

The San Diego Housing Commission's (SDHC) Choice Communities "Moving to Work" Initiative provides families that receive rental assistance with more flexibility to choose to live in neighborhoods that offer more opportunities for transportation, schools, and employment. To increase housing opportunities through this initiative and to continue to assist as many low-income families as possible, SDHC updates the payment standards that are used to determine the amount of rental assistance each family receives. Payment standard updates depend on funding availability.

Payment Standards

The payment standard is the dollar value of the voucher. It is the maximum amount the Section 8 Housing Choice Voucher will pay toward the total contract rent for an apartment or rental home, minus the applicable amount the tenant pays, known as the tenant rent portion. Families pay a predetermined amount of the contract rent, and SDHC pays the remainder of the rent, up to the applicable payment standard, directly to the landlord. If the total contract rent for an apartment or rental home is higher than the payment standard, the tenant is responsible for paying the difference, known as the rent premium, in addition to their predetermined portion of the rent.

The payment standard is based on the lower of the number of bedrooms approved for the family's size or the size of the housing unit AND the ZIP Code where the family lives. Please see the back of this fact sheet for a list of SDHC payment standards by ZIP Code. The U.S. Department of Housing and Urban Development granted a waiver to SDHC, allowing a higher payment standard for Emergency Housing Vouchers (EHV).

Examples

A.

Total Contract Rent	Payment Standard	Tenant Pays*	SDHC Pays
\$3,000	\$3,352	\$625	\$2,375

**Tenant's income-based rent portion of \$625 equals the total tenant share of rent to the landlord because the payment standard exceeds the contract rent.*

B.

Total Contract Rent	Payment Standard	Tenant Pays*	SDHC Pays
\$3,500	\$3,352	\$773	\$2,727

**Tenant's income-based rent portion of \$625 plus the rent premium of \$148 equals the total tenant share of rent to the landlord in the amount of \$773.*

The examples estimate amounts for a two-bedroom apartment in the 92119 ZIP Code. Individual household circumstances, locations and rent amounts will vary.
