# **SECTION I - INTRODUCTION**

# A. Message from the President & CEO

Through a variety of award-winning programs, the San Diego Housing Commission (SDHC) impacts the lives of thousands of low-income and homeless San Diegans every day.

Our status as a Moving to Work (MTW) agency gives SDHC the flexibility to implement innovative, cost-effective approaches to provide housing assistance in the City of San Diego.

SDHC's MTW initiatives provide opportunities for Federal rental assistance recipients and public housing residents to become more financially self-reliant; funding toward the creation and preservation of affordable housing for homeless San Diegans; and rental housing vouchers to address homelessness.

For example, we are able to leverage our available resources to address homelessness through **HOUSING FIRST – SAN DIEGO**, SDHC's homelessness action plan, because of our MTW designation.

Last September, the Housing Our Heroes initiative of **HOUSING FIRST – SAN DIEGO** reached its goal of helping 1,000 homeless Veterans obtain rental housing through this collaborative effort to provide them with a path off the streets.

SDHC also provides Federal rental assistance to 15,000 low-income households. Families that are able to work are guided toward opportunities to become more financially self-reliant through our SDHC Achievement Academy, which is also an MTW initiative.

In addition, the creation and preservation of affordable rental housing for low-income and homeless families is also one of SDHC's major roles. Our partnership developments in Fiscal Year 2017 (July 1, 2016 – June 30, 2017) represented a total investment of more than \$1 billion from multiple sources toward more than 2,500 affordable rental units.

In Fiscal Year 2017, we also invested more than \$13 million toward renovating 813 SDHC-owned affordable rental housing units that are homes to more than 2,000 residents.

With the proposed initiatives in this Fiscal Year 2019 MTW Plan, SDHC continues to implement innovation in housing assistance for San Diegans in need. At SDHC, "We're About People."

Sincerely,

Richard C. Gentry

# B. Short-Term and Long-Term MTW Goals

# **Long-Term Goals**

# Strategic Plan 2016-2020

The San Diego Housing Commission's (SDHC) four-year Strategic Plan (2016-2020), which was approved September 9, 2016, provides a framework to identify how SDHC can have the greatest possible impact with limited financial resources in the years ahead to increase affordable rental housing opportunities.

Three major Goals, with corresponding Objectives, were identified:

- 1. Maximize resources through operational efficiencies and technological innovations
  - a. Enhance customer service and increase operational efficiencies by expanding the use of technology
  - b. Identify a minimum of three significant agency program processes and increase efficiencies by an average of 15% in each
  - c. Create and implement a robust SDHC Employee Development Plan to ensure business continuity and personal growth
  - d. Prioritize the capital needs of SDHC's real estate portfolio
  - e. Conduct an analysis of current real estate portfolio and provide a recommended optimization plan including an implementation component
  - f. Decrease average number of days vacant for SDHC-Owned units by 20%
  - g. Enhance policy to maximize capacity through assessment, tracking and incentivizing performance of homelessness partners
- 2. Increase the number of housing opportunities serving low-income and homeless individuals and families in the City of San Diego
  - a. Create 2,000 units of mixed-income and affordable housing
  - b. Increase rental housing voucher utilization rate to 102%
  - c. Increase the earned income of SDHC Achievement Academy participants by 15%
  - d. Provide housing opportunities for up to 350 individuals and families through expansions in Rapid Rehousing and Permanent Supportive Housing
- 3. Advocate for more effective affordable housing policies and resources
  - a. Enhance SDHC's engagement and leadership role among stakeholders to expand SDHC's influence on policy decisions that are consistent with SDHC's mission
  - b. Expand agency-wide private and government funding sources such as the SDHC Foundation Fund, Pooled Investment Fund, Grants, and the Reinvestment Task Force by \$50 million

c. Collaborate with partners to serve four additional homeless population groups, such as victims of domestic violence, child welfare, youth anti-recidivism and families with schoolaged children

This Strategic Plan, coupled with MTW flexibilities as needed, ensures SDHC operates efficiently; shares its voice through advocacy at the forefront of national, state, and local decision-making; and meets the needs of as many low-income and homeless families as possible.

#### **HOUSING FIRST - SAN DIEGO: 2018-2020**

With the start of Fiscal Year 2018 on July 1, 2017, SDHC launched the next phase of its homelessness action plan, **HOUSING FIRST – SAN DIEGO**.

SDHC's "Moving to Work" (MTW) status has allowed SDHC to leverage its available resources to address homelessness through **HOUSING FIRST – SAN DIEGO**.

Over the next three fiscal years (2018-2020), SDHC will direct \$79.7 million in Federal, City of San Diego, and SDHC resources toward six programs to create permanent housing opportunities for 3,000 homeless San Diegans.

- Landlord Incentives Assist at least 3,000 homeless households by increasing the resources for SDHC's landlord incentives and benefits program.
- New Permanent Supportive Housing Invest Federal MTW and City of San Diego Affordable Housing Funds to create 500 permanent supportive housing units, which will also be eligible for Federal rental housing vouchers to provide rental assistance for homeless San Diegans.
- SDHC Moving Home Rapid Rehousing Assistance Assist approximately 600 homeless households to obtain and maintain permanent housing through light case management and short-term rental assistance.
- SDHC Moving On Rental Assistance Program Provide rental assistance to 50 formerly homeless
  individuals who are transitioning out of permanent supportive housing, but continue to need rental
  assistance.
- Homeless Prevention & Diversion Services Assist up to 1,450 households, which will reduce the inflow of newly homeless individuals and families.
- Coordinated Street Outreach for Coordinated Entry Expand support and coordination among existing street outreach efforts.

# **Short-Term Goals**

# **HOUSING FIRST - SAN DIEGO: 2014-2017**

The new initiatives of **HOUSING FIRST – SAN DIEGO** build on the accomplishments of the first three years of this homelessness action plan, which was launched on November 12, 2014, and is on target to impact the lives of close to 3,000 homeless San Diegans—Veterans, families and individuals in the city of San Diego—which far exceeds its initial goal of 1,500 homeless San Diegans.

One of the eight programs of **HOUSING FIRST – SAN DIEGO: 2014-2017** is SDHC awarding up to \$30 million toward the development of permanent supportive housing.

From November 12, 2014, through June 30, 2017, SDHC awarded \$29.8 million to eight developments that will provide 407 permanent supportive housing units. Construction has completed on two developments, with 121 units (Cypress Apartments and Talmadge Gateway). The remaining six developments with 286 units, are expected to be completed by the end of calendar year 2019:

- Vista del Puente: 38 permanent supportive housing units for homeless Veterans and non-Veteran homeless families (out of 51 total affordable units)
   Expected completion: Spring 2018
- The Nook East Village: 8 VASH-PBV permanent supportive housing units for homeless Veterans (out of 90 total affordable units)
   Expected completion: Summer 2018
- Zephyr Grantville Veterans Apartments: 84 permanent supportive housing units for homeless Veterans
   Expected completion: Summer 2019
- The Lofts at Normal Heights: 52 permanent supportive housing units for homeless Veterans Expected completion: Summer 2019
- Twain Veterans Housing: 79 permanent supportive housing units for homeless Veterans and homeless individuals with special needs, including 17 VASH-PBV Expected completion: Summer 2019
- The Post 310 Apartments: 25 permanent supportive housing units for homeless Veterans, including 8 VASH-PBV (out of 42 total affordable units)
   Expected completion: Winter 2019

In addition, SDHC awarded 24 federal rental housing vouchers through **HOUSING FIRST – SAN DIEGO** to provide permanent supportive housing for homeless San Diegans. These developments, which also were awarded development funds from SDHC outside of the homelessness action plan, also are expected to be completed by the end of 2019:

- North Park Senior Apartments: 8 permanent supportive housing units for homeless seniors (out of 75 total affordable units)
   Expected completion: Spring 2018
- Encanto Village: 8 VASH-PBV permanent supportive housing units for homeless Veterans (out of 65 total affordable units)
   Expected completion: Spring 2019
- Fairmount Family Housing: 8 VASH-PBV permanent supportive housing units for homeless Veterans (out of 79 total affordable units)
   Expected completion: Summer 2019

#### If Local, Non-Traditional Housing Program, please describe:

Sponsor-Based Subsidy Program for the Homeless: SDHC provides subsidies (calculated using the standard HCV calculation with certain MTW flexibilities applied) to partnering agencies providing supportive services and case management to homeless persons.

Transitional Project-Based Subsidy Program for the Homeless: SDHC provides flat subsidies to partnering agencies providing supportive services and case management to homeless persons. A unit must be occupied at least 25 days of a given month to receive a subsidy.

The Monarch School Housing Program: SDHC provides rental assistance subsidies to homeless families with childeren attending Monarch School.

Monarch School and SDHC's Achievement Academy provide supportive services to parents in an effort to assist the family to achieving economic self-sufficiency.

The Guardian Scholars Program: SDHC provides rental assistance in the form of an annual grant to San Diego State University (SDSU). The MTW grant subsidizes the housing portion of the student's housing expense while attending SDSU. The population served is homeless young adults such as former foster care youth and wards of the court.

The Moving On Program: SDHC provides rental assistance subsidies to formerly homeless individuals or families exiting permanent supportive housing no longer requiring intensive case management and services to sustain housing stability.

The Moving Home Program: SDHC provides temporary rental assistance subsidies to families at-risk of homelessness. This rapid re-housing program ensures families maintain housing and stability while increasing annual income.

# SECTION III - PROPOSED MTW ACTIVITIES: HUD APPROVAL REQUESTED

# 2012-1. PATH TO SUCCESS (RE-PROPOSED TO ADJUST WORK-ABLE MINIMUM RENTS)

Activity Description: Path to Success is a comprehensive rent reform measure designed to motivate and benefit Work-Able rental assistance participants while remaining impact neutral to Elderly/Disabled households. The Tiered Rent Table component of the activity both incentivizes and rewards Work-Able households for increasing income by using the lower edge of an annual income range when calculating the rent portion instead of the actual income. The activity also institutes progressive minimum rents for Work-Able households, thus requiring certain households to increase annual income amounts to meet the applicable minimum rent threshold. Path to Success was initially proposed in the Fiscal Year 2012 MTW Annual Plan Amendment to restructure the rent reform model, and re-proposed again in the Fiscal Year 2014 MTW Annual Plan to include a local portability policy.

This re-proposal of the initiative in Fiscal Year 2019 modifies the rent reform model further by adjusting the minimum rents used for the Work-Able rent calculation. To coincide with increases to the California minimum wage, the minimum rent amount for Work-Able families will increase for both Work-Able 1 and Work-Able 2 families to \$400 and \$650 respectively. The new minimum rents will remain affordable to families earning the minimum wage. Additionally, the income bands contained in the tiered rent table will be modified to \$5,000 income bands. The previous methodology utilized \$1,000 and \$2,500 income bands before widening to \$5,000. The modification to the tiered rent table is more beneficial to Work-Able households. All other facets of the initiative remain constant.

# Work-Able Rent Reform Model

Work-Able is defined as a household containing at least one adult who is under 55 years of age, not disabled, and not a verified full-time student ages 18 to 23. Households are divided into two groups depending on the number of Work-Able individuals within the household: Work-Able 1 and Work-Able 2+.

The Work-Able rent reform model utilizes two components working in tandem as one dynamic system: Tiered rents and progressive minimum rents. For the tiered rent table, adjusted annual income is separated into bands of income. If a family's adjusted income falls in between income bands, the lower edge of the band is used to calculate the rent portion utilizing a 30 percent Total Tenant Payment (TTP) amount. An example of the tiered rent table is included in a subsequent section of the activity description. The Tiered Rent Table component of the activity both incentivizes and rewards Work-Able households for increasing income by using the lower edge of an annual income range when calculating the rent portion instead of the actual income.

The activity also institutes progressive minimum rents, thus requiring certain households to increase annual income amounts to meet the applicable minimum rent threshold. Minimum rents are based on the number of Work-Able adults residing in the household. Minimum rents were set using factors including the current California minimum wage rate and a minimum number of weekly work hours a household could reasonably expect to work. The increases in minimum rent coincide with the expectation households will begin to work and/or increase work hours or income as a result of utilizing the features of the Achievement Academy.

The household's rent portion is the greater of the tiered rent calculation and the applicable minimum rent. A household remains responsible for the amount of contract rent exceeding the payment standard.

All other deductions and allowances are eliminated, including the Earned Income Disallowance (EID), with the exception of the child care expense deduction and medical expense deduction. The child care deduction is administered under current regulations while the medical expense deduction is streamlined into standard bands. Disability assistance expenses fold into the standardized medical expense bands as a further streamlining measure.

# **Elderly/Disabled Rent Reform Model**

As part of Path to Success, the Elderly/Disabled population includes families where 100 percent of adults are either 55 years of age, disabled, or a full-time student ages 18 to 23. The elimination of allowances and deductions applies to Elderly/Disabled households in the same manner the changes are applied to Work-Able households. Under the re-proposal, the Total Tenant Payment (TTP) remains 28.5 percent and the minimum rent remains \$0.

The Elderly/Disabled model, in comparison to regulatory requirements, contains the following elements:

Elderly/Disabled Rent Calculation						
Key Concept Parameters	Years 1-7	Years 8+				
Tiered Rent Calculation TTP%	28.5%	28.5%				
Minimum Rent	\$0	\$0				
Utility Allowance	No Change	No Change

Childcare Deduction	No Change	No Change				
Medical/Disability Deduction	Bands of \$2500	Bands of \$2500				

# **Local Portability Policy**

SDHC anticipated Work-Able households experiencing significant increases to their rent portion as well as applicants determined eligible for the program may consider exercising the portability aspect of the HCV program in an effort to circumvent Path to Success. Since Path to Success was in-part designed to increase the self-determination of San Diego households in the most need of work-readiness services to build skill levels and increase economic opportunities, SDHC received HUD's permission to institute a local portability policy where both participant and applicant households may only utilize the portability option as a policy exception. Under the local portability policy, HCV participants or applicants may only port-out to another jurisdiction if the household requests and is granted an exception to the policy for either pursuing employment opportunities, post-secondary education, safety reasons, a medical/disability need, or other exceptions as determined on a case-by-case basis. SDHC anticipates a family may have compelling reasons to move outside of SDHC's jurisdiction beyond the noted policy exceptions and will consider the requests accordingly. All requests for an exception must be requested in writing and are evaluated by management staff. A written decision is rendered and disseminated to the household. SDHC's administrative plan contains language describing the policy exception. The policy applies to only Work-Able households.

**Statutory Objectives:** The activity will achieve the statutory objective of utilizing Federal expenditures more effectively and increasing self-sufficiency.

**Anticipated Impacts:** Path to Success was designed to accomplish two primary goals: Encourage self-sufficiency of Work-Able households as well as utilize Federal expenditures more efficiently and effectively in an effort to serve more San Diegans. In order for families to fully utilize and profit from Path to Success, SDHC created a local portability policy to ensure families maximize the benefits of the program. Please be advised Elderly/Disabled households are exempt from Path to Success minimum rents.

SDHC anticipates long-term cost reductions related to the measures contained in the proposed Path to Success model. The long-term cost savings cannot be definitively predicted due to fluctuations in household income, changes in payment standard amounts, inflation, HUD funding levels, and all factors associated with agency funding. The cost savings are generated from higher minimum rents and have been designed to assist SDHC to maintain or increase the number of families served. The cost savings produced in the future phase of Path to Success will be measured by the additional number of families SDHC is able to serve by issuing additional vouchers beyond the agency's allocation, creating local housing programs, or housing low-income families in affordable units acquired, in-whole or in-part, with the Housing Assistance Payment (HAP) savings.

The addition of the local portability feature of Path to Success achieves the statutory objective of encouraging self-sufficiency since the requirement to maintain residency in San Diego (unless a policy exception is granted) and remain subject to Path to Success compels households to increase or maintain annual income levels to successfully navigate the requirements of the program. Active engagement in work-readiness services at the SDHC Achievement Academy, investment in both personal and economic growth, and intensified degrees of individual accountability are positive outcomes associated with both Path to Success and the local portability policy. The SDHC Achievement Academy is available to all program participants and offers a variety of services to assist households with achieving self-reliance and independence. Work Readiness Specialists assess the needs of each household and create a targeted work

plan according to the specific needs of the household. These specialized services will assist households with increasing income and obtaining important skills sets while residing in the City of San Diego.

Anticipated Timeline to Achieve Objectives: Since productive participation in Path to Success required households to begin accessing work-readiness services in advance of implementation of the activity, significant outreach efforts ensued in early Fiscal Year 2012 and prevailed through the final stages of implementation. The first phase of the Path to Success program was effective on July 1, 2013. Households experienced significant positive outcomes due to interactions with the SDHC Achievement Academy made necessary by Path to Success and the local portability policy. The second phase of progressive minimum rents began July 1, 2015 therefore ensuring Work-Able households maximized services and garnered the necessary skills and income levels by June 30, 2015.

The third phase of Path to Success and the modified income band amounts, as described in the re-proposal, is scheduled to begin January 1, 2020. SDHC intends to conduct significant outreach to participant households to ensure all rental assistance participants are aware of the pending modifications to the rent calculation. Additionally, Work-Able families most impacted by the increased minimum rents will be engaged on multiple occasions to ensure the opportunity to mitigate increases to the rent portion. The Achievement Academy will continue to provide all necessary services to ensure success.

# Path to Success Hardship Policies

SDHC constructed hardship policies for subpopulations identified as requiring consideration of their respective situations which may prohibit growing income to match the Path to Success requirement to pay a higher rent portion over time to encourage self-sufficiency. The hardship policies will be applied on a case-by-case basis. The appropriate language surrounding the hardship policy is contained in the Administrative Plan, and procedures have been drafted to ensure consistent application of the hardship policies.

SDHC recognizes instituting progressive minimum rents may impact some families to a greater degree than others. Hardship policies were developed and implemented to ensure fragile households are able to navigate the minimum rents effectively.

Zero Income: Any family whose income is reduced to zero will have a zero rent portion if the loss is through no fault of their own. The exemption will have a duration of six months maximum after which time their rent portion will default to the applicable minimum rent. Work-Able zero income families will be required to sign a document consenting to participate in required self-sufficiency activities, which may include attending work-readiness classes/workshops, applying for benefits, regaining employment, etcetera. The families will be referred to the Achievement Academy to work closely with a Work Readiness Specialist (WRS) during the temporary hardship exemption. At the point the exemption ceases, the family will be responsible to pay a rent portion calculated using Path to Success methodology.

Minimum Rent: The family, whether Work-Able or Elderly/Disabled, must request a hardship exemption in writing. Requirements for consideration are as follows:

- Family's shelter burden must be greater than the acceptable level as calculated by SDHC.
- The family must either be Elderly/Disabled or consist of a single Work-Able adult with one or more dependents.
- Gross income before exclusions is considered.
- Family must sign a document consenting to participate in Achievement Academy work-readiness services.

SDHC appointed an internal Hardship Review Committee which reviews and makes determinations on all hardship requests. Hardship exemptions are temporary. During the hardship exemption period, the family's monthly rent portion is reduced to an acceptable rent burden percentage: 45 percent of adjusted monthly income for Work-Able families and 40 percent for Elderly/Disabled families. All families approved for the hardship exemption are referred to a WRS to receive supportive services. The purpose of the WRS is to assist the families in regaining employment by engaging in a rigorous individualized service plan. The Hardship Rent Table will be used in the application of the hardship rent portion for the duration of the exemption.

Hardship Rent Table					
Annual Income Hardship Rent					
\$0 - \$4,999	\$0				
\$5,000 - \$9,999	\$125				
\$10,000 - \$14,999	\$250				
\$15,000 - \$19,999	\$375				

Fragile Households: SDHC will consider special situations on a case-by-case basis for admission to the Elderly/Disabled population. The Hardship Review Committee will make a recommendation to a Senior Leadership representative in Rental Assistance, or a designated alternate staff member, who will have final approval in such extraordinary circumstances.

2011-2. Update: Results for HQS inspections occurring before implementation of the activity may not be considered for purposes of placement on the biennial inspection cycle. Modifying the activity to remove the qualifying criteria and authorize placement of all MTW units onto a Biennial Inspection Cycle. Through the initiative, SDHC will modify the requirements to "gain entry" into every 24 months to make a "first attempt to access" the unit every 24 months to comply with Federal requirements.	2010	October 1, 2009 & June 1, 2010	N/A	N/A	N/A

2010-4. Choice Communities	Using the authority to implement a reasonable policy to establish payment standards differing from current program requirements, the poverty deconcentration effort providing incentives for families to move to one of nine local opportunity areas by using the following:  * Moving for Opportunity Program  * Revolving Security Deposit Loan fund  * Increase payment standards in low-poverty areas  Re-proposed in the Fiscal Year 2012 Plan Amendment to adopt a policy allowing SDHC to calculate payment standards below 90% of the FMR in high-poverty areas. A Fiscal Year 2015 activity increased the rent burden to 50 percent program wide. Thus, the component eliminating the 40 percent rent burden is eliminated. Reproposed in the Fiscal Year 2018 MTW Annual Plan to increase flexibility related to determining payment standards. Payment standards are informed by hypothetical SAFMRs published by HUD, the information available at the time of the analysis.	2010	• January 1, 2010 • January 1, 2010 • June 1, 2010	N/A	N/A	N/A

The activity utilizes the authority to adopt and implement policies to calculate the rent differing from program requirements. Update: No change in the status of the activity. Reproposed in the Fiscal Year 2016 MTW Plan to eliminate assets from the verification and rent calculation process, gain the ability to deny program admission to applicants owning homes, and incorporate activity 2011-5 into the initiative.	2010	October 1, 2009	N/A	N/A	N/A
2010-7. Adopt a local interim certification policy	The local interim policy applies to non-elderly/non-disabled households and limits the number of interim adjustments to income to once in a 12 month timeframe. Additionally, decrease of income interims will be granted only if the loss of income is through no fault of the family, the decreased income results in a decrease to the rent portion greater than 20 percent, the decrease is not due to a sanction on public assistance income, and the famly provides verification of eligibility or ineligibility for unemployment benefits if the reduced income is due to loss of employment. Update: The policy applies to work-able families as defined under Path to Success. The activity utilizes the authority to implement an interim certification protocol differing from current mandates, thus allowing for locally driven policies concerning income change interims for families categorized as "Work-Able". Re-proposed in the Fiscal Year 2012 Plan Amendment to adopt a policies stating an interim adjustment of income will not be processed unless the change to the rent portion is greater than 20% and the loss of income must not occur through fault of the family. Effective July 1, 2018, SDHC is eliminating the "No Fault Of Your Own" policy as a reason to deny an interim request for a decrease in the rent portion. An review and analysis of the policy indicated minimal benefits.	2010	July 1, 2011	N/A	Baselines, benchmarks, and metrics were modified in the Fiscal Year 2012 Plan Amendment due to the re- proposal.	N/A

Authorizations waived allow SDHC to project-base 100 percent of the units in a development; create project-specific waitlists; require the provision of supportive services in a development; utilize creative measures to allocate PBV in vacant and foreclosed properties; and designate greater than 20 percent of SDHC's allocation to PBV. Re-proposed in the Fiscal Year 2015 Plan to adopt additional flexibilities to require residents to participate in supportive services as a condition of tenancy; allow project-specific waiting lists maintained by the owners or non-profit providers; approve exception payment standards exceeding 110 percent of the FMR without requiring HUD approval; and increase the number of designated PBV units in a contract after the first three years of the contract have elapsed.	2010	September 1, 2009	N/A	N/A	N/A

2010-8. Establish an HCV homeownership program	A homeownership program was created to assist income-eligible HCV participants with purchasing a home. Housing assistance payments are utilized to assist with a mortgage payment rather than as a rental payment. Incentives to purchase a foreclosed home are also program components. Waivers were enacted to modify the eligibility requirements for the program related to the minimum monetary threshold for savings accounts as well as implement the incentives for purchasing forclosed homes.	2010	October 1, 2009	July 1, 2014	The program was placed on hold due to decreasing housing stock and the resulting increasing housing prices, thus creating a housing market no longer accessible to low-income Housing Choice Voucher participants. New applications were no longer be accepted effective July 1, 2014 for the program. Families currently participating in the homeownership program continue to receive assistance.	N/A	Re-implementation of the activity is on hold indefinitely due to the significant increase in the housing market. SDHC will evaluate the program annually to determine the feasibility of re-activating the program. Criterion to be evaluated will include the level of available housing stock, median housing prices, and the administrative capacity to increase the number of Housing Choice Voucher homeowners.	

# **CLOSED OUT ACTIVITIES**

		CLO	SED OUT ACTIVITIES		
Activity	Description	Plan Year	Implementation Date	Date Closed Out	Reason(s) Closed Out
2014-1. Transitional Subsidy Program for Homeless Veterans	Using Broader Uses of Funds Authority, SDHC partners with Veteran's Village of San Diego (VVSD) to craft a transitional housing program using flat subsidies paired with supportive services. SDHC provides the housing subsidy while VVSD provides the supportive services.	2014	January 1, 2014	October 1, 2014	Veteran's Village of San Diego, the intended partnering agency for the program, indicated a preference to pursue an alternative rental subsidy program.
2013-5. Homeless Veteran Project-Based Subsidy Program	Creates a local, non-traditional project- based subsidy pilot program to provide housing to veterans who are either not yet ready to enter a more regulated program or who temporarily exit a program. SDHC partners with Veteran's Village of San Diego for this activity.	2013	N/A	September 30, 2013	Veteran's Village of San Diego determined the activity as neither economically advantageous or viable under current circumstances and requested permission to close out the activity.
2013-9. New Public Housing Transition	Families transitioning out of a state-aided rental assistance program (25% TTP) to the public housing program (30% TTP) receive a transition period during which the families pay more than 25 percent but less than 30 percent of adjusted household income toward the rent portion before moving to 30 percent at the end of the transition period.	2013	N/A	September 30, 2013	The flexibility requested under this initiative will not be required.
2012-4. Project-Based Subsidy Program for the Homeless	Using Broader Uses of Funds Authority, SDHC created a program which provides a flat subsidy based on the number of authorized units in the development; all program administration is performed by the development owner with monitoring and auditing performed by SDHC.	2012	N/A	December 31, 2014	SDHC determined the program structure as not advantageous to the agency's approach to ending homelessness on the City of San Diego. Efforts are focused in other development capacities.
2011-5. Disregard retirement accounts	SDHC disregards retirement accounts when verifying an applicant or participant's assets.	2011	August 1, 2010	June 30, 2015	The re-proposal of activity 2010-6 wherein assets are eliminated from the rent calculation eliminates the need for the activity.

2011-9. Enhance Family Self-Sufficiency Program	In the event the head of household is unable to enroll in the FSS program (such as due to a disability), an adult household member may enroll in the program as the sole participant.	2011	October 1, 2010	July 1, 2014	Per HUD's recommendation, the initiative will be combined with the FSS Reinvention activity via a reproposal in the Fiscal Year 2015 MTW Annual Plan.
2011-10. Broader Uses of Funds for IDAs	SDHC received permission to utilize MTW broader use of funds authority to subsidize IDAs not authorized by federal regulations.	2011	July 1, 2010	June 30, 2011	The activity is a Section 8 activity not requiring regulatory waivers or broader uses of funds authority, but rather single-fund flexibility. The activity is no longer active.
2010-3. Triennial reexaminations for elderly and disabled households	Allows families defined as Elderly/Disabled to participate in a Triennial Reexamination Cycle. COLA updates to social security and veteran's benefits are processed in the "off" years. The activity was implemented using the authority to redefine the cycle utilized for the full reexamination of income and household composition.	2010	October 1, 2009	July 1, 2015	SDHC closed out the activity to streamline the reexamination process for Path to Success participants and rental assistance staff. Multiple reexamination processes for households proved difficult to administer when population changes occurred between Work-Able and Elderly/Disabled households. Path to Success households are placed on a biennial reexamination process effective with July 2015 reexamination. The PBV and FUP programs remain on an annual reexamination cycle.
2010-10. Undertake Public Housing development	Acquire, rehabilitate, or produce housing units as public housing.	2010	July 1, 2010	June 30, 2011	This activity was closed out in the Fiscal Year 2011 MTW Report. Public Housing development will occur under the Fiscal Year 2011 Public Housing Development initiative which combines the authorizations and flexibilities.
2009-1. Achievement Academy of the San Diego Housing Commission	The SDHC Achievement Academy, formerly known as the Economic Development Academy, offers a broad range of one-on-one services and workshops geared toward workforce preparation, financial literacy, and homeownership education.	2009	October 1, 2010	June 30, 2011	The activity is a Section 8 activity not requiring regulatory waivers or broader uses of funds authority. The activity is ongoing but reported as a single fund flexibility activity in Section 5 of the Plan.

# Describe the Activities that Will Use Only MTW Single Fund Flexibility

SDHC utilizes single-fund flexibility to fund the Achievement Academy. The Achievement Academy is a learning and skills center available to families participating in the Housing Choice Voucher and Public Housing programs. Programs offered at the Achievement Academy are geared to workforce readiness and financial literacy. The Family Self-Sufficiency program is another component of the Achievement Academy. Please see the following pages for a thorough discussion of Achievement Academy activities and services.

#### SINGLE FUND FLEXIBILITY

#### **ENVISION CENTER DEMONSTRATION PROGRAM**

SDHC is exploring a partnership with HUD to incorporate an EnVision Center into the Achievement Academy. FDS line items may be modified once a formal decision is rendered.

#### **ACHIEVEMENT ACADEMY**

SDHC uses single-fund flexibility in support of MTW activities to enhance self-sufficiency programming. SDHC combines funds from public housing operating and capital fund assistance (authorized by section 9 of the United States Housing Act of 1937 [the Act]) and voucher funds (authorized by section 8 (o) of the Act) to implement a block grant/single fund budget approach to budgeting and accounting. SDHC has consolidated public housing and HCV program funds to implement the approved Moving to Work initiatives described in previously approved MTW Plans and will continue to do so in future Plans.

SDHC uses single-fund flexibility to conduct a variety of activities geared toward self-sufficiency. The Achievement Academy offers a broad range of one-on-one services and workshops geared toward workforce readiness and financial literacy. Partnerships with a variety of external organizations specializing in their fields enable SDHC to provide assistance to participants with different interests, career focuses, and skill levels. Leveraging funding from outside sources increases the services provided to participants. When possible, staff seeks to find grants that provide funding and coaching to assist both staff and participants. Following the Financial Opportunity Center (FOC) model, created by funding from the Local Initiatives Support Corporation (LISC), the Achievement Academy is able to provide robust services to participants that go beyond job leads and help provide self-sufficiency. The resources offered at the Achievement Academy are a vital component of the Path to Success rent reform activity as participants are incentivized to increase income and work towards self-sufficiency. SDHC plans to continue and grow these partnerships to better serve our families and increase economic self-reliance. The following describes services offered at the Achievement Academy:

# **Employment/Workforce Development**

# Job Developer

One of the Achievement Academy Workforce Readiness Specialist (WRS) positions serves as a job developer and makes connections with employers of in-demand occupations; organizes job fairs; and coordinates employment services with partner organizations. Training for participants covers such topics as résumé writing, customer service, and how to retain a job. The Achievement Academy also partners with Manpower, an industry leader in employment services. Manpower helps to leverage connections in the business community to help open doors to companies that typically have been a struggle for participants to get into in the past.

# **One-Stop Career Center**

The KRA Corporation, a contractor from San Diego Workforce Partnership, provides services via a satellite One-Stop Career Center at the local downtown public library. The partner offers workforce development services including labor market information, career development, assessment, job search/retention skills, job placement assistance, and referrals to training opportunities.

# **Small Business Development Training**

Landeros & Associates, a business consulting firm in San Diego, leads the microenterprise program educating participants about how to start or expand a small business and how to create or update a solid business plan. The program provides basic skills training and knowledge to underserved entrepreneurs and also identifies and expands linkages to critical community resources linked to small business development. Landeros & Associates also connects participants with opportunities for additional small business training, technical assistance, and access to mainstream financial institutions to boost economic development.

# Employment/Workforce Development Workshops

SDHC Achievement Academy Workforce Readiness Specialists conduct employment readiness workshops and provide access to temporary and permanent employment. The Achievement Academy also offers on-site recruitment fairs. Participants are invited to attend presentations and hear directly from human resources representatives how to get hired at their company. Topics covered range from the job application and résumé submittal process to interview preparedness and communication skills. Prior to some recruitments, participants may receive assistance in the Academy's computer lab to submit on-line applications for jobs that will be presented in the recruitment. Presentations have been given by companies such as Starbucks, Target, Macy's, Pirate Staffing, Arc of San Diego, GRID Alternatives, Job Corps, Walmart, Motel 6, UPS, Salus Homecare, YMCA, NSC Technologies, and UCSD among others.

# **Youth Programs**

Staff at the Achievement Academy work to offer innovative programing in an effort to keep participants interested and engaged. Recently, the Academy began offering programs for young adults between sixteen and twenty-four years of age who are not working or enrolled in school. Students receive education counseling or career guidance. The Achievement Academy has partnered with International Rescue Committee (IRC) to provide additional training and services to these young adults. IRC is also able to offer intern placements to develop employment history.

# **Academy Computer Lab**

Participants have access to the SDHC Achievement Academy's 30-station computer lab for career assessments, career exploration, labor market information, résumé building, and on-line job applications. In addition, Manpower provides individual participant access to the internet based Training Development Center which hosts over 5,000 on-line courses for skills development. The Achievement Academy partners with San Diego Futures Foundation (as funding allows) to offer beginning and intermediate computer skills (Word, Excel, Internet) classes to participants with minimum or no previous computer use experience.

#### **Income Supports**

#### **THRIVE Initiative**

THRIVE is a partnership between the United Way, the County of San Diego, and South Bay Community Services. The purpose of the initiative is to enhance the accessibility of benefits screening and tax preparation services. Benefits screening and application assistance is currently offered for an array of program such as CalFresh (food stamps), CalWorks, Women Infants and Children (WIC), California Healthy Families, Child Care Assistance, MediCal, and Supplemental Nutrition Assistance Program (SNAP). On-site benefit screening appointments continue to be conducted for participants.

# **Financial Education**

#### Financial Counselina

The Achievement Academy employs a WRS that has been certified as a Financial Counselor. The Financial Counselor is able to offer on-site credit counseling in debt reduction, credit repair, budgeting, and cash management skills. These services have been incorporated into the FOC service delivery model utilized within the Achievement Academy.

# Financial Skills Education Workshops

Financial Education workshops are routinely offered in the following topic areas: Debt and credit repair; credit score improvement; controlling expenses; maintaining a financial fitness plan; electronic banking and direct employee deposits; budget management, ordering, reviewing, and repairing credit report; investments strategies and options; and pensions/retirement planning.

#### Financial Coaching Training

All SDHC WRS staff utilize the LISC Financial Counseling Model to implement innovative coaching methods during one-on-one appointments with participants. SDHC is also positioned to assist participants with improving

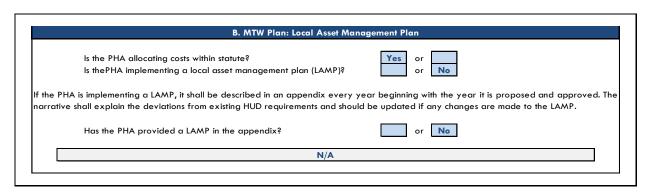

credit through a partnership with Credit Builders Alliance. The ability to internally pull credit reports allows SDHC to further assist participants with accessing current credit ratings in order to begin aligning client goals for credit improvement to future financial and career goals.

# **UPDATE ON DEMOLITION OR DISPOSITION TRANSITIONAL FUNDING (DDTF) FUNDS**

From Fiscal Year 2014 through Fiscal Year 2017, SDHC received over \$6.9 million in Capital Fund Program funding, inclusive of both modernization and Demolition or Disposition Transitional Fund (DDTF). In Fiscal Year 2018, the fifth and final year of the DDTF program, SDHC anticipates a DDTF award of over \$1.8 million, for a total award of over \$8.7 million for the five year DDTF term. Capital Funds have been integrated into the MTW block grant.

Expenditures, based upon a Green Physical Needs Assessment of SDHC's public housing units, have provided capital improvements specific to public housing, management improvements, or other traditional Capital Fund

expenses. Beginning in Fiscal Year 2019, SDHC anticipates annual Capital Fund modernization funds to be in amounts less than \$100,000 annually.

# **MTW BLOCK GRANT COMMITMENTS**

In Fiscal Year 2019, SDHC is committing \$10 million in MTW funds to preserve and expand affordable housing in the City of San Diego. Additionally, SDHC is committing another \$5.2 million in MTW funds to financially support activities to preserve affordable housing. A Green Physical Needs Assessment (GPNA) of SDHC-owned developments identified capital repairs necessary to preserve the properties. Preservation activities are scheduled for Fiscal Year 2019 and are in addition to previous preservations activities and MTW block grant commitments funding GPNA activities.

Finally, in Fiscal Year 2018, SDHC committed \$20 million in MTW funds to preserve and expand affordable housing in the City of San Diego. SDHC anticipates \$9.2 million of those unused MTW funds for preservation of affordable housing units, to be expended in Fiscal Year 2019.

#### PUBLIC HEARING NOTICE AND EVIDENCE OF COMMUNITY AND RESIDENT PARTICIPATION

The San Diego Housing Commission (SDHC) formally solicited public comment on the Fiscal Year 2019 Annual Plan Draft in order to incorporate the ideas of participants, community advocates, and interested citizens into the proposed plan as well as answer questions pertaining to Moving to Work subject matter. A formal public hearing will occur on February 12, 2018 at the SDHC corporate office for the purposes of educating the public and receiving comments. A public notice was circulated in three local publications (Union Tribune, Voice & Viewpoint, and La Prensa) to encourage public involvement. In an attempt to encourage further participation among San Diego residents and program clients, SDHC issued personal invitations to a selected group of participants. The individuals receiving the personal invitations were current rental assistance recipients and therefore were positioned to provide practical suggestions and feedback. All methods of invitation provided residents of San Diego with multiple options for contacting appropriate personnel with comments if unable to attend the public hearing.

The following information will serve as proof of public hearing notice and community participation:

- ✓ Proof of Publication

## Missing Middle Housing Act - California State Assembly Bill 1637

One of the three major goals in the San Diego Housing Commission's (SDHC) current four-year Strategic Plan (2016 - 2020) is to advocate for more effective affordable housing policies and resources.

SDHC and the City of San Diego worked together with California State Assemblymember Todd Gloria on Assembly Bill (AB) 1637, which California Governor Jerry Brown signed into law on October 14, 2017.

This legislation will help create more rental housing units for low- and middle-income households in the City of San Diego.

SDHC President & CEO Richard C. Gentry testified in support of AB 1637 on May 10, 2017, at the hearing of the California State Assembly Committee on Housing and Community Development.

AB 1637 allows public housing authorities in the City of San Diego and the County of Santa Clara to make loans to developers of mixed-income developments if:

- 40 percent of the units are affordable to low-income households (up to 80 percent of Area Median Income); and
- At least 10 percent of the units are affordable to middle-income households (up to 150 percent of Area Median Income)

This is an affordability range not previously served by public housing authorities. However, this is essential to the ability to provide a continuum of housing opportunities for those moving up from low-income to market-rate housing.

The expanded affordability levels also create the opportunity to attract new revenue sources for affordable housing and incentivize the production of mixed-income rental housing developments, which encourage balanced-community objectives.

#### San Diego Housing Production Objectives 2018-2028

The City of San Diego needs 150,000 to 220,000 housing units across income levels by 2028, according to an SDHC report released on September 21, 2017, "Addressing the Housing Affordability Crisis: San Diego Housing Production Objectives 2018-2028."

SDHC developed the report in collaboration with City Councilmembers Scott Sherman and David Alvarez, then-Chair and Vice Chair, respectively, of the City Council's Smart Growth and Land Use Committee.

The City of San Diego can create enough additional housing to meet its need if the majority of the proposals in this report are implemented.

SDHC Housing Production Objectives Report News Conference – September 21, 2017

The five main sources of potential additional housing units over the next 10 years:

- Rezoning to increase density around transit opportunity areas: 47,000 to 146,000 units
- Redeveloping underutilized parcels of land: 56,000 to 73,000 units
- Adapting disused industrial zones and City sites: 11,000 to 20,000 units
- Infilling vacant lots: 5,000-6,000 units
- Utilizing detached Accessory Dwelling Units (ADUs): 2,700 to 5,500 units

Total: 121,700 to 250,500 units

SDHC engaged a global policy and research consultant to conduct the study of the City's overall housing production needs, its current supply, and its available space to build additional homes.

This new report is the next step in a process that SDHC started more than two years ago when it published its report, "Addressing the Housing Affordability Crisis: An Action Plan for San Diego," which included 11 recommended actions at the local, state and federal level to reduce costs and increase housing production.

Action has been taken on 10 of those 11 recommendations.

## City of San Diego Bridge Shelters

SDHC administers the three City of San Diego Bridge Shelters, which provide up to 700 beds to address the immediate shelter needs of homeless San Diegans.

These shelters assist the most vulnerable homeless individuals in the City of San Diego.

As homeless San Diegans exit the shelters to permanent housing with the "Housing First" model of addressing homelessness, the shelters will be able to help additional homeless San Diegans.

Bridge Shelters provide a safe place to stay – or a "bridge" – for individuals or families who are enrolled in a permanent housing program, but have not yet moved into a permanent unit while they await permanent housing placement.

Among the goals for all three shelters are that 65 percent of program participants will exit to permanent housing and that of those, no more than 15 percent will return to shelters within 12 months.

The bridge shelter for single adults opened on December 1, 2017; the shelter for military Veterans opened on December 22, 2017; and the third and final shelter, with beds for men, women and children in families and single women, opened on January 4, 2018.

City of San Diego Bridge Shelter for Single Adults Opened December 1, 2017

SDHC invested \$1.1 million toward start-up costs to help ensure that these shelters would open as quickly as possible. In addition, on November 14, 2017, the San Diego City Council authorized SDHC to expend \$6,530,112 of SDHC funds for shelter operations from December 1, 2017, through June 30, 2018.

On-site services provided at the shelters include:

- 24-hour residential services, such as twice daily meals, laundry, showers, restrooms, and wash stations
- Housing Navigation and Location staff to assist residents in finding permanent housing
- Hepatitis A vaccinations and hygiene kits
- Help to connect residents with government benefits and mental health and substance abuse treatment
- 24-hour security

San Diego Mayor Kevin L. Faulconer first announced these shelters on September 13, 2017, to address homelessness and combat the regional Hepatitis A outbreak in the City of San Diego.

Mr. Richard Gentry Executive Director San Diego Housing Commission 1122 Broadway, Suite 300 San Diego, CA 92101

Re:

San Diego Housing Commission FY 2019 Annual MTW Plan Approval

Dear Mr. Gentry:

The Department of Housing and Urban Development has completed its review of the San Diego Housing Commission's (SDHC) Annual Moving to Work (MTW) Plan for Fiscal Year 2019, initially submitted on April 12, 2018, with revisions submitted on June 27, 2018 and August 7, 2018. I am writing to inform you that the Plan, as submitted on June 27, 2018, is approved.

The Department's approval of this Annual MTW Plan is limited to approval of policies and actions authorized by the 1937 Act and flexibilities waiving provisions of the 1937 Act authorized by the MTW Agreement, including local-nontraditional activities in compliance with PIH 2011-45. In providing assistance to families under programs covered by this Plan, SDHC must comply with the rules, standards and policies established in the Plan as well as all applicable federal requirements other than those provisions of the 1937 Act waived by the MTW Agreement. Documents relying upon the approved Plan (i.e., Administrative Plan, Admission and Continued Occupancy Plan, etc.) should be updated to reflect those policies. Also, the approved Plan and all required attachments and documents should be available for review and inspection at SDHC's principal office during normal business hours.

Thank you for your continued efforts to implement an effective and meaningful MTW program. Please contact Jeree Turlington, your MTW Coordinator, at 202-402-5270 if you have any questions.

Sincerely,

Marlanne Nazkaro
