

HOUSING AUTHORITY REPORT**EXECUTIVE SUMMARY SHEET**

DATE REPORT ISSUED: February 15, 2008 REPORT NO.: HAR08-007
ATTENTION: Members of the Housing Authority
For the agenda of March 11, 2008
ORIGINATING DEPARTMENT: San Diego Housing Commission
SUBJECT: Loans For Low-Income Housing
COUNCIL DISTRICT: District 7

REQUESTED ACTION:

Authorize a loan increase of up to \$2,219,000 for Dawson Avenue Senior Apartments and adjustment of the terms of the ground lease.

STAFF RECOMMENDATIONS:

1. Increase a \$3,781,000 Housing Commission loan to \$6,000,000 for development of an 88-unit affordable rental housing complex for very low-income seniors and disabled residents;
2. Allow for an increased first position loan to the development by adjusting the ground lease to make the lease payment of 4.5 percent of gross effective income to the extent of cash remaining from operations after debt service and expenses are paid; and,
3. Authorize the Interim President and Chief Executive Officer of the Housing Commission, or her designee, to execute the necessary documents.

EXECUTIVE SUMMARY:

An increased loan to fill a funding gap in the financing is desirable because current tax credit program rules favor higher ratios of local financing assistance to tax credit participation. To be competitive in the tax credit application process, the developer will request approximately \$2 million less in nine percent tax credits than it requested in its unsuccessful 2007 application. In return for the higher subsidy, the developer would give the Housing Commission the option to take possession of the property at the end of the fifteenth year. The opportunity to acquire the development aligns with the Housing Commission's goal of owning more housing.

AFFORDABLE HOUSING IMPACT:

The Housing Commission would record 55-year rent restrictions against the property making 87 units affordable to tenants with annual incomes of 50 percent or less of Area Median Income.

FISCAL CONSIDERATIONS:

The proposed loan increase would fill a funding gap created by the reduced tax credit and AHP participation. With an estimated development cost of \$24,260,257, increasing the Housing Commission's 55-year residual receipts loan to \$6 million would leverage \$18 million from other sources. Ten of the units may be designated for occupancy by mentally disabled residents to make the project eligible for funding under California's Mental Health Service Act. If an application for up to \$1,000,000 from MHSA is successful, the amount of the Commission loan will be reduced accordingly. Because the Housing Commission owns the land, there would be a ground lease requiring lease payments equal to 4.5 percent of project income (estimated at \$28,264 in the first year). It is proposed that the lease payment be made from cash flow after debt service and expenses are paid. This allows for an increased first position loan to the development, which

decreases the amount of gap financing necessary from the Housing Commission. Although there is the risk that cash flow would not be sufficient to make the lease payment after debt service and expenses, cash flow projections indicate that project income would be sufficient to make the lease payment and provide residual receipts for payments on the Housing Commission loan. Residual receipts after the lease payment, estimated to be \$6,386 in the first year, would be split equally between the Housing Commission and the partnership. The first position debt would be an estimated \$2,991,000, 30-year amortized loan from a lender not yet identified. The second lien would be the 55-year residual receipts Housing Commission loan with interest at the applicable Federal rate at the time of execution of the note. Approval of this proposal would increase the Housing Commission's loan to \$6 million; however, this is a relatively low-risk investment because the Housing Commission owns the land, the developer is experienced, and there would be significant owner equity in the form of tax credits.

The potential of bringing tax credits into this development makes this a desirable investment for the Housing Commission. As an alternative, the Housing Authority could deny authorization of this loan increase. Without the additional Housing Commission financing, the project would likely not move forward because project income would not support increased institutional debt. The City would lose an opportunity to have 87 units of much needed rental housing for low-income seniors and disabled residents.

PREVIOUS COUNCIL and/or COMMITTEE ACTION:

On May 22, 2007, the Housing Authority authorized a \$1,409,000 increase in the Housing Commission loan, use of \$2.1 million of Housing Commission funds to repay a Cal-HELP land acquisition loan, a \$300,000 Cal-HELP loan to repay Housing Commission and Local Initiatives Support Corporation predevelopment loans, and changes to the loan and land lease terms (HAR07-005). On March 1, 2005, the Housing Authority authorized purchase of the land, leasing the property to HDP, and loaning HDP \$2,372,000 (HAR05-002).

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

This project was approved by the City Heights Area Planning Committee on June 5, 2006.

KEY STAKEHOLDERS & PROJECTED IMPACTS:

Chelsea Investment Corporation as the for-profit administrative general partner, Housing Development Partners as nonprofit managing general partner, the Housing Authority and Housing Commission as the owner of the land and a lender, the Redevelopment Agency, and the Community of City Heights.

REPORT

DATE ISSUED: February 15, 2008 REPORT NO. HCR08-17

ATTENTION: Chair and Members of the Housing Commission
For the Agenda of February 22, 2008

SUBJECT: Loan Increase for Dawson Avenue Senior Apartments
(Council District 7)

REQUESTED ACTION:

Recommend an increase in the Housing Commission loan commitment to finance development of 88 units of low-income rental housing and adjust the terms of the proposed ground lease.

STAFF RECOMMENDATION:

Approve and forward to the Housing Authority for final authorization the following recommendations:

1. Contingent on the receipt of nine percent tax credits, increase a \$3,781,000 Housing Commission second position loan to \$6,000,000 to finance development of 87 units (one unrestricted unit would be occupied by a resident manager) of rental housing for very low-income seniors and disabled residents;
2. Allow for an increased permanent institutional loan to the development by adjusting the ground lease to make the lease payment of 4.5 percent of gross effective income to the extent of cash remaining from operations after debt service and expenses are paid; and,
3. Authorize the Interim President and Chief Executive Officer of the Housing Commission, or her designee, to execute the necessary documents.

DISCUSSION:

This request is for an increased Housing Commission loan to fill a larger funding gap in the permanent financing of Dawson Avenue Senior Apartments. To be competitive in the tax credit application process, the developer will request approximately \$2 million less in nine percent tax credits than it requested in its unsuccessful 2007 application because current tax credit rules favor higher ratios of local financial assistance to tax credit participation.

In 2007, this developer unsuccessfully applied for a \$660,000 loan (\$7,500 per unit) from the Federal Home Loan Bank's competitive Affordable Housing Program (AHP) for this development. Because the average amounts of AHP funding awards for 2007 were much lower than the per-unit amount requested, the project's 2008 submittal to AHP will be for \$440,000 (\$5,000 per unit). This reduction in the AHP loan amount also contributes to the funding gap.

The owner and operator of the proposed development would be a tax credit limited partnership formed by Housing Development Partners (HDP) as the managing general partner and Chelsea Investment Corporation (Chelsea) as the administrative general partner. The limited partner tax credit investor would be competitively selected by the general partners. If the proposed development receives an award of nine percent tax credits in March 2008, HDP and Chelsea will form the partnership as the legal ownership entity in conformance with standard tax credit requirements and practice.

Disclosure

Commissioners Mr. Sal Salas, Mr. Tony Yip, and Interim Chief Executive Officer of the Housing Commission, Ms. Carrol Vaughan, are each directors and officers of Housing Development Partners, a California nonprofit public benefit corporation qualified as an Internal Revenue Code Section 501(c)(3) corporation. Neither Commissioner Salas, Commissioner Yip, nor Ms. Vaughan receives compensation for their service on the Board of Directors of Housing Development Partners. Pursuant to the provisions of Government Code Section 1091.5(a)(7) and (8), Commissioner Salas, Commissioner Yip, and Ms. Vaughan each have a "non-interest" as described in Government Code Section 1091.5. As members of the Board of Commissioners of the Housing Commission, Mr. Salas and Mr. Yip are legally entitled to vote and be counted for quorum purposes.

None of the board members of Housing Development Partners has a financial interest in the development that would legally preclude their participation under the provisions of Government Code Sections 1090 and/or 87100, et.seq., and/or the San Diego Housing Commission's Conflict of Interest Code. This disclosure shall be and is hereby documented in the official records of the San Diego Housing Commission.

Located at 4310 Dawson Avenue between Dawson Avenue and 52nd Street, the approximately 36,000 square foot lot is one block south of the transportation, shopping, and other service amenities of the El Cajon Boulevard commercial corridor (see Attachment – 1, Location Map). This development would contribute to the continuing revitalization of the surrounding neighborhood. An adjacent shopping center was renovated and derelict buildings across El Cajon Boulevard were removed to provide land for the completed 91-unit Talmadge Senior Village development.

AFFORDABLE HOUSING IMPACT:

The Housing Commission would record 55-year rent restrictions against the property making 87 units affordable to tenants with annual incomes of 50 percent or less of Area Median Income (AMI), which is currently \$24,550 for a one-person household. To assure that the project is fully leased, the Housing Commission would record an occupancy restriction making the units eligible for occupancy by tenants with incomes of up to 60 percent of AMI, which is currently \$29,460 for a one-person household. The occupancy restriction at 60 percent of AMI would make the units available to residents with a wider range of incomes. The actual rents are subject to the more stringent restrictions of the California Tax Credit Allocation Committee (TCAC) and, as a result, would be affordable to tenants with incomes of between 30 percent and 50 percent of AMI. The proposed tax credit rents are outlined in the San Diego Housing Commission General Application Form (see Attachment – 4).

FISCAL CONSIDERATIONS:

The developer is requesting an additional \$2,219,000 from the Housing Commission to fill a funding gap created by the reduced tax credit and AHP participation. With an estimated total development cost of \$24,260,257, approval to increase the Housing Commission's 55-year residual receipts loan from \$3,781,000 (\$43,000 per unit) to \$6,000,000 (\$68,000 per unit) would leverage \$18,260,257 from other sources.

Ten of the units may be designated for occupancy by mentally disabled residents to make the project eligible for an application for funding under California's Mental Health Service Act (MHSA) in 2008. If an application for up to \$1,000,000 of funding under MHSA is successful, the amount of the Housing Commission loan will be reduced accordingly.

Because the Housing Commission owns the land, there would be a ground lease to the partnership with a provision for lease payments to the Housing Commission equal to 4.5 percent of effective gross income (estimated to be \$28,264 in the first year). It is proposed to accept a lease payment from cash flow only after debt service and expenses are paid to allow for an increased first position loan to the development, which decreases the amount of gap financing necessary from the Housing Commission. Although there is the risk that cash flow would not be sufficient to make the lease payment after debt service and expenses, cash flow projections indicate that project income would be sufficient to make the lease payment and a residual receipts payment on the Housing Commission loan. Residual receipts, estimated to be \$6,386 in the first year, would be split equally between the Housing Commission and the partnership.

The first position debt may be an estimated \$2,991,000, seven percent interest, 30-year amortized loan from an institutional lender not yet identified. The second lien would be the 55-year residual receipts Housing Commission loan with interest at the applicable Federal rate at the time of execution of the note.

The following table outlines the estimated sources of financing:

Debt Position	Sources of Financing	Amount	Terms
1st	First Position Loan	\$ 2,991,000	30 yrs. @ 7% interest; amortized
2nd	Housing Commission Loan	\$ 6,000,000	55 yrs. @ AFR interest; residual receipts
3rd	Affordable Housing Program	\$ 440,000	15 yrs. @ AFR interest; deferred
	9% Tax Credits	\$14,829,257	
	Total Development Cost	\$24,260,257	

Approval of this proposal would increase the Housing Commission's loan from \$3,781,000 to \$6,000,000; however, this is a relatively low-risk investment because the Housing Commission owns the land, the developer is experienced, and there would be significant owner equity in the form of tax credits.

Upon expiration of the tax credits at the end of the fifteenth year, the Housing Commission would have a right of first refusal to acquire a limited partnership interest in the development. The Housing Commission would also have the option of taking sole title to the property at the end of year fifteen pursuant to the partnership agreement, foregoing developer repayment of the Housing Commission loan and accrued interest, and assuming the first position loan.

The proposed financing would not be funded until the project receives an award of nine percent tax credits. The potential of bringing tax credits into this development makes this a desirable investment for the Housing Commission. As an alternative, the Housing Commission could deny approval of these recommendations. Without the additional Housing Commission financing, the project would likely not move forward because project income would not support increased institutional debt. The City would lose an opportunity to have 87 units of much needed rental housing for low-income seniors and disabled residents with improvements to the property that would benefit the neighborhood.

PREVIOUS ACTIONS:

On May 4, 2007, the Housing Commission approved a \$300,000 Cal-HELP Program loan to this project as takeout financing for a Housing Commission predevelopment loan and a Local Initiatives Support Corporation predevelopment loan (HCR07-35). On March 2, 2007, the Housing Commission approved a recommendation to increase the development loan from \$2,372,000 to \$3,781,000 and the use of \$2,100,000 of Housing Commission funds to repay a Cal-HELP loan used for acquisition of the land (HCR07-19). On March 1, 2005, the Housing

Authority authorized the Housing Commission to acquire the property at a cost of \$1,825,000 and lease it to HDP for the purpose of developing affordable housing for seniors (HAR05-002).

COMMUNITY PARTICIPATION AND PUBLIC OUTREACH EFFORTS:

The proposed development was approved by the City Heights Area Planning Committee on June 5, 2006, by a vote of 16 to 1. The community group receives progress updates from the developer.

ENVIRONMENTAL REVIEW:

This development project is in compliance with the National Environmental Policy Act (NEPA); including environmental procedures, permit requirements, and statutory obligations of Federal Law cited in 24 CFR 58.5 and 24 CFR 58.6; and is not required to file an Environmental Impact Statement, and was authorized by the U.S. Department of Housing and Urban Development on July 7, 2007, to use Federal funds (HUD/State Identification Number M-03-MC-6-0533). This in-fill development project was reviewed under the California Environmental Quality Act (CEQA) Guidelines Section 15332 and was determined by the City of San Diego (Determination Of Environmental Exemption Project No.: 27958 dated December 23, 2004) to be exempt from further review under CEQA because the proposed project is consistent with the applicable zoning designation and regulations; the proposed development would occur within city limits on a project site of no more than five acres substantially surrounded by urban uses; the project site has no value as habitat for endangered, rare, or threatened species; approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality and the site can be adequately served by all required utilities and public services.

KEY STAKEHOLDERS & PROJECTED IMPACTS:

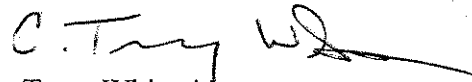

Stakeholders include Chelsea Investment Corporation as the for-profit administrative general partner, Housing Development Partners as the nonprofit managing general partner, the Housing Authority and Housing Commission as a lender, owner of the land, and lessor of the land to the partnership, the Redevelopment Agency of the City of San Diego because the project is in a redevelopment area, and the Community of City Heights. The project is expected to have a positive impact on the community because it will contribute to the quality of the surrounding neighborhood and provide much-needed affordable housing for low-income seniors and disabled residents.

HOUSING DEVELOPMENT PARTNERS of San Diego

A California Nonprofit Public Benefit Corporation

DEVELOPER'S STATEMENT FOR PUBLIC DISCLOSURE-ITEM #20 DESCRIPTION OF DEVELOPMENTS

Mission Statement

"The mission of Housing Development Partners of San Diego is to preserve and increase affordable housing opportunities for low- and moderate-income residents in the City of San Diego. The Corporation will pursue opportunities by either collaborating with other affordable housing providers in the community or by serving a unique niche not being met by other housing organizations."

Adopted April 23, 1998.

Background

On March 19, 1990, the Housing Commission authorized the establishment of a nonprofit housing corporation. Articles of Incorporation were filed with the Secretary of State on April 17, 1990, creating Housing Development Partners of San Diego (HDP), formerly the San Diego Housing Development Corporation, a California public benefit corporation.

The specific purposes of the corporation as expressed in the Articles of Incorporation are:

1. To provide low and moderate income persons, elderly persons and disabled persons with affordable housing by acquiring or developing publicly financed low and moderate income housing and renting such housing to these persons;
2. To provide facilities and services related to housing; and
3. To take such other actions, in cooperation with private and public persons or agencies, to promote the cause of low and moderate income housing.

The corporation has a seven-member board designated as follows:

- (1) Two Commissioners of the San Diego Housing Commission;
- (2) The Executive Director [President/CEO] of the Commission; and
- (3) Four at-large Directors.

The officers are a President, Vice-President, Secretary and a Chief Financial Officer. The Executive Director Board position serves as the President of the corporation with all other officers elected by the Board. The two Commissioner-Board members and the Executive Director-Board member hold office by virtue of their positions as Housing Commissioners and Executive Director. Their terms expire at the time they no longer hold their respective positions. The four at-large Directors serve staggered two-year terms and hold office until their successor is appointed and assumes office.

Affordable Housing Developments

In its early years, HDP was active in the preservation of HUD 236 and 221(d) developments with expiring regulatory restrictions, providing technical assistance to local developments during the enactment of "ELIPHRA" and other emergency legislation. In 1994, the corporation began seeking opportunities for the development of affordable housing, both on its own and in collaboration with other for-profit and non-profit organizations.

Housing Development Partners currently is the owner or managing general partner of five affordable housing properties with 710 rental units. An additional one project, with 88 rental units, is in the development/financing stage.

Knox Glen Townhomes, (4754 Logan Avenue, San Diego), is 54 units of new construction, owned and operated by the corporation. The development provides 54 two- three- and four-bedroom units affordable at 50% and 60% of median area income. It was completed in December of 1996. Once a dilapidated and abandoned construction site, this project was a tremendous success toward eliminating blight. It provides clean, safe and attractive affordable housing and has resulted in a revitalization of the surrounding community and the elimination of an eyesore in the neighborhood. The new construction activity stimulated other new residential development in the immediate vicinity. All units are affordable for 55 years.

Casa Colina del Sol Apartments, (5207 52nd Place, San Diego), is a 75-unit acquisition and rehabilitation senior housing project. The acquisition of the project ensured the affordability of 74 units in perpetuity. The project was acquired in February 2004 and rehabilitation was completed in December 2004. To assist the senior residents, a Resident Services Coordinator was placed on the site in 2005.

Island Village Apartments, (1245 Market Street, San Diego), is a 280-unit new construction development at. HDP is the managing co-general partner in a 9% tax-credit limited partnership. The development provides studio/"living units" designed to address the need for rental housing affordable to single low-income adults working downtown, along with 3,000 square feet of commercial lease space on the ground floor. Construction was completed September 2003.

Mason Hotel, (1337-45 Fifth Ave, San Diego), is 27 SRO units (as special purpose housing), acquisition and rehabilitation in June 2002. The building has approximately 1,800 square feet of ground floor commercial space. The corporation and its insurer are in discussions, after a cigarette-caused fire, for necessary rehabilitation.

Currently in the construction stage:

Studio 15, (1475 Imperial Avenue [at 15th Street], San Diego), is a 274 unit new construction rental apartment housing community that is currently in the construction stage. It will be 100% affordable. All 273 furnished studio rental units will have rents affordable (for 55 years) to low- and very-low income persons earning 40 percent to 60 percent of the Area Median Income, with two additional manager's units. It will be a five-story building with units ranging in size from 260 to 500 square feet. There is one level of subterranean parking (58 parking spaces). The building design is unique, contemporary and award-winning. On August 10, 2007, "Multi-Housing News" announced, at the Multi-Housing World Expo and Conference, that Studio 15 is the winner of the nationwide "Design Excellence Awards - Affordable Housing Category". Construction completion is estimated for late 2008 to early 2009.

Currently in the financing stage:

Dawson Avenue Seniors Apartments, (vacant site between Dawson Avenue and 52nd Street near El Cajon Boulevard), is a new-construction 88-unit senior housing development currently in the financing stage. The project will offer one- and two-bedroom units on an approximate one-acre site. Project financing is anticipated from low-income housing tax credits, making all units affordable to low-income seniors. Adjacent retail will be improved to serve the residents pursuant to an agreement with the owner. Located on a major transit corridor, residents will enjoy convenient access to goods, services and transportation all within walking distance. Completion is estimated for 2009.

**HOUSING COMMISSION LOAN TERMS
AND
PAYMENT PROCEDURES**

Total Development Cost:	The total development cost of \$24,260,257 includes construction, interest costs, builder overhead and profit, and builder fees.
Developer Equity:	Nine percent tax credits.
Housing Commission Loan Amount:	A \$6,000,000 loan leverages \$18,260,257 from other sources.
Security:	The Housing Commission loan would be secured by the value of the ground lease during construction and by the value of the ground lease and the property improvements following completion of construction.
Recourse:	The Housing Commission loan would be recourse until completion of construction, after which it would become non-recourse because of tax credit rules.
Cure Rights:	The Housing Commission would maintain the right to cure defaults in accordance with the requirements of the tax credit investor and the institutional lender.
Housing Commission Loan Payments:	An annual payment equal to 50 percent of residual cash flow after expenses and debt service are paid and after a payment on the Housing Commission ground lease. Any unpaid principal and interest would be due as a balloon payment upon loan maturity.
Affordability Restrictions:	Tax credit rents would be between 30 percent and 50 percent of Area Median Income (AMI). A Housing Commission Declaration of Covenants, Conditions, and Restrictions with a 55-year term would be recorded against the property to restrict rents for 87 units at 50 percent or less of AMI and occupancy of 87 units to tenants with incomes of 60 percent or less of AMI.

First Deed of Trust:	The Housing Commission loan would be subordinate to an estimated \$2,991,000, 7 percent interest, 30-year amortized loan from a lender not yet determined.
Second Deed of Trust:	A \$6,000,000, 55-year residual receipts Housing Commission loan with interest at the Applicable Federal Rate.
Management Plan:	The Management Plan is subject to periodic review and approval by the Housing Commission in its reasonable discretion.
Operating Expense:	Monthly operating expenses are estimated at \$26,846 (\$305 per unit for 88 units).
Pro Forma Assumptions:	Income increases are projected at 2.5 percent per year; operating expenses at 3.5 percent per year; the vacancy rate at 5 percent per year. Any shortfall in project income available for operating expenses will be funded from reserves with the permission of the Housing Commission.
Reserves:	Subject to the approval of the tax credit investor and institutional lender, the borrower would make minimum annual payments of \$30,800 into a reserve account. Use of reserves would require the reasonable approval of the President and Chief Executive Officer of the Housing Commission.

Ms. Wendy DeWitt
Housing Development Partners
1122 Broadway, 5th Floor

Re: 4310 Dawson Avenue
Subject: Dawson Avenue Senior Apartments

Dear Ms. DeWitt:

I am pleased to offer a partnership to be formed by Housing Development Partners a loan increase, under the terms and conditions outlined below, subject to the approval of the Housing Commission Board and the Housing Authority and subject to the receipt of an allocation of nine percent tax credits.

The parameters of this loan commitment are as follows:

- Ownership: Dawson Avenue Senior Apartments, LP (Borrower) as the sole owner and operator of the improvements. Subject to approval by the Housing Commission, the managing general partner would be Housing Development Partners and the administrative general partner would be Chelsea Investment Corporation. The Housing Commission is the owner of the land.
- Ground Lease: Borrower shall lease the land from the Housing Commission at a cost equal to 4.5 percent of gross effective annual income after expenses and debt service for 65 years.
- Use of Loan Proceeds: The loan shall be used by Borrower to finance the development conditional upon the receipt of nine percent tax credits.
- Terms of the Loan: A residual receipts loan will be increased from \$3,781,000 to \$6,000,000. The interest rate shall be equal to the Applicable Federal Rate (AFR) at the time of the execution of the note; interest compounded annually as required. Borrower shall make annual payments equal to 50 percent of the residual receipts. The residual receipts payment shall be made second after a payment on a Housing Commission ground lease to the extent that there is remaining cash from operations after the payment of expenses and debt service. Any unpaid principal

and accrued interest shall be due and payable in 31 years from the date Borrower executes the Promissory Note to the Housing Commission or upon refinancing of senior debt.

Acceleration Upon Default:

In the event of a default of the terms of the Housing Commission Loan Agreement, the loan would become due and payable in full including any applicable interest penalties.

Insurance:

Borrower shall at all times during the term of the loan maintain General Liability and Property Damage Insurance in a form and in amounts acceptable to the Housing Commission and approved by the Housing Commission's General Counsel. The Housing Commission shall be listed as an additional insured for General Liability Insurance and shall be listed as a loss payee of the Property Insurance.

Number of Units:

88 units. With one unit used as a manager's unit, there will be a minimum of 87 units of permanent rental housing.

Affordability Terms:

The Housing Commission would record 55-year rent restrictions against the property making 87 units affordable to tenants with annual incomes of 50 percent or less of Area Median Income (AMI). To assure that the project is fully leased, the Housing Commission would record an occupancy restriction making the units eligible for occupancy by tenants with incomes of up to 60 percent of AMI. The actual rents are subject to the requirements, of the California Tax Credit Allocation Committee (TCAC), which are more restrictive, and would be affordable to tenants with incomes of between 30 percent and 50 percent of AMI.

Loan Security:

The Housing Commission loan shall be evidenced by a deed of trust, in a form and format acceptable to the Housing Commission and its General Counsel in their sole discretions, made in favor of the Housing Commission and secured by the value of the leasehold.

Senior Financing:

The Housing Commission loan will be subordinate to a first position loan.

Fees and Expenses

All fees and expenses of this project shall be approved by the Housing Commission in its sole discretion. The partnership management fee shall not exceed \$7,500 in the first year and may increase at an inflation factor of not more than 3.5 percent per year. The developer fee shall not exceed \$700,000 and disbursements shall be made as specified in the Tax Credit Partnership Agreement.

Loan Increase for Dawson Avenue Senior Apartments

Page 3

Reserves	Subject to the approval of the senior lender, Borrower shall deposit a minimum of \$30,800 per year into a dedicated replacement reserve account. Use of reserves shall be subject to the reasonable approval of the Housing Commission's Interim Chief Executive Officer or designee.
Recourse:	The loan shall be a recourse loan prior to tax credit funding, after which it shall become a non-recourse loan.
Cure Rights:	The Housing Commission shall have the right, but not the obligation, to cure all senior encumbrances in all subordination agreements that it executes. All subordination agreements shall be subject to the sole approval of the Housing Commission's Interim President and Chief Executive Officer and General Counsel.
Management Plan:	The Management Plan shall be subject to periodic approval by the Housing Commission, in its reasonable discretion.
Approval of Management:	The Housing Commission reserves the right to declare Borrower in default of the loan agreement after an uncured ninety (90) day written notice of malfeasance and/or misfeasance in management of the project.
Monitoring Fees:	The Housing Commission shall be entitled to its standard yearly monitoring fees calculated on a per-unit basis during the affordability period.
Loan Funding:	The Housing Commission will fund its loan upon satisfaction of all conditions set forth in the Housing Commission loan and lease documents, including approval of a guaranteed maximum price contract for construction. All documentation, including any senior loan documents, construction loan documents, or documents of other lenders shall be subject to review and approval of the Housing Commission's Interim President and Chief Executive Officer or designee and General Counsel, in their sole discretion.
ALTA Lender's Policy:	The Borrower shall acquire, at its sole cost and expense, ALTA Lender's Policies for the loan with endorsements acceptable to the Housing Commission insuring the Housing Commission's lien position.
Prevailing Wages:	Borrower shall comply with any requirements to pay Federal and/or State Prevailing Wage Rates and shall pay the higher of the two in the event of a conflict on a trade-by-trade basis.
Other Terms:	The Housing Commission would have a first right of refusal to acquire limited partnership interest in the development at

the end of the fifteenth year. The Housing Commission would have an option to acquire general partnership interest, in the accordance with the partnership agreement, provided it foregoes repayment of the Housing Commission loan and assumes the first position debt. The Housing Commission reserves the right to impose any additional conditions in the Housing Commission Loan Documents that may be necessary, in its reasonable discretion, to protect the interests of the Housing Commission and fulfill the intent of this commitment. Such documentation shall be approved by the Interim President and Chief Executive Officer, or designee, and the General Counsel of the Housing Commission.

Acceptance:

This commitment is conditional upon the Borrower receiving approval from its other lenders for the restructured financing of this development. Signing and delivering to the Housing Commission of this letter by February 13, 2008, shall evidence Borrower's acceptance of this commitment. Until receipt of such acceptance by the Housing Commission, the Housing Commission shall have no liability hereunder, and unless acceptance is made by that date, this commitment shall be null and void.

If Borrower wishes to obtain a Housing Commission loan under the terms described herein, please accept this commitment by signing below and returning this signed original to my office.

Sincerely,

Cissy Fisher
