

Tech Connect

Check out a laptop and hotspot from San Diego County Library for free!

- Each set includes one Chromebook laptop and one hotspot. The set can be borrowed for up to a year.
- Mobile WiFi hotspots allow you to connect to the internet from any location (*within the continental US*).
- Technology access needs vary. A library card and signed form stating need is all that's required for check out.
- For more information, visit sdcl.org/techconnect or contact library staff.
