For the Agenda of July 18, 2025

SUBJECT: Investment Report –Third Quarter Fiscal Year 2025

COUNCIL DISTRICT: Citywide

NO ACTION IS REQUIRED ON THE PART OF THE SDHC BOARD OF COMMISSIONERS

SUMMARY

The attached Quarterly Investment Report details the San Diego Housing Commission's (SDHC) investment portfolio as of March 31, 2025. The report includes both summary and detailed information on all liquid cash and cash equivalents and core investments owned by SDHC. These funds, however, are not indicative of funds available for discretionary use as they are: 1) earmarked for loans and grants that SDHC has committed to fund through approval by the SDHC Board of Commissioners (Board); 2) restricted to federal, state and/or local programmatic requirements and designated for purposes in SDHC's Housing Authority-approved budget.

The market value of the portfolio on March 31, 2025, was \$150.01 million, compared to \$138.08 million in the previous quarter, resulting in an overall investment portfolio increase of \$11.93 million. On March 31, 2025, the overall investment portfolio had a yield to maturity of 3.66 percent, average days to maturity of 474 and a current Portfolio Average Maturity of 1.30 years, compared to the overall investment portfolio on December 31, 2024, which had a yield to maturity of 3.55 percent, average days to maturity of 494 and an effective duration of 1.35 years.

Cash and cash equivalents (liquid)

1. \$43.14 million is held in various accounts, including SDHC's bank, US Bank, (\$33.27 million) and other various authorized accounts required by lending agreements and program obligations (\$9.87 million).
2. \$17.65 million is held in pooled investment funds. Pooled funds include California's Local Agency Investment Fund (LAIF) and the San Diego County Investment Pool (SDCIP).

The blended yield on pooled investment funds was 4.15%, which is a decrease of 0.01% from the previous quarter.

The blended yield on core investments was 3.56 percent, which is an increase of 0.12 percent from 3.44 percent in the previous quarter.

DISCUSSION

The overall market value of the investment portfolio increased \$11.9 million compared to the prior quarter. The \$11.9 million increase during the quarter was mainly due to \$13.1 million in inclusionary fees collected in that period offset by \$1.3 million paid to Legal Aid Society of San Diego for the eviction prevention program.

SDHC STRATEGIC PLAN

This item relates to a Core Value in SDHC's Strategic Plan for Fiscal Year (FY) 2022 - 2024: Believe in transparency and being good financial stewards. SDHC is in the process of developing a new Strategic Plan.

NONDISCRIMINATION ASSURANCE

At SDHC, we're about people. We are committed to ensuring a compassionate, person-centered approach to SDHC's programs, policies, projects and activities and to serving our community impartially, fairly and without bias. We are also committed to ensuring compliance with all applicable federal, state and local laws and protections to the extent that they affect this action relative to nondiscrimination.

CONCLUSION

SDHC's investment portfolio maintains its conservative profile with high-quality, short-duration core investments and sufficient cash and liquidity to meet SDHC's anticipated expenditures.

The investment portfolio will be managed with these underlying objectives in mind: focus on ensuring the safety of the principal, extending duration while maintaining sufficient liquidity to meet operational requirements, generate investment yield and when possible, invest locally.

SDHC is in the process of finalizing the custody agreement with the US Bank for PFM Asset Management financial advisory. Services include but are not restricted to reviewing the investment portfolio and making recommendations that maximize yield while providing the necessary liquidity for SDHC's operations. In addition, they will assist with trade settlements, conduct an annual asset allocation review, and provide asset class research and recommendations. PFM Asset Management will provide market analysis and investment education and training for staff and the SDHC Board as needed. The analysis will cover a range, including but not limited to the local and national economy, SDHC's portfolio holdings, composition and sector analysis, return, weight average maturity, duration, performance objectives, and policy compliance. The fees for these services are based on assets under management with an amount not to exceed \$100,000.
