Homelessness Solutions – Housing First Model

- Focuses on providing appropriate housing options as quickly as possible, with as few requirements or conditions as possible, and access to supportive services, as needed.
- Best practice recommended at the federal, state and local levels.

Kearny Vista Apartments

Permanent Supportive Housing (PSH)

- PSH is long-term rental assistance paired with intensive wraparound supportive services to help maintain housing stability for households that experienced homelessness and have long-term disabilities, extensive service needs, and lengthy or repeated episodes of homelessness.
- SDHC applied intentionally lower barriers than general PSH programs.
 - Residents less likely to have been connected to services previously.
 - Residents more likely to be new to shelters and new to the Coordinated Entry System.
 - SDHC provides homes for some the most vulnerable individuals with high needs, but otherwise may not have been engaging in services.
- At Kearny Vista, some of the most vulnerable people (who were not necessarily already engaged in services) were housed during the height of the pandemic, which made available more shelter beds to help others.

Kearny Vista Apartments

Permanent Supportive Housing (Continued)

- Each unit is the resident's home.
 - Not a shelter, short-term or temporary housing program.
 - Kearny Vista tenants have the same rights and responsibilities as any private market tenant, and they execute a standard lease.
 - SDHC and service providers do not have the right to enter a rental housing unit at Kearny Vista without prior notice to the tenant and approval from the tenant.
- PSH does not mean housing is guaranteed.
 - Tenants are required to abide by terms of the lease agreement.
- Tenant responsibilities include:
 - Complying with community rules.
 - Included in lease agreement.
 - Posted in common areas at the property.
 - Paying their monthly portion of the rent, if any.

Proactive Property and Unit Inspections

- SDHC Asset Management: Site walks every two weeks
- Hyder Property Management staff: Housekeeping and maintenance inspections every six months or more frequently, as needed
- Pest Control (Innovative Pest Solutions):
 - Interior inspections of all units once per month or more frequently, as needed
 - Offices and all common areas every two weeks

Kearny Vista Apartments

Proactive Property and Unit Inspections (Continued)

- Environmental Concerns (J&M Keystone):
 - Includes testing for the presence of microbes and performing remediation, as needed
 - If housekeeping and maintenance inspections identify environmental issues, J&M Keystone is engaged to address the issues.
- SDHC Housing Quality Standards (HQS) Inspections: Every two years or when a resident requests an HQS inspection.
 - SDHC offered inspections May 3 for any resident who wanted one.
 - Notices in English and Spanish were distributed April 22.
 - One resident requested an inspection.

Kearny Vista Apartments PSH Challenges

- Many residents have engaged in case management services, participated in community activities and are stable.
- Some of those matched to permanent supportive housing will not be able to be successful live on their own.
 - A variety of housing solutions is necessary to meet each individual's unique needs.
 - One housing solution does not fit everyone.
- Continuing to work with residents to help them become stable in their homes and get back on their feet takes time.
- Challenges occur throughout this process.
 - More frequent occurrences of damages to apartments than market rate or typical affordable housing.

Public Comments to SDHC Board

- **Rent receipts:**

Third-party property management provides rent receipts to residents when requested.

- **Mail service:**

- U.S. Postal Service (USPS) delivers all resident mail in one drop-off daily.
 - USPS will not sort the mail by individual unit due to the zoning of the property.
 - Zoning allows for a commercial use of the site, including as a single-room occupancy (SRO) property, the use that applies to Kearny Vista apartments.
- Third-party property management staff then sorts the mail manually for the 142 affordable housing units and two managers' units at the property.
- Mail is then delivered by 4 p.m. daily into individual, secure mailboxes that were installed on the inside of the security fence to the west side of the management office.

- **Property address:**

- Address for resident mail has not changed
- City of San Diego required addition of a number in the address on the office building for the permitting for work completed at the property.

Public Comments to SDHC Board (Continued)

- **Safety and Security:**
 - SDHC contracts with third-party security.
 - Two security guards on-site 24 hours a day, seven days a week.
 - Third security guard has been added on occasion, if needed.
 - Monitors 110 cameras that SDHC installed at the property to enhance security after acquiring the property.
 - SDHC installed perimeter fencing and a controlled-access gate system after acquiring Kearny Vista.

Kearny Vista Apartments

Public Comments to SDHC Board (Continued)

- **Mold:**

- Follow-ups with speakers after the April 12, 2024, SDHC Board meeting have not identified the presence of mold in their units.
- Contract with environmental and remediation vendor J&M Keystone for any environmental issue from testing for the presence of microbes to performing remediation.
- Like any other tenant in the private market, tenants are responsible for maintaining the housekeeping of their unit and notifying property management if an issue arises.

- **Pest Control:**

- Contract with Innovative Pest Solutions, which performs recurring inspections for the presence of roaches, ants, silverfish, food pests, lice, mites, fleas, ticks, termites, rodents, and bed bugs.
- Treatments completed within three days of an inspection where pests were observed and if the resident complies with preparation requirements and allows access.

Kearny Vista Apartments Inspections (Continued)

- **Lender**

- Chase Bank provided financing toward SDHC's purchase of the Kearny Vista property.
- April 2, 2024, and April 19, 2024: Chase Bank conducted due diligence inspections.
 - All common area spaces
 - All vacant units
 - Seven occupied units
 - Clubhouse/office building
 - Boiler rooms
 - Gas meters
 - Electric panels
- No issues were identified.
- Hyder's Property Manager reported that the inspector provided positive feedback on the property's condition.
