

REPORT TO THE CITY COUNCIL

DATE ISSUED: April 4, 2019

REPORT NO: CCR19-005

ATTENTION: Council President and Members of the City Council
For the Agenda of June 10, 2019

SUBJECT: Proposed Fiscal Year 2020 Affordable Housing Fund Annual Plan

COUNCIL DISTRICT: Citywide

REQUESTED ACTION

That the San Diego City Council approve the proposed Fiscal Year 2020 Affordable Housing Fund Annual Plan as presented in this report.

STAFF RECOMMENDATION

That the San Diego City Council (City Council) take the following actions:

1. Approve the Proposed Fiscal Year 2020 (FY 2020) Affordable Housing Fund (AHF) Annual Plan (Annual Plan) Program Activity Allocation of \$72,683,923 in anticipated funds (also included in the FY 2020 San Diego Housing Commission (Housing Commission) Proposed Budget) and the proposed Model Programs; and
2. Authorize the President & Chief Executive Officer (President & CEO) of the Housing Commission to reallocate funds among the proposed Model Programs included in the FY 2020 AHF Annual Plan in response to market demands and opportunities.

SUMMARY

On June 3, 2003, the City Council amended San Diego Municipal Code Chapter 9, Article 8, Division 5 (Code) to create an Affordable Housing Fund. It was created to meet, in part, the housing needs of the City of San Diego's (City) very low-, low-, and median-income households and has two permanent, annually renewable funding sources:

1. Inclusionary Housing Fund (IHF), which is funded from fees charged to residential development; and
2. Housing Trust Fund (HTF), which is funded from fees charged to commercial development.

The Municipal Code requires the Housing Commission to adopt an Annual Plan for the use of the AHF revenues and prescribes parameters for the distribution of those projected revenues. The AHF Annual Plan must include a description of all proposed programs to be funded, intended beneficiaries and the allocation of anticipated funds. The AHF Annual Plan must be presented to the Housing Commission and City Council for approval by June 30 of each year.

The proposed AHF Annual Plan (Attachment 1) describes the purpose and intent of the AHF, restrictions on the uses of the two sources of funds, fund allocations and production. It also describes FY 2020 Model Programs. Each year the Model Programs are reviewed and updated in response to community needs and past performance. Model Programs reflect programs to which the investment of AHF funds is permitted, but is not required. In addition, they are not intended to preclude investment in an opportunity that is not specifically described in the Model Programs section.

Staff has proposed the FY 2020 (July 1, 2019 – June 30, 2020) allocations in accordance with estimated available resources and previously approved policy objectives. All proposed allocations are estimates. Attachment 2 details the FY 2020 projected revenue and fund balances and provides descriptions of AHF revenue sources. Attachment 3 shows the proposed allocation of funds by activity, as well as production estimates. Actual allocations will depend on Housing Commission and City Council final approvals, the timing of project applications, funding commitments and expenditure deadlines of other available funding sources. Attachment 4 shows approved and pending projects using Affordable Housing Funds.

PREVIOUS COUNCIL and/or COMMITTEE ACTION

The San Diego City Council has adopted an AHF Annual Plan each year in accordance with the Municipal Code.

On March 8, 2016, the City Council voted 9-0 to approve Municipal Code amendments that would allow the payment of the Housing Impact Fees, which are charged to commercial developments, to be deferred from building permit issuance to final inspection through the use of a Fee Deferral Agreement. The Municipal Code revision implements one of the requested changes in the Memorandum of Understanding between the Housing Commission and the Jobs Coalition, and is based on the existing City of San Diego fee deferral program for Facilities Benefit Assessments and Development Impact Fees.

COMMUNITY PARTICIPATION and PUBLIC OUTREACH EFFORTS

Housing Commission staff attended community planning group meetings in Southeastern, Rancho Penasquitos and Kensington-Talmadge. Staff gave a brief overview of the AHF, annual plan process and FY 2020 funding projections, with instructions on how to provide written comments. The public was able to submit written comments through March 29, 2019. The Housing Commission received four written comments, which are in Attachment 5.

KEY STAKEHOLDERS and PROJECTED IMPACTS

The beneficiaries of AHF programs are extremely low- to median-income households in the City of San Diego. Residential developers, nonprofit housing providers, and financial institutions may also be impacted by program changes.

ENVIRONMENTAL REVIEW

Approval of the FY 2020 AHF Annual Plan is not a project as defined by the California Environmental Quality Act (CEQA) Section 21065 and State CEQA Guidelines Section 15378(b)(4), as it is a government fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment. The determination that this activity is not subject to CEQA, pursuant to Section 15060(c)(3), is not appealable and a Notice of Right to Appeal the Environmental Determination (NORA) is not required. Approval of the Annual Plan is also exempt under the National Environmental Policy Act pursuant to Section 58.34(a)(2) and (3) of Title 24 of the Code of Federal Regulations.

SAN DIEGO AFFORDABLE HOUSING FUND

Introduction

The San Diego Affordable Housing Fund (AHF) was created by the San Diego City Council (City Council) on June 3, 2003, as a permanent and annually renewable source of revenue to help meet the housing needs of the City of San Diego's (City) lower-income households. The City Council expressed the purposes of the AHF in San Diego Municipal Code Chapter 9, Article 8, Division 5 (Code):

- Meet a portion of the need for housing that is affordable to households with very low, low, and median incomes;
- Leverage every \$1 of City funds with \$2 of non-City capital funds;
- Support the City's Balanced Communities Policy by fostering a mix of family incomes in AHF-assisted developments and dispersing affordable housing developments throughout the City;
- Preserve and maintain affordable rental and ownership housing; and
- Encourage private sector activities that advance these goals.

The AHF Annual Plan (Annual Plan) implements the City Council's intent by adopting an overall strategy for use of the AHF. Development of the Annual Plan is guided by the San Diego Housing Commission's (SDHC) annual budget process.

The Annual Plan provides revenue forecasts, a suggested Fiscal Year (FY) 2020 fund allocation, and production estimates. Proposed fund allocation takes into consideration policy parameters set by the Code, availability and requirements of other affordable housing funding sources, and the goals and objectives set forth in SDHC's FY 2020 Budget and FY 2016-2020 Strategic Plan.

The FY 2020 Annual Plan also includes a description of SDHC's Model Programs. Model Programs reflect programs to which the investment of AHF funds is permitted, but is not required. In addition, they are not intended to preclude investment in an opportunity that is not specifically described in the Model Programs section.

Use

The AHF is composed of two permanent, annually renewable funding sources:

The Housing Trust Fund (HTF):

HTF is funded from fees charged to commercial development. Per Section 98.0504 of the Code, HTF funds may be used in any manner, through loans, grants or indirect assistance for the production and maintenance of assisted units and related facilities.

Inclusionary Housing Fund (IHF):

IHF is funded from fees charged to residential development. The expenditure of IHF is governed by Section 98.0505 of the Code. Priority is given to the construction of new affordable housing stock. Funds may also be used for other programs if approved by City Council in the Annual Plan. SDHC monitors the revenue collected and is responsible for reinvesting the funds.

IHF also allows for funds to be expended on other programs administered by SDHC with City Council approval. Recognizing the significant need for affordable housing, including housing and services for homeless individuals, SDHC will invest the funds in the following activities:

➤ Rental Housing Production

- New construction
- Acquisition and acquisition with rehabilitation
- Preservation of existing affordable rental housing
- TOD revolving loan fund initial investment for raising capital

Rental units shall be affordable at or below 65 percent of San Diego Area Median Income (AMI) for a minimum of 55 years, unless otherwise approved in the activities listed in the Model Programs. Some activities require that developers apply for funding via SDHC's Notice of Funding Availability (NOFA).

➤ Homeownership Opportunities

Financing programs to encourage and increase homeownership opportunities for low- to median-income households at or below 100 percent of AMI. First-time homebuyers apply through participating lenders.

➤ Homeless Activities

Homeless Activities include funding for construction of permanent affordable housing units with supportive services, capitalized operating reserves for permanent supportive housing developments, transitional housing operations support grants, and rapid rehousing. Funds may also be spent on activities to provide housing for homeless individuals, should SDHC receive direction to increase spending in this area, or opportunities arise for which other funds are unavailable.

FY 2020 AHF ANNUAL PLAN

Revenue Forecast

\$72.7 million is expected to be available in FY 2020, consisting of \$8.1 million in new revenue and loan repayments and \$64.6 million in estimated fund balances. Of the fund balances, \$62 million is committed to affordable housing production through loans; the FY 2017 and FY 2019 AHF NOFA; and the FY 2018, FY 2019, FY 2020 Permanent Supportive Housing NOFA. The remaining fund balance is available to fund additional projects and activities. New revenue includes HTF Housing Impact Fees (also known as Commercial Linkage Fees) and IHF Fees.

Fund Allocation and Production

Funding recommendations are made in accordance with established SDHC policies and require approval of specific projects and activities by the SDHC Board of Commissioners and/or the Housing Authority of the City of San Diego (Housing Authority). Some discretionary transfer of funds between eligible activities is permitted, but all funding

recommendations must be consistent with the Annual Plan and SDHC's budget process.

The proposed allocation of AHF funds for FY 2020 is as follows:

Program	Budget	Production
Rental Housing Finance –Affordable Rental Housing Production	\$62,016,394	588 units (represents new closings in FY 2020) and 588 units in development and for which funds were committed in a previous year
