Average Monthly Bed Occupancy Rate – Last Three Months

Single adult shelters include beds utilized by SDPD and the SDPD Homeless Outreach Team (HOT)

Beginning in August 2023, SDHC reports occupancy for family shelters based on the number of occupied units instead of beds. The family shelters currently administered by SDHC are non-congregate, and the number of available and occupied beds in each unit fluctuates based on the size of the family in a particular unit. Reporting on units is therefore a more accurate representation of availability and occupancy.
