

Persons/Households Served

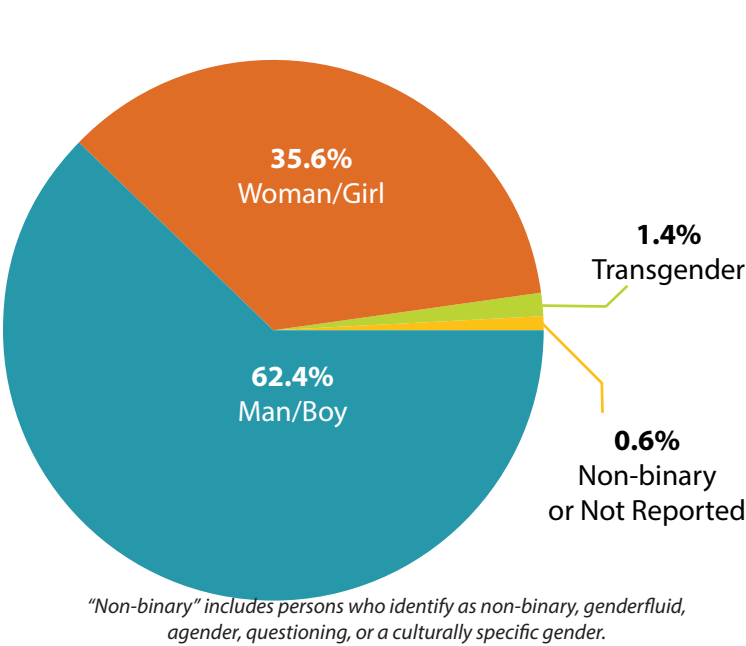

Positive Exits

	Mar 2024	Fiscal YTD		Mar 2024	Fiscal YTD
Single Adult Shelters	1,674	3,535	Single Adult Shelters	62	508
Harm Reduction Shelter	59	151	Harm Reduction Shelter	5	39
Family Shelter	55	78	Family Shelter	7	24
Youth Shelter	93	242	Youth Shelter	14	114
Total	1,881	4,006	Total	88	685

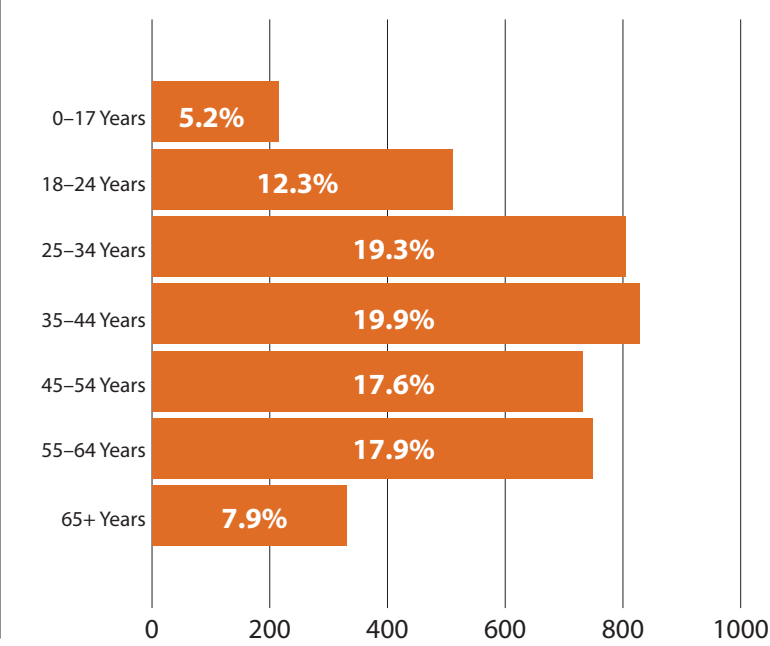

- Single Adult Shelters serve adults age 18 or older, and include beds utilized by San Diego Police Department (SDPD) and the SDPD Homeless Outreach Team (HOT).
- The Harm Reduction Shelter serves adults age 18 or older experiencing substance use disorder or co-occurring conditions.
- Family Shelters serve families with children; data reported above represents households served and households with positive exits, not individual persons.
- Youth Shelters include three shelters serving Transition-Age Youth (TAY), ages 18-24, and one shelter serving Runaway and Homeless Youth (RHY) ages 12-17.

Positive exits include exits to Permanent Housing as well as other longer-term housing solutions, including temporarily living with family/friends, transitional housing, safe haven, host homes (TAY), foster care, substance abuse treatment, and long-term care facilities.

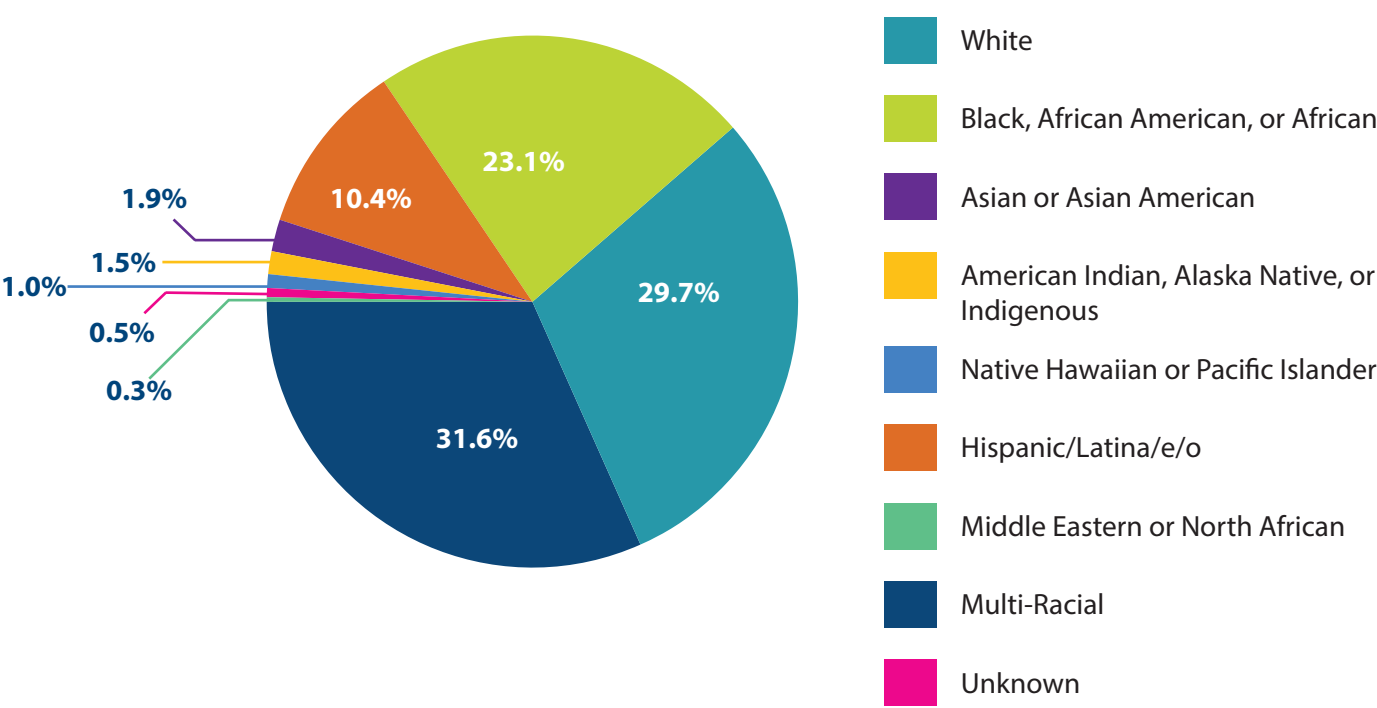

Gender of Persons Served – Fiscal YTD

Age of Persons Served – Fiscal YTD

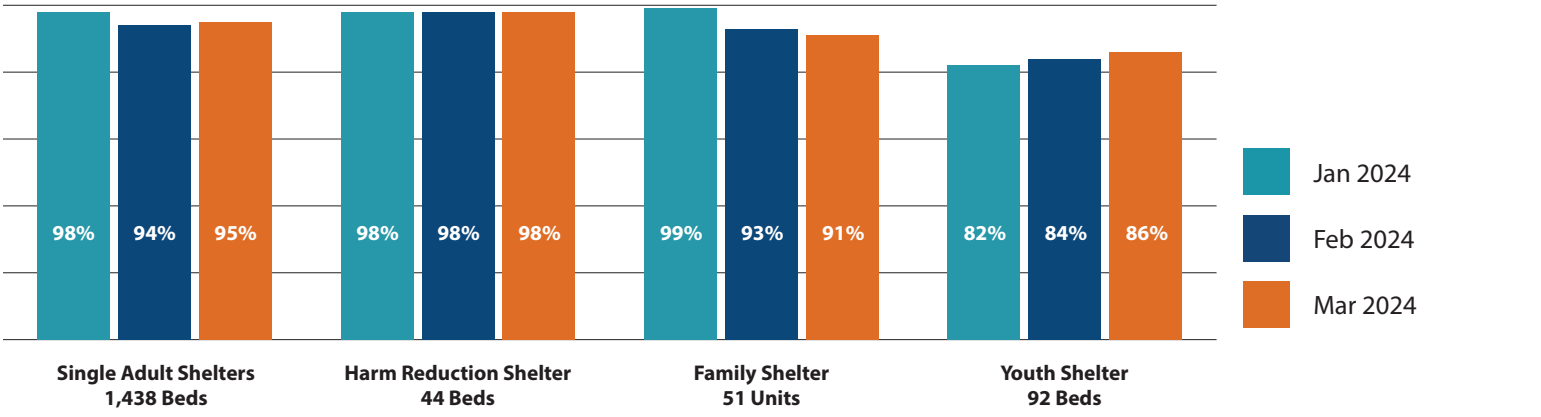

Race & Ethnicity of Persons Served – Fiscal YTD

Note: The Department of Housing and Urban Development (HUD) updated data standards effective October 1, 2023, combining the separate race and ethnicity data elements into a single element. Persons who previously reported ethnicity as “Hispanic/Latina/e/o” under the ethnicity data element in addition to selecting a race under the race data element are now identified as “Multi-Racial.”

Of the persons identified as “Multi-Racial” in the above graph, approximately 94% include persons with one race/ethnicity being “Hispanic/Latina/e/o.”

Average Monthly Bed Occupancy Rate - Last Three Months

Single adult shelters include beds utilized by SDPD and the SDPD Homeless Outreach Team (HOT)

Beginning in August 2023, SDHC reports occupancy for family shelters based on the number of occupied units instead of beds. The family shelters currently administered by SDHC are non-congregate, and the number of available and occupied beds in each unit fluctuates based on the size of the family in a particular unit. Reporting on units is therefore a more accurate representation of availability and occupancy.
