- Single Adult Shelters serve adults age 18 or older and include beds utilized by San Diego Police Department (SDPD) and the SDPD Homeless Outreach Team (HOT).
- The Harm Reduction Shelter serves adults age 18 or older experiencing substance use disorder or co-occurring conditions.
- Family Shelters serve families with children; data reported above represent households served and households exiting to permanent housing, not individual persons.
- Youth Shelters include two shelters serving Transition-Age Youth (TAY), ages 18-24, and one shelter serving Runaway and Homeless Youth (RHY) ages 12-17.

Gender of Persons Served – Fiscal YTD

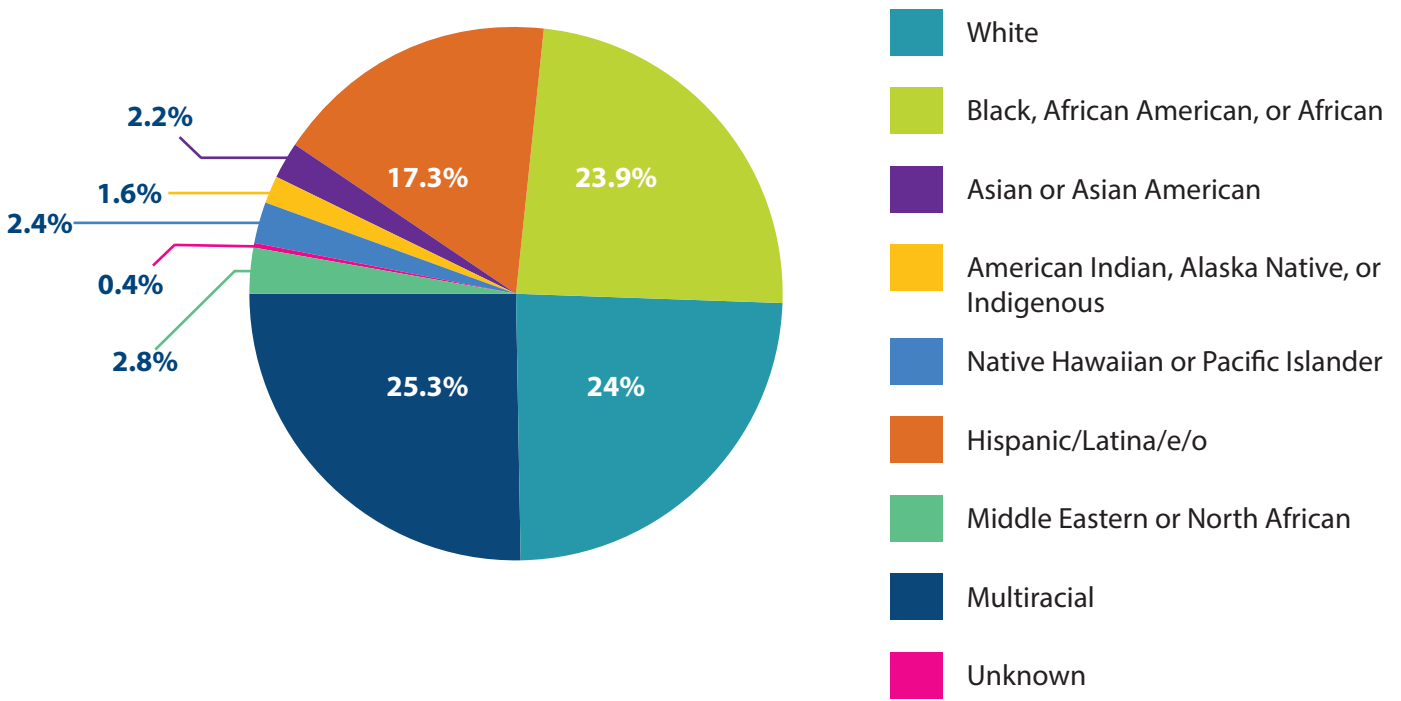

"Non-binary" includes persons who identify as non-binary, genderfluid, agender, questioning, or a culturally specific gender.

Age of Persons Served – Fiscal YTD

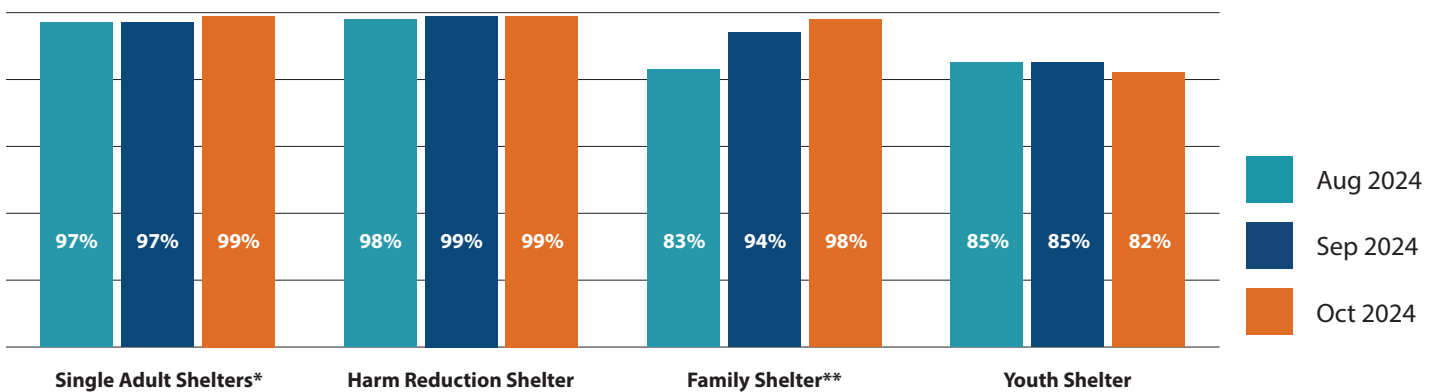

Race & Ethnicity of Persons Served – Fiscal YTD

Note: The U.S. Department of Housing and Urban Development (HUD) updated data standards effective October 1, 2023, combining the separate race and ethnicity data elements into a single element. Persons who previously reported ethnicity as "Hispanic/Latina/e/o" under the ethnicity data element in addition to selecting a race under the race data element are now identified as "Multiracial."

Average Monthly Bed Occupancy Rate - Last Three Months

*Occupancy rates for the single adult shelters do not include beds at Father Joe's Golden Hall Shelter and Father Joe's Paul Mirabile Center (PMC) Shelter; intakes were suspended at Golden Hall in June 2024 to prepare for the program's relocation to an alternative site and intakes were suspended at the PMC in July 2024 to prepare for the program sunsetting in December 2024.

SDHC reports occupancy for family shelters based on the number of occupied units instead of beds. Currently, SDHC-administered family shelters are non-congregate, and the number of available and occupied beds in each unit may fluctuate based on the size of the family in a particular unit.

**Several rooms at the Alpha Family Shelter were offline due to unit repairs in August 2024, leading to lower than usual occupancy.
