego, Affirmed has developed affordable communities throughout California for close to 30 years and has successfully completed projects on physically and environmentally challenged sites. Affirmed has acquired the technical and financial capability to navigate complex financing sources to build quality, large-scale developments and has gained expertise in both new construction and acquisition/rehab developments. To date, Affirmed has developed/completed 70 affordable communities nationwide and has secured approximately \$2.8 billion in total financing. Affirmed has extensive experience developing a number of affordable housing properties in San Diego.

Based upon the developer's past experience and past performance, staff has determined that the developer has the requisite capacity to successfully complete the proposed Market Street Apartments project.

The total amount of Housing Commission funding sources shall not exceed \$4,000,000. A final determination of Housing Commission funding sources will be made by the Housing Commission's President & CEO, or designee, contingent upon budget availability. The proposed loan terms are summarized in Attachment 4.

The Housing Commission requires affordable housing developers to pursue all viable sources of funding to reduce the financing gap and amount of Housing Commission subsidy required. If other funding is secured, such proceeds will first be used to make an adjustment to reduce the Housing Commission's loan.

Developer Fee

\$ 2,500,000 - net cash developer's fee.

The proposed fee complies with the Housing Commission's developer fee guidelines.

Development Cost Key Performance Indicators

Housing Commission staff has identified development cost performance indicators, which were used to evaluate the proposed development. The key performance indicators listed in Table 4 are commonly used by real estate industry professionals and affordable housing developers.

Table 4 – Key Performance Indicators

Total Development Cost Per Unit	\$71,460,534 ÷ 138 units =	\$517,830
Housing Commission Subsidy Per Unit	\$4,000,000 ÷ 138 units =	\$28,986
Acquisition Cost Per Unit	\$10,270,000 ÷ 138 units =	\$74,420
Gross Building Square Foot Hard Cost	\$42,765,000 ÷ 509,619 sq. ft. =	\$83.92

Net Rentable Square Foot Hard Cost	\$42,765,000 ÷442,980 sq. ft. =	\$96.54

Project Comparison Chart

Multiple factors and variables influence the cost of developing multifamily affordable housing, including, but not limited to project location, site conditions, environmental factors, land use approval process, community involvement, construction type, design requirements/constraints, economies of scale, City fees, developer experience and capacity, and the mission and goals of the organization developing the project. Similar construction-type developments (completed or approved) over recent years are listed in Table 5.

AFFORDABLE HOUSING IMPACT

Affordability

The Market Street Apartments development will be subject to Housing Commission Declaration of Covenants and Restrictions, the applicable regulatory agreements as required by the tax credits, by the County's loan, and by the State HCD funds. The Housing Commission's funds will restrict affordability of 137 units for 55 years. The rent and occupancy restrictions will apply as required by the Housing Commission, CTCAC, and by other lenders. The same units may be counted as the tax credit-restricted units and the Housing Commission loan's restricted units. The more stringent of the funding source's affordability/rent restrictions will take precedence during the term of their applicability.
