• One-time Funding Sources in FY 2025: $128 million

• Budget Excluding One-time Funding Sources in FY 2025: $593 million
  - 0.3% less than FY 2024
Federal
- Yesterday, on May 8, 2024, SDHC received the Calendar Year 2024 funding determination from U.S. Department of Housing and Urban Development (HUD).
- Even with the new funding determination, we anticipate that the funding SDHC will receive will be less than the projected amount needed for monthly housing assistance payments.

Local
- SDHC is working together with the City and awaiting the City’s final determination of the level at which the City will fund City homelessness programs.
- Affordable Housing Fund (Inclusionary) declining fee collections
SDHC’s budget recommendation continues to invest in City homelessness shelters and services programs.

SDHC’s budget recommendation furthers the goals of the Community Action Plan on Homelessness for the City of San Diego

- $43.7 million for shelters and Continuum of Care-funded Permanent Supportive Housing units
- $9.4 million for homelessness prevention services
- $14.4 million for supportive services and rapid rehousing programs
FY 2025 Proposed Budget
Provide Rental Assistance for Households with Lower Income

• $318 million to assist approximately 17,000 households.
  o Includes special purpose vouchers for vulnerable populations, such as veterans, families unifying with their children, and people with a disability.
  o All rental assistance funding will be expended on housing assistance payments to address rising rents.

• Lease 431 new Project-Based Housing Voucher (PBV) units for households with low income or experiencing homelessness in Fiscal Year 2025.

• Help families to become more financially self-reliant through the SDHC Achievement Academy.
  o Programs emphasize career planning, job skills, job placement and personal financial education.
• High-cost rental housing market
  – Housing Assistance Payments (HAP) increased 52 percent ($86.6 million) from FY 2020 to FY 2023.
  – As a result, SDHC is not pulling new families from the Wait List to receive rental assistance.

Rental Payments Made to Landlords on Behalf of Tenants

FY 2020: $166.4 Million
FY 2023: $253 Million

49% increase since FY 2020

52%
Higher market rents without raising payment standards will result in greater rent burden for households and cause some families to be priced out of their homes.

For SDHC to raise payment standards to acceptable levels, SDHC must use all available federal funding in FY 2025 for that purpose.

Payment Standard = Maximum amount the rental housing voucher will pay toward rent minus the amount the tenant pays.
- Tenant’s portion of the contract rent is based on their income.
- SDHC pays the difference between the tenant’s portion and the contract rent, up to the payment standard.
- Household also pays any amount of the contract rent that is higher than the payment standard.

- Tenant Income: $2,531
- Tenant Pays: $1,470
- Tenant Rent Burden: 58%

*Tenant’s income-based rent portion of $637 plus the rent premium of $833 equals the total tenant share of rent to landlord in the amount of $1,470. Example is based on a unit in a Signature Community.*
• Award up to $10 million through a competitive Notice of Funding Availability (NOFA) to create approximately 100 new permanent affordable housing units

• $87.4 million toward the acquisition and rehabilitation of affordable housing properties through the State of California’s Homekey program.

• Own and/or manage 4,326 affordable housing units in the City of San Diego.

• $10.7 million for required maintenance, repairs and code compliance for SDHC-owned units.

• $4.4 million to continue projects to increase density at Casa Colina property to provide additional affordable housing, and to convert unused SDHC office space into a shelter for transition-age youth.

• $5.3 million to help up to 71 households become first-time homebuyers.

• Award $1.5 million to San Diego homeowners for the creation of up to six Accessory Dwelling Units for families with lower income.

• No funds are allocated for new property acquisition in FY 2025.
As SDHC implements cost-containment measures going into FY2025, the budget reflects a reduction in full-time equivalent (FTE) positions agencywide. The positions being added are to manage two new permanent supportive housing property acquisitions in-house instead of contracting with third-party property management. Contracting for property management for these properties would cost more.
