Hello Members of the Housing Authority,

I am writing to voice my support on item 4 on the agenda 10/31/23

I know we have a crisis for our homelessness in our city of San Diego, I reviewed the work plan 2023 and I do agree with some things, but my question is Where do they plan on building these homes, if they are next to schools where children are present, there is a concern about some of these homeless individuals that are mentally ill, who will do a follow up for these individuals who need 24hr supervision? Who will hold these homeless individuals accountable if they were to go out and commit a crime?

Thank you for your time and attention for this matter
