I want to know why its so hard for me to get any assistance for rental assistance. I was furloughed from my job at the naval shipyard at the end of May actively seeking employment but unsuccessful. I have a 2 year old daughter. Im a hard working man who wants to provide for his family and I dont want to be homeless or I dont want my daughter to experience that life. Please extend some assistance. I understand the economy can be up and down but I will do whatever it takes to make sure my daughter has a roof over her head. I want to do things the right way and the lawful way as well.
